THIRD DAY OF EUCHARISTIC CONGRESS

Two Huge Services Shatter Attendance Record — 170,000 Women attend Mass — Messages From Vatican.

CHICAGO, June 23.—Two huge services in Chicago's front yard brought together yesterday in the third day's ceremonies of the Eucharistic Congress more worshippers by far than ever before assembled in one day under a single enclosure. In the morning more than 170,000 women were in Soldier's Field for solemn Pontifical Mass celebrated by the Most Rev. Joseph Palica, Archbishop and Vice Regent of Rome, and at night the stands were filled for a second time with men only—for candle light benediction services. At each service thousands of thousands of flowers were brought to the field, were draped in the lake front park to hear the ceremonies over loud-speakers, and to witness the mile long ecclesiastical procession to and from the great outdoor sanctuary.

Largest in History

Never before in history have so many women gathered in one spot as crowded the stadium area for the morning Mass. Archbishop Hanna, in his sermon described the assemblage as the greatest honor to womanhood in history. Thousands of women were in their places at six o'clock this morning and the last of the multitude did not pass out of the stadium until after two o'clock in the afternoon. A women's choir of 15,000 including 5,000 nuns, sang the proper of the Mass. Besides the sermon of Archbishop Hanna, the women heard addresses by Cardinals Pitti, of America, and Charost, of France, in German and French, respectively, and by Justice Pierce Butler, of the Supreme Court of the United States, Cardinal O'Connell, of Boston, as presiding prelate of the session, prepared an address which though not delivered at the field was released for publication.

MEN'S MEETING

The men's meeting last night, under the direction of the Society of the Holy Name, was addressed by Cardinal O'Donnell, of Ireland. Cardinal Mundelein was the pontificating prelate. Three messages from the Vatican were read at the Congress gatherings today. Two reached the morning services, and a third was presented by Cardinal Mundelein at the afternoon meeting of the English-speaking sections. In each Pope Pius XI, through Cardinal Gasparri, the Papal Secretary of State expressed joyous gratification at the success of the Congress.

Mathieson — Chauvin Nuptials

St. James Presbyterian Church, lovely with an abundance of early spring blossoms, flowers and greenery, was the scene of a very fashionable wedding last evening at eight o'clock when the Minister, Rev. W. Bruce Muir, united in marriage Miss Helen Mary Mathieson, eldest daughter of Chief Justice and Mrs. J. A. Mathieson, to Mr. Frank Bernard Chauvin, son of Mr. Henry N. Chauvin, K. C. and Mrs. Chauvin, Maplewood Ave., Montreal.

The winsome bride looked very girlish and lovely as she entered the church on her father's arm to the strains of the wedding march played by Mr. F. T. Watkins. She wore an ivory tulle and tulle gown over ivory, the long graceful train being lined with pale pink crepe. An effective shawl bouquet of lilies of the valley and pale pink roses completed the charming effect.

The maid of honor, Miss Dora Mathieson, sister of the bride, and the two bridesmaids Miss Doris Gill and Miss Florence Jenkins of Montreal wore exquisite dresses, made alike, of tulle and silk, with bouffant style in pastel shades of blue, pink and mauve with tulle and net poke hats which were very chic. They also carried old fashioned bouquets of roses, lilies of the valley and mauve and pink columbine. The groomsmen wore Mr. Chauvin's Wind-rose where the bride's father gave her away.

The simple wedding service was clearly heard all over the large church which was densely crowded with invited guests and an interested public, among whom the young bride was very popular. Before the benediction the congregation sang "The Voice That Breathed o'er Eden," and during the signing of the Register Miss Constance Wheeler sang very sweetly "Because."

After the ceremony the bridal party and guests proceeded to the brides' lovely home at 1 Grafton Street. At a late hour Mr. and Mrs. Chauvin left on a motor trip through the White Mountains before taking up their residence at Cote de Neiges Road, Montreal. Going away Mrs. Chauvin wore a pretty black and grey georgette dress with a smart grey cape coat and small grey felt hat. During the past few weeks the bride was the guest of a number of functions arranged in her honor and was the recipient of a large number of magnificent gifts, many from her hosts and friends with whom she has always been a favorite.

The Guardian unites with their many friends in wishing Mr. and Mrs. Chauvin unbounded happiness.

C. P. R. Dependent on Eastern Canada

(Special to the Guardian) REGINA, Sask., June 23.—That the Canadian Pacific Railway is dependent for its trade on central and eastern Canada, while the trade in the west is largely a loss business, was a statement made before the Board of Railway Commissioners by E. H. Flintoft, representing the railway company, at the sitting of the commission here yesterday.

Deplores Small Trade With Canada

(Canadian Press) LONDON, June 23.—"We are not doing as much trade with Canada as we ought to be doing," Sir Philip Cunliffe-Lister, President of the Board of Trade declared in an address to the Canadian Chamber of Commerce here today. Exports from Britain to Canada, he continued, were valued at £34,000,000 last year, which was an increase of only £750,000. The Board of Trade chief noted that Britain was exporting to the various parts of the Empire over a percent more than before the war, while her imports from the dominions and colonies were 25 percent greater than before the war. Sir Philip believed that British manufacturers were showing a greater disposition to study the special needs of the Canadian market, which he thought was a promising sign.

CONSERVATIVE AMENDMENT TO CUSTOMS REPORT CENSURES BOTH BOVIN AND THE GOVT.

"High Time This Unholy Partnership Between the Government of Canada and Unscrupulous Law-Breakers is Dissolved," Declares Hon. Mr. Stevens — Fate of Ministry in Balance — Vote May Bring Defeat.

OTTAWA, June 23.—Battling over the report of the customs probe opened in the House of Commons yesterday. There were again such scenes as were witnessed when the first test of strength between Liberals and Conservatives came on the dramatic opening day of the session. Galleries were jammed. The issue came on the ministerial responsibility for conditions in the customs report. Paul Mercier, Liberal, of St. Henri, Montreal, who was chairman of the customs committee, first moved adoption of the customs report, which does not make any specific reference to the responsibility of Hon. G. H. Bovin, present minister of Customs. Hon. H. H. Stevens, Conservative, Vancouver Centre, whose charges led to the appointment of the customs committee, then moved an amendment which constituted a motion of censure not only on Mr. Bovin but on the Government also. "The Prime Minister and the Government," he said, "had knowledge for some considerable time of the rapid degeneration of the Department of Customs and Excise, and their failure to take prompt and effective remedial action is wholly indefensible. The conduct of the present Minister of the department, the Hon. George H. Bovin, in the case of Moez Aziz is utterly unjustifiable."

CRUCIAL DIVISION

OTTAWA, June 23.—Parliament will see before dawn what is considered the most crucial division of the present session. The vote on the Stevens amendment which censures the government, may be reached before midnight. It is expected that at least three Progressives will vote against the government and a fourth is supposed to be inclined to follow suit. Other members of the Farmers party have by no means made up their minds whether or not they can continue to support the government on the ground of mismanagement of the customs department. The vote arises out of the report of the customs probe committee. With one Progressive absent without pair and the Speaker's vote eliminated, the prospects now are that the government will get a majority of one for the opposition amendment.

SHOCKING TRAGEDY IN LONG ISLAND HOME

Mr. and Mrs. Sidney Brewster, Prominent in Society, Had Quarrel Which Ended Fatally. (Canadian Press) NEW YORK, June 23.—Society in New York and on Long Island was shocked today by the tragic deaths of Mr. and Mrs. Sidney M. Brewster, who had an elaborate wedding three years ago. Servants found the bodies of Mr. Brewster, who was 29 years old and his 26 year old wife, formerly Miss Frances Tracy Lyon, in Mrs. Brewster's bedroom in their Glenhead, L. I. home last night, a few minutes after two pistol shots had ended a quarrel between the couple. Each had been fatally wounded by a bullet in the chest. A pistol with two empty shells, was found on the floor. It is believed the couple were dressing to go to dinner at the home of Mrs. Brewster's mother, Mrs. Samuel D. Wight Brewster, at Glen Cove, at the time they had been quarrelling all day, servants told Coroner Huntington. Since their wedding in the fall of 1923, they said, the couple had never gotten along very well. The coroner was unable to say at a preliminary investigation who had fired the fatal shots.

Prince of Wales Celebrates 32nd Birthday

(Canadian Press) LONDON, June 23.—Today was the Prince of Wales' thirty-second birthday and flags were flying throughout the country in his honor. The bunting displayed was particularly brilliant in the west end of London. For days the air appeared to be inundated with messages of congratulations from all parts of the world. He had luncheon with the other members of the Royal Family at Buckingham Palace today and planned a private dinner party tonight for close friends at his own home, York House, St. James Palace.

Ontario Government May Investigate the K. K. K.

(Special to the Guardian) TORONTO, June 23.—Hon. W. F. Nichol, Attorney General of Ontario intimated yesterday that if the facts warranted it his department might conduct an investigation into the general activities of the Ku Klux Klan in this Province. This decision follows the arrest of William Skelly here yesterday in connection with the explosion in St. Mary's Roman Catholic Church, Barrie, Ontario, on June 10th, and the alleged statement of Skelly that he had been instructed by the Klan to perform the act. Officers of the Klan deny any participation in the affair.

KING GOV'T MAY BE DEFEATED

Tension is High in the House of Commons — Ministers Visibly Nervous.

OTTAWA, June 23.—The fate of the Government is uncertain in the forthcoming division on the motion of the Opposition to censure Hon. George H. Bovin, Minister of Customs, for his conduct in the administration of the Customs Department, particularly in respect of the Moez Aziz case and the sale of the barge Tremblay alcohol to the Dominion Distillers, of Montreal. It is recognized however, that the Ministry is in greater danger than at any time since the early days of the session when its right to continue in office was called in question, and it will not surprise those who have been in close touch with the situation today if, when the vote comes, the government is defeated. Tension is high, not only in the House, but throughout the Capital. The atmosphere of an actual crisis pervades the Commons and its environs. With few exceptions, all the members of the House are here to participate in the vote, only those being absent who could not possibly attend. The significance of the occasion is recognized by politicians outside parliament and by the general public, as has been indicated by the packed galleries at the House and the crowds in the corridors seeking admission. Anxious Hours Leaders and back-benchers throughout the day followed the debate on the attack and the defence, no debate since the opening of the session having held the close attention of the House for so many hours on end. The Government is visibly nervous, and whispered consultation throughout. This agitation is due to the fact that the Government has reason to recognize that there is more than a possibility of its fall. Before the opening of the House today information came from Progressive quarters that enough of the third party members would vote against condoning the conduct of Mr. Bovin to defeat the Government. G. G. Coote, of MacLeod, Alberta, definitely signified his intention of voting against the Ministry. There was indication that among others of the same mind were D. M. Kennedy, of Peace River, the Progressive member of the Customs committee, and Miss Agnes Macphail. The three Progressives who recently voted with the Opposition, Messrs. Lucas, Boutilier and Fansher, are expected to do so again. It is believed that a M. Carmichael and one or two others may follow them. What the Progressives who this afternoon had decided that they could not support the Ministry on the conduct of Mr. Bovin to adhere to their decision, remains to be seen. A good deal depends on the character of the case that is made out against the Minister and on the arguments that are advanced for the defence. Much also may depend on conference outside the House.

M. BRIAND FORMS TENTH MINISTRY

Caillaux Again Becomes Minister of Finance — Briand's Success Clears Political Atmosphere.

(Canadian Press) PARIS, June 23.—Aristide Briand, veteran French political leader, today brought into being his tenth ministry in an effort to solve France's pressing financial difficulties. M. Caillaux who was the premier of France in the days before the war and who held the ministry of Finance only recently, again has taken over the finance portfolio. In forming his tenth cabinet today Premier Briand won a decisive victory over the "Young Turks" or irreconcilables of the extreme wing of the Radical-Socialist coalition in parliament. Although he succeeded in forming a cabinet only after two futile attempts his success is regarded in political circles as clearing the parliamentary atmosphere and as finally opening the way to complete renovation of French finances and the stabilization of the franc.

Birkenhead Accuses Cook of Russian Methods

(Canadian Press) LONDON, June 23.—Following closely upon a decision of the Labour Party to offer strenuous opposition to the government's new bills which have as their purpose a reorganization of the mining industry, the Earl of Birkenhead, Secretary for India, has delivered a verbal broadside against A. J. Cook, Secretary of the Miners Federation. Cook was charged by Lord Birkenhead in a speech last night with aiming at the destruction of the coal mining industry and the nationalization of the mines. He virtually accused Mr. Cook and his followers of taking their cue in the labor situation from Soviet Russia.
