Walter Monteith, President of the L. P. Union, has arrived in this City from Halifax where he was a delegate from the Union to consult with H. L. Chipman, Manager of the Plant S. S. Line for the Eastern Provinces. Owing to the rates charged for loading and unloading the Boston boats at Charlottetown, on holidays and at meal hours, the manager of the line was contemplating sending the boats to Georgetown. Some correspondence took place between President Monteith and Mr. Chipman, with the result that the former was sent to Halifax by the Union, empowered to make a satisfactory arrangement. This Mr. Monteith successfully accomplished, and the Boston boats will run to Charlottetown this season as usual.

The many relatives and friends of James E. MacDonald were deeply grieved to learn of his unexpected death at his home in San Francisco. He was seized with an acute attack of appendicitis on the morning of the ninth day of March and passed away early on the following day, fortified by the last rites of the Church. He was attended by his devoted wife, to whom he was a most affectionate husband and congenial companion. He was a son of the late Alexander MacDonald of Glen Coe. His aged mother, Mrs. Matilda MacDonald, still lives in the old home at Glen Coe. A sister, Mrs. Mary Jane McIsaac, and four brothers, John A., John B., Joseph and Dan are living in this Province, and two brothers, Austin and Frank, are living in San Francisco. Mr. MacDonald left, this province about twenty years ago and went to San Francisco, where he has resided ever since, making a host of friends by his genial and unassuming disposition.

## A TRIUMPH For the Millinery Department

The greatest crowd, the greatest business, the greatest enthusiasm in the history of the millinery department. We never heard such enthusiastic comments, praise and compliments.

The general comment seems to be that the showing of the new hats at Stanley Bros has scored a notable triumph not only because of the beauty variety and smartness of the display, but of the sensible becomingness, of the hats.
