Pandora Range

It is comparatively easy to build a range that will make a lot of heat, but it requires the exact science of Pandora Range building to produce a range that will use all the heat in the coal without waste.

A common range may burn twice the coal that a Pandora will, and yet do only half the work.

If you use a Pandora Range you can be certain that your coal money is not wasted, but used.

Sold by enterprising dealers everywhere. Write for booklet.
