ISLAND LADY DEAD—Mr. Ambrose Silliphant, of Hunter River, Los Angeles, California, of the death on Dec. 28th, of his youngest sister, Mrs. James McKay. No particulars were given.

ENTERED HOSPITAL—On the arrival of the western train at Summerside on Thursday morning, Peter Cahill of Kildare, one of the Prince County Hospital, where he underwent an operation for appendicitis.

PROPERTY SALE—The property of the late Thomas Clark Summerside, was sold by auction on Wednesday afternoon, a fair price was obtained for the sale of good pieces were realized for the furniture and household effects. The dwelling house and property on Elison street was bought by Mrs. Robert Arthur C. Sumner. The purchase price being around \$1500.

MEETING HELD—There was a large and enthusiastic attendance at the Liberal convention in Summerside on Thursday night held in the town hall, for the purpose of selecting a candidate for the forthcoming provincial election in the riding of Prince George.

HEAVY SNOW FALL—Though Summerside has been singularly fortunate in regard to snow drifts and obstructed traffic, thanks partly to the energetic action of the town council, the western section of the island and outlying country districts are experiencing what seasoned railroaders term "white-out" storms and snowfall since 1907. A heavy snowfall and ground drift, prevailing on Thursday afternoon, would not do anything to improve conditions, it was believed.

RETURNED TO MCGILL—Mr. Charles Simpson of Hope River, who spent the Christmas holidays at home, left on Monday morning for Montreal. This is Mr. Simpson's third year in Medicine at the University of Quebec and Ottawa, winning the three mile race at McGill University Field Day, and receiving a gold medal for his performance in the 1000 yard race at Kingston and Toronto University. Mr. Simpson hopes to be able to take part in some of the Abegweit races at the C. A. A. grounds next summer. He is a son of Herbert Simpson of Hope River Mills.

To P. E. Island Farador People

Dear Friends: Ten years have passed since the Farador was introduced here, and I desire to express sincere thanks to all who have by kindly advice done much to help on this form of drugless healing.

While it is gratifying to know that many hundreds of people have been healed of serious ailments, both acute and chronic, during this period, it is, on the other hand, sad to contemplate the many homes visited by bereavement that might have been centers of joy had the Farador been given a chance. There will, of course, be times when the Farador will fail, but when given a fair chance its results are invariably so splendid, marked and uniform that those who fail to give it a chance are greatly to be pitied. Prophecy, a cotidian and reliance upon wrong advice are the greatest obstacles in the path of progress.

It is well to remember that the Farador does not lose its force. Instruments sold ten years ago are as potent for good now as then. The cord connection is perfect. Those who own Faradors should bring them to me occasionally in order that they may be tested and any needed repairs made. The Farador should always be kept ready for any emergency. By its timely use much suffering and expense may be saved.

With best wishes, I remain, Yours for health, W. EDGAR ENMAN, 225 Richmond St., Charlottetown.

Miss Dickieson Eastern Guardian

SCHOOL WORK—The annual examination of the South Vancouver School, took place Friday and Saturday, Dec. 23 and 24, and was attended by a large number of parents. Miss Mary McDonald assisted the teachers in the examination, and her attention and accurate reports, the results of their industry during the term. The programme which followed, was enjoyed by all. Santa made his appearance amid welcoming strains of violin music furnished by Messrs John Sutherland and Neil Molniss, and distributed the gifts from the district. Mrs. McDonald presented a handsome gift, and replied to the addresses in a few words, thanking the pupils for their thoughtfulness and words of appreciation. A vote of thanks was tendered the teacher, also to the chairman, Mr. John M. Kinnon. The examination closed by singing the National Anthem.

CHRISTMAS TREE AND ENTERTAINMENT—The annual Christmas tree and entertainment in connection with St. Paul's Methodist Sunday School, was held at South on Monday evening, Dec. 23. Despite the stormy weather there was a good attendance of parents and friends. Mr. W. H. Lead, the Superintendent of the school, presided. An excellent program was presented by the children, who gave a very good account of themselves indeed. The feature of the evening was the visit of Santa Claus, whose cargo of good things was much appreciated. Addresses were given by the pastor, the Rev. J. P. Denny, and Mr. C. C. Carleton, who has been, for many years, a faithful member of the school's teaching staff. Special thanks is due to Mrs. Edson and Mrs. Ethel Conroy, who presided at the organ. A very enjoyable evening was brought to a close by the rendering of the National Anthem.

JAPANESE OPTIMISTIC
WASHINGTON, January 5—Japanese spokesmen were still optimistic today concerning the eventual settlement of the Shantung question, but they adhered to their announced position that some concessions must be made by the Chinese delegates if direct conversations were to be resumed.

Soil And Sun
India is many times the size of Nova Scotia, and Ceylon many times the Annapolis Valley. It is not enough to know that it is India or Ceylon Tea—Cape Breton apples don't compare with Annapolis Apples, nor does ordinary India or Ceylon Tea compare with Blue Bird which is grown, where sun and soil unite to make the most fragrant and flavorful of teas.
BLUE BIRD TEA BRINGS HAPPINESS!
