

# Protection

Comparatively few people realize the importance of keeping legal papers or other important documents in a receptacle which provides absolutely safe protection.

In case of fire, your absence from home, may mean that your valuables will be destroyed before the fire has been brought under control. Where a fire occurs at night, your first thought

is—safety of life. Time may not be left for the securing of valuables.

Such contingencies can be guarded against by your renting one of our safe deposit-boxes, in strong vault which cost from \$2.00 per year up.

Can you afford to continue taking chances against such slight cost and splendid protection?

## "White Bronze" Monument

When asked how they like it, this is the age of improvements and the time is near when all moss grown stone monuments will be replaced with something more durable. All can plainly see by visiting the cemetery the decayed condition of stone grave markers. Thousands have already purchased "WHITE BRONZE" monuments not content to trust their family records to any perishable material. All the inscriptions on "WHITE BRONZE" are in raised letters and do not require paint to keep them legible. "WHITE BRONZE" is a pure metal same as gold or silver. Write for designs and information or call at my office and see some nice samples of monuments.

## CUTS & SORES

Apply Zam-Buk to all wounds and sores and you will be surprised how quickly it stops the smarting and brings ease. It covers the wound with a layer of protective balm, kills all poison germs already in the wound, and prevents others entering. Its rich healing herbal essences then build up from the bottom, fresh tissues and in a wonderfully short time the wound is healed!

Zam-Buk's popularity is based on merit. It is the only ointment that gets the real thing. "Zam-Buk" is in every pocket of the genuine. Re-use all others. See all druggists and stores or Zam-Buk Co., Toronto.
