Few People Escape The Torture of Piles

And Dr. Chase's Ointment is the Only Positive and Guaranteed Cure for This Wretched Disease.

There is usually very little satisfaction in consulting a physician regarding a case of piles. In nine cases out of ten he will recommend a surgical operation, forgetting, it may be, the risk, suffering and physical as well as financial expense which this treatment entails.

It seems strange that anyone should suffer the wretched uneasiness and acute torture of burning, itching piles when it is so easy to procure Dr. Chase's Ointment.
