FOR COUGHS, COLDS & BRONCHITIS

PUT CREAM IN NOSE AND STOP CATARRH

Tells How to End Head-Cold, Nostils and Open Clogged Nostils

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, sneezing, mucous discharge or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed, up and miserable.

There's a Double Economy in Wearing RUBBERS

OF course, rubbers save your shoes—save the valuable leather, and make shoes wear longer. That's the economy you can recognize and appreciate.

But—there's another saving when rubbers bring you and the children safely through the wet Fall and severe Winter without even a cold—when you don't have to lose a day from work or spend a cent for medicine.

Isn't that the greater economy? To guard your health—prevent you from being ill—protect the children—save your money.

Look to your rubbers—see that toes and heels are sound and free of cracks—if not, get each pair of shoes fitted with its own size and shape of rubbers. Do the same for the children. Then you'll get long wear and comfort.

Do it now—and be prepared for bad weather.

There's a style and shape for every shoe,—for men, women and children—in these six *Dominion Rubber System* brands, carried by the leading shoe stores:—

- "Jacques Cartier"
- "Merchants"
- "Maple Leaf"
- "Granby"
- "Dominion"
- "Daisy"

These marks on Rubber Footwear distinguish a **Dominion Rubber System Product.**

Ask for these brands—they give the best wear.

manhood physically and a general favorite with all his acquaintances. Alex. enlisted in January, 1916 when only eighteen years of age and after the usual course of training in Canada, crossed over to England with the 105th Battalion. In November of the same year he went to France where he was attached to the 13th Royal Highlanders.

With that Battalion he went through some very severe engagements at Lens and Passchendaele. At Lens, in 1917, he received gunshot wounds in the head, but, after six weeks in the Base Hospital, France, he returned to the front line with the pluck of a veteran. He remained on duty until he fell on the field of valor on August 30th, at the early age of twenty-one years, after seeing twenty-one months of trench warfare. Having played a hero's part he now rests under a white cross "Somewhere in France."

There are left to mourn besides a sorrowing father and mother and a wide circle of friends, five brothers and four sisters namely: Mrs. R. A. Ragnall, Radisson, Sask.; Mrs. Angus MacLeod, New Bedford, Mass.; Dan, of North Battleford, Sask.; Nettie, Edyth, Lloyd, George Alden and Benj. at home.

Try **BEAVER FLOUR** Both Ways

Make up a batch of Bread and Rolls with it. Then bake a Pie and Cake.

Notice the fine, even texture—the absence of holes—the delicate, nutlike flavor, of the Bread. Then consider the lightness and flakiness of the Pastry. You'll never go back to the coarse, almost tasteless western wheat flours, after once enjoying the flavor of the good things made with Beaver Flour. Order a sack today.
