YANKS SHOWING WELL AT WIMBLEDON

WIMBLEDON, England, June 29.—(Canadian Press Cable)—The men's singles of the classic Wimbledon tennis championships may be an international event, but experts foresee an all-American duel for the women's singles title.

The postponed semi-final between Miss Healey and Mrs. Moody, titleholder in 1929 and 1930 and out of competition last year, will take place tomorrow afternoon.

With Miss Jacobs pulping out a comparatively easy victory over the French champion in the only semi-final of the day, chief interest was shown in the quarter finals of the doubles events.

In other men's doubles matches Wilmer Allison and Johnny Van Ryn, United States Davis Cup doubles team, defeated Roderick Mennel of Czechoslovakia and J. S. Clift of England 6 to 4; 3 to 6; 8 to 6; and 6 to 3, and Jiroh Satoh and Percy Williams of Vancouver, Harold Wright, the western lead credited with surpassing Williams record time in the Alberta trials, Ralph Adams, of Hamilton, a member of the 1929 Canadian Olympic team and dozens of others prominent from coast to coast, some of them highly rated as Olympic team possibilities.

The heats and semi-finals of the 100 metres are listed as the first and third events of the first day, sandwiched by the running broad jump. The heats of the 400 metres come next with the discus throwing in between them and the final of the century. The fifteen hundred metres final, for which Phil Edwards and other outstanding men will strive, is listed followed by the 110 metres hurdles, for which Art Ravensdale of Cobourg is highly favored, the running hop step and jump, and the final of the 400 metres. The sixteen pound shot put, the 10,000 metre run and the 400 metre relay a feature of the first day's events.

On the final day, Saturday July 16, the spring race will again start the programme running the heats of the 200 metres and the 800 metres heats are next in order. The hammer throw, the 400 metres hurdles, the 5,000 metres and the 200 metres final come in rapid succession and the meet will conclude with the pole vault, 800 metres final, 1,600 metre relay and the 3,000 metre steeplechase.

Then Monte Gerow has Del Volo in this class and he is known to be real good, but we mustn't overlook some others. Grandma, Peter Dawes, etc.

The 222 class will be another hummer of a race, as The Willys, with Pat McKenna will make a big effort to beat King Spruce from the MacNeill Stables. Then there is Golden in this race and four or five others, all hoping to win and boys, won't they try. The 228 class has ten entries, and with the exception of Silver Doctor, all are expected to start.

THE CANUCKS AT BISLEY

Dominion Marksmen Getting In Valuable Hours Of Practice For The Big Meet Which Opens Monday.

(Canadian Press Cable) BISLEY CAMP, England, June 29.—With the exception of Major F. Richardson, of Victoria, who is in hospital, the Canadian Bisley team is putting in valuable hours of practice for the great meeting of the National Rifle Association which commences next Monday.

Major Richardson is progressing favorably and hopes to be on the ranges by the time the competitions start. The remainder of the team is fully acclimatized and getting familiar again, with the long and short ranges over which the classics of service rifle shooting will be decided once more.

Miss Caroline Spencer of Victoria, niece of Major Richardson, is practicing along with the team and is shooting almost as well as the rest of them. She will enter the miniature rifle shoot if not the chief of the open events. Familiar figures at Bisley who had become warm friends of Lieut Desmond Burke of Ottawa, in the Journey's he has made here since he won the King's prize in 1924, are charmed with his bride who came with him to Ireland and thence to Bisley immediately after the marriage at Kingston, Ont., early this month.

The Dominion marksmen who are well acquainted with Sergeant A. G. Fulton, great English shot, who won the King's prize last year, along with other Bisley competitors are regretting the illness of Fulton. It is unlikely Fulton will be in the shoots this year. The N. R. A. meeting is preceded by "services" week. Naval, military and air force marksmen of the British forces are plugging along in a heat wave, tricky wind conditions and generally unpleasant shooting weather.

CHAPPELL-CROSSAN A wedding of interest to her many friends took place quietly at the parsonage 737 E. 14th Ave., Vancouver, B. C. on June 4th, when Marion Martha, youngest daughter of Mr. and Mrs. Ernest C. F. Chappell, of 2705 Scott Street, became the bride of Ernest Alexander, son of Mr. and Mrs. James S. Crossan, 1328 E. 16th Ave. The ceremony was performed by the Rev. H. E. Horton.

The bride entered the room to the strains of the wedding march, played by her uncle, Mr. Miles Armstrong, she was given in marriage by her father. Only immediate relatives of the contracting parties were present. The bride looked very lovely and winsome. Her gown was of pale pink fine crepe-de-Chine, with lace overdress, she carried a bouquet of pink carnations and maidenhair fern. After the ceremony the bridal party motored to the home of the bride's aunt, Mrs. Miles Armstrong, where a number of relatives and a few intimate friends waited to extend their congratulations, and best wishes, and give them a send-off on their motor trip to the South. A very pleasant evening was spent. Mr. C. H. Warren, uncle of the bride, in a few well chosen words voiced the sentiments of all present in congratulations to the young couple. Rev. Mr. Horton followed, in his usual happy manner, with best wishes for their happiness and welfare. Mr. Crossan on behalf of Mrs. Crossan and himself, made a fitting reply. The bride's travelling suit was of green diagonal cloth, with hat and accessories to match. Before leaving the bride threw her bouquet among the guests, then amid a shower of confetti, they left on their trip to the South. On their return they will reside at 650 E. 12th Ave. The young people are very popular, as shown by the many beautiful gifts they received. (The bride is a grand-daughter of Mrs. C. B. Chappell of Charlottetown.)

Visiting Mt'l.

MONTREAL, June 29.—(By The Canadian Press)—Sir Francis Wylie formerly Oxford secretary to the Rhodes trustees, is visiting Montreal for a few days at the end of a comprehensive tour of the Dominions in which he examined into the workings of the Rhodes scholarships in South Africa, New Zealand, Australia and Canada. Upon return to England early in July, Sir Francis will make a report to the Rhodes trustees.

Extra fancy cognomens mean absolutely nothing to the champion red lemonade drinker of spangland. Known professionally as "Mike" is highly educated bear with the Sells Photo Circus thinks of only the consuming of bottle after bottle of lemonade, mostly red. And if this tempting drink is not available, his next choice is soda water, preferably strawberry, with cherry a close second. "Mike" won his title early this spring, a few days after the opening of the Sells Photo Circus in Chicago. He drank 24 bottles, which convinced the other residents of the menagerie that drinking is not a vice or a habit, but an acquired art. The big bear is one of the most pleasant animals in the large zoo and a great favorite with the 965 members of the circus family. Sells Photo comes to Charlottetown for afternoon and night exhibitions on Saturday, July 9th, at Connolly's Field, Upper Queen Street. The program was subject to vast changes during the off-season and the 1932 performance sparkles with marvelous acts from America and Europe.
