TEDDYS VS VICS IN BASEBALL

What was perhaps the best game of the season in baseball was played last evening at the Abegweit Grounds when the Vics and the Teddy Bears, the two leaders in the league met and in which the Teddies won from their opponents in a score of 1-0.

The game was exciting from the start and was marked by but few errors and many good plays. Catches by Hughes in the third, Lea and Bradley in the fifth and others by Eschelbach's were among the features of the game. Campbell for the Teddy Bears, was the only one to cross the home plate safely and he got there after a series of wild throws from base to base. Campbell and Eschelbach, the opposing pitchers handled the heavy end of the game well, each exhibiting good form.

The personnel of the teams were but slightly changed.

MAYOR GETS THREE YEARS AND MUST PAY FINE OF \$1,000.

SALEREM, Mass., July 14—With the conviction and sentencing of Mayor William P. White, of Lawrence, and several other residents of that city on conspiracy charges today, the political scandals which have stirred Lawrence for some time reached a sensational stage. Found guilty of conspiring to secure the board of aldermen, confirmation of Mayor White's appointment of James A. Hamilton as chief of the Lawrence fire department and of conspiring later to secure Hamilton's removal, the mayor was sentenced to serve three years in the Essex County house of correction and to pay a fine of \$1,000.

Samuel Kress was sentenced to two and a half years imprisonment, Matthew Burns to two years and George P. Smart to a year and a half. Ernest Dube, also convicted, was not sentenced, his case being placed on file because he had given evidence for the prosecution. Thomas Keegan, also convicted, was found not guilty.

The mayor declared himself not guilty of any wrong doing. Kress, one of the men convicted, has previously been found guilty of attempted bribery in connection with the same case, but has not yet been sentenced.

Hamilton is now under indictment for alleged bribery in securing confirmation of his appointment. Mayor White was elected on a "reform" ticket about two years ago, by the largest majority in the history of the city, and was re-elected last year.

WILL NOT PERMIT THE NELSON-WOLGAST FIGHT

Fraser was elected regular representative to meeting of International Supreme Lodge at Hamburg, Germany, June 1911, and L. U. Fowling, alternate. Next place of meeting, Mt. JAPAN'S ACTION.

WASHINGTON, July 14.—It is a remarkable fact in connection with the negotiation of the Japanese-Russian pact executed on July 4th, that many such actions have been taken in the summer when diplomats of virtually all other countries were away from their posts on vacations. As far back as August 12th, 1905, the Anglo-Japanese alliance was effected, just preceding the Portsmouth Treaty. The Korean Emperor was forced by Japan to abdicate in July, 1907. The Franco-Japanese entente was arranged in June, 1907, and the Japanese-Russian convention respecting the maintenance of the status quo in the East in the following month. Korean conventions were arranged in the summers of 1908 and 1909, and the annexation of Korea will probably be consummated before this summer ends. In August, 1909, Japan went ahead with the Antung-Mukden Railroad with barely a week's notice to the Powers at the time when the diplomats of other countries were at their summer resort, Peitai Ho, 240 miles from Peking, on the Gulf of Pechili.

DIAMOND WEDDING ALEXANDER AND MRS. MCKELVIE

It is seldom, even in this healthy climate, that sixty years of married life is given to any. Such, however, is the happy lot of Mr. and Mrs. McKelvie, and both in good health. The prosperous district of Hamilton neighbors can all join together on Monday last to celebrate this wedding. The old homestead was almost surrounded with seats for the occasion and an afternoon picnic enjoyed. It is no wonder that old age is generally attained in a place where the neighbors can all join together so happily as they can in Hamilton.

Fred. Lockerby, being called to preside at the presentation of the address and gifts, did so in a manner to add to the pleasure of all. Rev. E. J. Rattee read the address and made the presentation of the gifts, adding a few appropriate words.

Rev. Robt. Sinclair followed in a happy reference to the history of the settlement and how Mr. and Mrs. McKelvie did their share in making it what it is. Short addresses were given by J. Anderson, of Kingston; John H. Woodside, Robert Crozier, V. S. Gillis and John Simpson. The gifts were a couch and easy chair. The picnic spread was abundant and such as Hamilton can show, one hundred and fifty persons were fed and as many more could have been. Truly this was an enjoyable afternoon.

Alexander and Mrs. McKelvie, Hamilton, P. E. Island. Dear Friends:—The celebration in instant has ever been present in humanity. In sacred writ we are told that God's ancient people celebrated their passage of the Red Sea with songs of victory, and of the Jordan by setting up stones for a memorial. We know it was the custom in the days of our Saviour to have a joyous celebration of marriage and He Himself gave us a sublime picture of rejoicing over the Prodigal's return. What more fitting, therefore, than a happy celebration of your passing the 60th milestone of married life!

It is truly an auspicious occasion, and worthy of being remembered by the people of Hamilton and vicinity. It is an unique event for a couple to be spared for sixty years of married life, and to be hale and hearty as you are on this anniversary day, the 14th of July, 1910.

Lengthening our sincere congratulations we would speak the word of reverent thanksgiving unto the Eternal Father who has spared you for so many years, and has permitted us to come to your home to join and rejoice together.

We could wish that your lives might be spared for many days. These future days which we have longed in the hands of Divine Providence, but we most heartily wish you all good, all joy, and all peace during the remaining days of your earthly sojourn, and at the last a bright entrance and a glad welcome in the rest that remaineth for the people of God.

As a token of our sincerity in these words, we ask you to accept the accompanying gifts. Signed, William Sinclair, John H. Woodside, F. J. Lockerby, Major Taylor, on behalf of the many friends of A. and Mrs. McKelvie.

THE MISTAKES OF LIFE

- 1. The mistakes of life are many as the old song says and only a daring man would have the heart to point out the number of mistakes which his neighbor makes to say nothing of his own manifold errors. Yet one audacious man who has undertaken the task of enumerating the mistakes of life is generous enough to limit them to fourteen. And here they are: 1. Setting up one's own standard of right and wrong and expecting others to conform to it. 2. Trying to measure the enjoyment of others by your own. 3. Expecting uniformity of opinion. 4. Looking for judgment and experience in youth. 5. Endeavoring to mold all dispositions alike. 6. Refusing to yield in unimportant trifles. 7. Looking for perfection in our own actions. 8. Worrying ourselves and others about what can not be remedied. 9. Not alleviating as much suffering as we can. 10. Not making allowance for traits in others which apparently unfit them for success in life. 11. Considering anything impossible that we ourselves cannot perform. 12. Refusing to believe anything which our minds cannot grasp. 13. Living as if the moment would last forever. 14. Estimating men and women by their nationality or by any outside quality.

IS DANGER NOW OF DIPHTHERIA

In Campbellton Because of Want of Sanitary Arrangements There

Special to The Guardian. CHATHAM, July 15—According to those who returned from Campbellton there is grave danger of diphtheria breaking out in the burned town unless special sanitary arrangements are made within 48 hours. There are 2,000 people gathered together under tents and the great majority are ignorant of the danger which threatens them. A small military force attempted to start some rough system of sanitation, but their number is too small to accomplish much themselves. The inhabitants seem hysterical over the calamity and do not realize the gravity of the situation.

FROM WORKHOUSE TO BRIDAL ALTAR.

DUBLIN, July 14—Marshall Bailey, a Civil War veteran, was married here today in most romantic circumstances. Many years ago Bailey drifted from the United States to Ireland. Becoming destitute he ultimately found himself an inmate of the North Dublin workhouse.

Quite recently the news reached Bailey that the American War Department had been all these years searching for him, and at the same time came the welcome news that a pension had been conferred upon him. The pension and the arrears that had accumulated amounted to more than \$1,500.

Bailey at once left the workhouse, taking with him a woman inmate who he married today at St. James' Catholic Church. Leaving the church after the ceremony, the couple had a horse and carriage and were loudly cheered. The bridegroom threw several handfuls of silver to the crowd.

FREE BAPTISTS TO VOTE ON UNION

OCEAN PARK, Me., July 14—The proposition to unite with the Baptist church in foreign and home missionary work will be voted upon tomorrow at the general conference of the Free Baptists here. Reporting for the committee of twelve conferences with other Christian people, Prof. A. W. Anthony, of Bates College, Lewiston, announced that the committee was unanimous in recommending a reunion of the Baptists and the Free Baptist church of America. Eighty-four per cent of the Free Baptist meetings voting upon the proposition were in the affirmative.

Delegates from the west favored a union of the foreign missionary societies, but opposed a union of the home mission societies and exchange of pastors of the denominations. The matter will be put to a vote tomorrow afternoon.
