Salvation Army Officers Visit Here

Mrs. Tyndall, wife of Colonel J. Tyndall, Territorial Financial Secretary for the Salvation Army in Canada, Bermuda, Alaska and Newfoundland arrived in Charlottetown last night and addressed a meeting in the Salvation Army Hall. She gave a comprehensive review of the work being carried on by the League of Mercy.

Accompanying her here were Major and Mrs. Green, Divisional Commanders of the Saint John-Prince Edward Island Division and Major Henderson, Matron of the Evangeline Hospital in Saint John and an outstanding pianist.

Shortly after their arrival here the visitors and guests had supper in the Hall and held a private meeting. This was followed by the special meeting during which the preliminaries were handled by Major Green. The scriptures were read by Mrs. Green. During the meeting, which was addressed by Mrs. Tyndall, several piano selections were played by Major Henderson and also a pianoforte solo. The announcements were read by Adjutant W. Mercer.

The visitors leave today for Sackville, N. B.

Presbyterians To Investigate Two Colleges

P. E. I. Nurses Assn. Holds Annual Meeting

The annual meeting of the Registered Nurses Association of P. E. I., was held at the Cundall Home on June 9th., with Miss K. MacLennan, the president in the chair. Upwards of sixty nurses were in attendance. In her report, the president encouraged the schools of nursing to retain their entrance requirements, otherwise all the good work that has been achieved will be for naught. She stressed the need for co-operation on the part of inactive nurses in these trying times and urged them to undertake any nursing duties upon which they might be called to perform. As yet, no plans have been made for a refresher course but it is hoped that such will be arranged in the near future. We are looking forward this summer with keen interest to the proposed visit of Miss K. Ellis, National Emergency Nursing Advisor.

The treasurer's report showed a satisfactory balance and the sum of $130 had been forwarded to the British Nurses Relief Fund.

Miss Brown, chairman of Hospital and School of Nursing Section reported two refresher courses in A.R.P., had been attended by the nurses. Four nurses had received instructors certificates in First Aid and had taught this course to various other groups, other nurses had assisted in the teaching of First Aid. The schools of nursing in P. E. I. have adopted the principle of admitting V.A.D.'s for their practical instruction.

Miss Darling, chairman of Public Health Section, stated that regular clinics have been held in Dental, orthopedic, chest and tuberculin skin testing work; school health inspection and home visiting have continued. Two nurses from Public Health Department have recently returned from attending a refresher course in Toronto.

Miss Hennessey, chairman of General Duty Section reported that private duty nurses had participated in the A. R. P. lectures and Red Cross sewings.

A decided increase in the subscriptions to the Canadian Nurse was shown by Miss Annie MacEachern, a total of approximately 65 members have subscribed this year. It is hoped that the members will contribute news items from time to time so that our overseas members will be kept in touch with us and others in Canada.

Miss Verna Darrach has been appointed Provincial convenor of the Red Cross Emergency National Reserve. This particular work deals with the teaching of home nursing to women in the homes and includes elementary nursing procedures.

Material for the History of Nursing in Canada has been collected and forwarded to head office by Miss Mildred Thompson, convenor of this committee.

Miss Bennett outlined the recommendations dealing with nursing problems which are being stressed by the Canadian Nurses Assocation through the leadership of Miss K. Ellis.

Miss Ora Proffitt, Charlottetown and Mrs. Arthur Allen, Summerside, submitted reports on the nursing sections of branches of A. R. P. and Red Cross Disaster Relief Committee.

A round table on some of the newer drugs and nursing procedures was conducted by Mrs. C. H. Beer. The discussion on vitamins was introduced by Mother Loyola; that on the Sulfa-drugs by Miss Mair; and Blood Plasma by Miss MacLennan. Demonstrations in the use of the Wagenstein apparatus were put on by Miss Bennett and Mrs. Lois MacDonald, and administration of Plasma by Miss Annie MacEacnern. Many other nurses took part in the stimulating discussion that followed.

The following officers were elected for the ensuing year:

President: Miss K. MacLennan, B.A., R.N., (re-elected), Charlottetown.

Vice-President: Miss Georgie Brown, R.N., Summerside.

Treasurer and Registrar: Sister Mary Madgalen, R.N., (re-elected), Charlottetown.

Recording Secretary: Miss A. J. R. Mair, R.N. (re-elected), Charlottetown.

Hospital & School of Nursing: Sister St. John the Baptist, R.N., Charlottetown.

General Nursing Section: Miss Eileen McGough, R.N., Charlottetown.

Chairman Public Health Section: Miss Mary Leslie, R.N., Charlottetown.

EXCHEQUER COURT TODAY— The case of the King vs. Northumberland Ferries Limited will be heard at a sitting of the Exchequer Court of Canada in the Court House, Charlottetown, at 10.30 this morning. This is a reference to the Exchequer Court in respect of a claim of the company for additional compensation for the "Charles A. Dunning" and "Sankaty", two ferries which were taken for war purposes. Mr. Justice E. R. Angers, Ottawa, will preside. Messrs. Mark R. MacGuigan, C. St. Clair Trainor and associate J. G. Fogo, Halifax, will represent the Crown while Hon. Thane A. Campbell and Mr. G. J. Tweedy will appear for the Northumberland Ferries Limited. It is understood this is the only case in the docket.

PROMINENT RED CROSS OFFICIAL COMING — Mrs. W. R. Campbell of Windsor, Ontario, who is the National Chairman of the Red Cross Women's War Work Committee with headquarters in Toronto, is expected to arrive in Charlottetown on a visit to the Prince Edward Island Division this Friday evening by plane. Mrs. Campbell, who is also the President of the Ontario Division and a member of the Central Council Executive, is touring the Maritime Provinces at her own expense in the interests of her important Committee and will address a meeting at the Charlottetown Hotel on Saturday evening, June 13th. The Prince Edward Island Division of the Canadian Red Cross is most desirous that members of all organizations doing war work attend this meeting to which all are cordially invited. It is earnestly hoped that a large number will take advantage of this opportunity of hearing Mrs. Campbell on this occasion. She is an excellent speaker as those who were privileged to hear her on her last visit will proclaim. Mrs. Campbell will inspect the work at Red Cross House in Charlottetown on Saturday morning and will be pleased to meet any ladies who come in between 10:30 and 12:30.

Graduates

Miss Dorothy Breau, R.N., (above) is a daughter of Mr. and Mrs. Urban Breau, Sydney, N.S., and niece of Mrs. H. E. Cantwell, Charlottetown. Miss Breau recently graduated with honors from St. Martha's Hospital, Antigonish, N. S., winning the Dr. McIsaac Memorial prize for medical nursing. Miss Breau visited Charlottetown on several occasions and made many frends, all of whom will be glad to learn of her success.

MAYOR HOLMAN

(Continued from page 1)

$148,267.53 as against $128,960.30 for the same period last year. For the same number of months this year expenditures amounted to $159,655.90 and up till this time last year they were $116,725.70. However, included in this years expenditures for this period was $40,000 for Victory Bonds which were not purchased during the corresponding period last year. When another amount for $5,000 was deducted, the expenditures were slightly less than this time last year, Coun. Chandler said.

Communications

Communications from residents at Brighton Shore and York Lane, and another from residents near a right-of-way on Euston and near Fitzroy Streets were referred to the Light Committee. Also in the communications was a letter from Mr. Dominic Doyle seeking a position on the City Police Force. This was supported by letters from Mr. Ira Brown, secretary of the local Canadian Legion and Mr. J. T. Robinson of the Veteran's Welfare Office. The latter pointed out that Mr. Doyle had formerly served 20 years with the Force here. In his letter Mr. Doyle stated he had served 15 months with the Regimental Police during the present war but had recently been discharged by the Medical Board. The matter was referred to the Police Committee.

Coun. F. C. Dougan reported for the Street Committee and announced that the permanent work was being carried on now. He requested the Council to raise the salary of Mr. Joseph Costello because he was "doing good work" and now looks after the sidewalks. This was done by resolution later.

Coun. B. E. MacDonald complained that the sidewalks were in bad shape in some places. The slabs are torn up and in many instances are several inches higher than the next. A lady had fallen on one this spring and suffered a broken arm. He also stated that the permanent streets were getting most of the attention and that, although the dirt streets are in fair condition, he would like to see the sprinkler visit them more often.

Reporting for the Property Committee, Coun. J. E. Blanchard brought up the matter of providing a bathing house on the Brighton Shore at Victoria Park. The matter was left over for further consideration.

The Police Committee report was read by Coun. J. E. Sterns.

Pumper Delayed

Reporting for the Fire Committee, Coun. MacDonald announced that the Bickle-Seagrave Company was putting off the delivery of the pumper for the Fire Department, which is urgently needed. "Mr. Bickle hasn't half lived up to his promises" in this respect, he charged. He also referred to the difficulty the Fire Department was having in getting equipment because of the Priority Board.

Following the report of the Light Committee by Coun. McKee, Coun. Chandler said he was agreeable to the proposal of the Maritime Electric. He felt it would be a good solution to the lighting problem of the city.

Coun. T. A. Butler, chairman of the Market Committee, stated that the tenders for the fish section of the Market Building had been put out.

Moving the adoption of the Mayor's report, Coun. McKee paid tribute to the work being done by Mr. A. MacInnes, Plant Superintendent at Bruce Stewart and Company's plant. The motion was seconded by Coun. Chandler.

The Health report was submitted by Dr. B. C. Keeping, Deputy Minister of Public Health and the Milk and Meat Inspector's report by Dr. I. E. Croken.

Coun. A. T. MacKinnon was absent from the meeting.

MAYOR HOLMAN'S REPORT

Mayor Holman gave the Council a comprehensive report of the recent conference of Mayors and Municipalities at Ottawa, which he attended along with the City Clerk, Mr. Fullerton.

"After the Conference," said Mayor Holman "I remained in Ottawa and interviewed our representatives Hon. Dr. Cyrus MacMillan and Hon. Colonel J. L. Ralston in regard to matters that have been pending, and others of importance requiring immediate attention.

"At this time I wish to convey my thanks to Hon. Col. Ralston and Hon. Dr. MacMillan for the time given me, and for the prompt manner in which they have taken up the matter of having our accounting system of the Canadian National Railways at Charlottetown kept here; and while they have the promise that it will not be disturbed for the present, they have also assured me that they will do everything in their power to have these offices remain here, as we are a Province of the Dominion of Canada, and are entitled to certain Provincial rights.

"Following this matter, I then presented the case of the railway shops not being utilized as they should be. Whereas in 1910 there were over one hundred men being employed in these shops, today there are only about thirty. The plant is there. The machinery is there and in good order. And there is no reason why our local rolling stock should not receive repairs there, at least minor repairs.

"We know that in many cases cars, engines, etc have been taken to Moncton for minor repairs, which could have been done between shifts in our shops here, and by local men. These were taken to Moncton, at great expense and with long delays, as everyone knows. The Moncton shops are working to capacity. Any ordinary laymen can see at a glance that our shops could be utilized to capacity, to the benefit of our City and at a saving to the citizens of Canada.

Plant Depleted

"We have heard a lot about centralization but our local Railway shops have been depleted of men. The plant is still here. The machinery is still here—and while there is a scarcity of plants in war time.

"I asked our representatives, Hon. Colonel Ralston and Hon. Dr. MacMillan to use their influence, which they have promised to do, to have these shops and machinery utilized and men employed, to take care of the minor repairs on the Canadian National Railways in Prince Edward Island.

"As an example of sending cars for minor repairs to Moncton here is one case called to my attention: Upholstering requiring slight repairs at $15, or $20, if done locally (and it could be) was sent to Moncton and the cost charges for work were $110. I presume the cost of transportation was included in this figure.

"I would like all our citizens to put their shoulders to the wheel and demand that our local shops be used to capacity. We have been altogether too easy in the past in permitting our rights as a Province, to be taken away from us. Our enlistments, our investments in War Loans and War drives, show our patriotism; therefore we who are at home should fight to the limit to build industries locally so that when our boys return, they will have honest industry."

Mayor Holman said he was glad to report that Bruce Stewart & Company are employing more hands, and hope to employ still more, he attributed this to the indefatigable efforts of Colonel McKay.

Proposed Dry Dock

"While in Ottawa," the Mayor added, "I brought to the attention of Hon. Col. Ralston the importance of a dry dock at Southport. During the past week Col. McKay informs me that an official came here last week and went over the situation thoroughly. He went away greatly impressed with the harbour, which I may say is practically land-locked and which he stated should be used. He was pleased with the inspection and we hope there will be some permanent results.

"What we all must do is press for a dock for underwater ship repairs, and we should also press for a ship-building plant as well. Colonel McKay informs me that they have employed a highly trained, skilled engineer as their plant foreman, and they have every reason to believe they are in a position to undertake any ship work that comes along, but only above water repairs, until we get a dock for under water repairs.

"Colonel McKay could not wait for Colonel Ralston's return from Winnipeg to accompany me. I placed the facts before Col. Ralston and Dr. MacMillan and they assured me that this most important matter will receive their serious attention.

"I am sorry Mr. J. L. Douglas, M. P. was not in Ottawa. He was home on account of illness. But I do know he will lend his support to these different projects.

"I might mention that I again discussed the matter of completing repairs to the waterfront and the Railway Wharf, where material is now lying, and have every hope that it will be attended to.

"In conversation with the Hon. Dr. Cyrus MacMillan at Ottawa, he stated that he was pleased to inform me that they have placed in the [illegible] estimates a sufficient amount to complete the railroad wharf at Charlottetown. This is indeed encouraging news, and we trust that the Treasury Board will approve it.

"Before closing my report, I want to extend my thanks to our City Clerk, Mr. Fullerton. It was important for him to attend this Conference when he had the opportunity, and did meet many of the City Clerks and other Civic officials from leading Cities in Canada, as every City in Canada was represented at this Conference. Mr. Fullerton was of great assistance to your Mayor, and also was a great addition to the Conference."

Resolutions

The following resolutions were adopted:

Resolved that Frank Prunty be appointed permanently to the Street Department at his present rate of salary. Moved by Coun. F. C. Dougan and seconded by Coun. J. T. McKee.

Resolved that the proposition of the Maritime Electric Company as set out in the communication of V. A. Ainsworth to this Council re the change in street lighting be accepted.

Canuck Air Fighters In Middle East

LONDON, June 9—(CP Cable)—A Royal Canadian Air Force squadron of fighters, led by Sqdn. Ldr. Paul P. Pitcher of Montreal, the first of its kind to reach the desert, has arrived in the Middle East, it was announced today.

Its arrival takes a Canadian force to a new front in the far-flung war. Already an R. C. A. F. squadron of Catalina flying boats is operating out of Ceylon. Canadians have fought before in the Middle East but they are all members of R. A. F. squadrons.

U. K. War All Out Says Sir N. Birkett

LAUDS CANADIAN TIES — LONDON JURIST THANKS DOMINION FOR BACKING — BELIEF IN CAUSE STRONGEST ALLY, HE SAYS.

MONTREAL, June 9 — Britain daily sends out every man she can spare, sends the greater part of her war production to those theatres of war in all parts of the world where it may be most effective, Sir Norman Birkett, K.C., Justice of the King's Bench Division of the High Court of Justice of London, declared in addressing 700 members of the Canadian Club.

"In a word, the message I bring to you from the people of Britain is that they are resolved, above all things, that in that supreme task to which they have given themselves they will spare no effort and brook no obstacle because they realize how great is the price," the distinguished British jurist stated.

Linked to this expose of part of Britain's contribution Sir Norman brought another message—a tribute to Canada for standing at the side of the Mother Country "in those dark days."

"The people of Britain would desire me to say in all affection that in those dark days—and they were dark—nothing was more sustaining, nothing more encouraging than to know that the people of Canada, as ever, were at our side," the speaker stated. ".....The ties that have bound us in the past and which bind us in the present have been forged by fire and tribulation, ties which I believe nothing on earth can ever sever."

Everyone Serving Nation

Besides providing protection for 3,000 miles of coast and 95,000 square miles of land, Britain has stepped up her production of armaments, has increased its national income devoted to war work from 10 to 70 per cent. has seen to it that there will be no war profits, and has everybody on the war front, without exception, in some form of national service, the audience was reminded.

"I could tell you a great deal more," Sir Norman continued. "Our armies have fought 11 campaigns since this war broke out, with varying success. Some campaigns were embarked upon with no hope of success but with a desire to be loyal to loyal allies who had braved so much for us. And it may be that some of these campaigns, which appear to be failures, may yet, because of the dislocation of the enemy's time table, have proved of the greatest assistance possible to Russia in that noble resistance she offers the implacable foe."

The supreme task before us is to see to it that those forces, truly described as the forces of evil, shall be exterminated and conditions created in which those forces never again shall bring the horrors upon the worlds we have known, Sir Norman suggested.

"Unless we stand together when this war is done, when the fighting days are over, in the supreme task of building the new world which alone makes all this struggle worth while, we may fail ultimately in the task before us," the speaker warned. "I have been privileged to travel throughout the United States and I cannot tell you the admiration I feel for the spirit of that great country. We have very powerful allies in Russia, the United States, the Allied nations, all of them contributing all they have.

"But we have greater allies still. Deep in the hearts of men everywhere is the belief that we are fighting for those things which alone can give life permanent value, and all over the world I believe the hearts of men are with us. And it is within the power of the English-speaking communities, Canada, the United States, Great Britain, who have endured so much, to make a still greater contribution to the world which we will not live to see, but of which we may see the foundation laid. We are called upon to take our part in the most momentous event in history; let us stand together, and one day the edifice will be erected and all the towers and pinnacles will rise up into the sunlight."

Stresses Danger Of Destruction To Halifax

OTTAWA, June 9—(CP)—Establishment of balloon barrages to protect Halifax, Esquimalt and other strategic centers was advocated in the House of Commons today by Arthur Slaght (Lib. Parry Sound.)

He said overnight destruction of Halifax would be a greater blow to the war effort of the Empire and the United Nations than any other single operation.

Halifax was a "tinder town," highly inflammable and vulnerable to incendiary bombs.

"It almost makes you shudder to think of it," he said. There were ammunition dumps, docks and the central organization for overseas convoys in Halifax.

"Destruction of Liverpool would not be as great a blow to the Empire as to make a rubble heap of Halifax," he said.

The government, military authorities, and the Canada-United States joint defence board should consider the balloon barrage protection of Halifax. He believed they would agree Halifax was the one spot which could least well be spared at this time.

"I am making no appeal for the people of that city," said Mr. Slaght. "They are willing to take chances, but from the Empire standpoint, the war effort standpoint and from any standpoint a reasonable man can reach, I conclude we must at once provide barrage-balloon protection for Halifax, Esquimalt and Patricia Bay (B.C.)

Conservative House leader Hanson said he wondered why the question had not been raised before. He had discussed barrage balloon protection during his visit to the United Kingdom last year and had been told of their value in keeping airplanes from approaching too closely to vulnerable areas.

Earlier J. S. Roy (Ind. Gaspe) urged government action to test of production possibilities in the Gaspe area.

He spoke as the House resumed study on the $2,000,000,000 war appropriation bill.

The government should provide ships to transport fish from the Gaspe area to South American and West Indian markets, or pay indemnities to the fishermen whose income was affected by shipping shortages, Mr. Roy said.

More attention should be paid to defence of the St. Lawrence area. There was a "fortress" at Halifax but Gaspe and the St. Lawrence Gulf and River were the entrance to the country. He had been told by engineers that Gaspe harbor from the defence point of view is vitally important to Canada.

Two ships had been sunk by submarines in the St. Lawrence recently, and generally the "coast is an open gate to the enemy." No soldiers were seen on the north shore of the St. Lawrence and the only defence of this area appeared to be at Quebec.

Some of the money expended under the war appropriation bill should be used to build up north shore defences, Mr. Roy said. The Gaspe Harbor lacked dry docks and should have more defence works.

WHERE—AND WHY?

There may be many motives that might induce you to take prescriptions to a certain drug store. There should be but one:

Where are the best drugs and most accurate compounding?

That is the single thing to consider. Prices should not be considered. Our prices are as low as can be found anywhere.
