Object to a Female Boss.

Marlboro, Mass, Aug. 26.—The Middlesex shoe factory employing 275 hands has shut down for an indefinite period. The cause of this action is a strike of the strikers who refuse to return so long as the forewoman of their department. Mrs. Robt Henderson retains that position. The strikers claim that Mrs. Henderson was tyrannical.

APPALLING DEATH

From Kidney Disease Prevented by Dodd's Kidney Pills, Only.

"Kidney Disease." Do you know what it means? It means that the kidneys are either *rotten*, or rotting; the blood is full of poisonous, death-dealing corruption; that the Kidneys can't do their work; that the victim is a walking charnel-house; that his hours are numbered; that the victim MUST take Dodd's Kidney Pills if he does not want to die.

Have you Kidney Disease? Is your skin hot and dry; memory failing; breath short; urine, reddish, or pale colored; does it scald when passing; is your appetite changeable; do your ankles swell; have you bitter taste in the mouth on getting up mornings; is there a brick-dust deposit in your urine?

Any of these signs is proof positive of Kidney Disease. Will you be cured, or will you die? Dodd's Kidney Pills are the only means on earth that will cure you. They never fail.

PETERBORO PEOPLE

Have Nothing But Words of Praise for Doan's Kidney Pills

They're Curing Backache and all Forms of Kidney Disease.

Plenty of Peterboro people have been cured of their pains and aches by Doan's Kidney Pills, the couquerors of kidney ills. One of these is Mrs. Sarah Henderson, of 392 McDonnel Street.

For a number of years she suffered greatly from pain in the back and terrible headaches. At times she got quite dizzy and a mist would come over her eyes, so that she could scarcely see. Her hands and arms would swell and puffs and she was in a condition of great misery, unable to work and almost in despair.

"I doctored a great deal," said Mrs. Henderson, "and took many medicines, but everything I tried failed.

"Seeing Doan's Kidney Pills advertised, I got a box. The first few doses seemed to lift a load from my aching back; and after taking three boxes I can conscientiously say that I am perfectly cured of all my complaints. I cannot too highly recommend Doan's Kidney Pills."

Doan's Kidney Pills are the only reliable remedy in the world for Backache, Diabetes, Dropsy, Bright's Disease and all Kidney and Urinary Troubles.

Sold by all druggists at 50 cents a box or 3 boxes for $1.25.

BREADSTUFFS.

The value of the wheat, flour, oats, barley, &c., imported into Great Britain during the year 1896 was $256,960,404.

The following is a list of the chief countries from which the imports were obtained, with the quantities furnished by each:—

Countries.	Flour.	Other Breadstuffs.
	$	$
Canada	3,973,570	10,954,600
Other British Possessions	2,448	310,566
United States	33,028,120	84,402,528
Russia	25,513	50,120,282
Germany	321,010	3,710,337
France	3,544,105	500,527
Austrian Territories	3,739,498	212,736
Argentine Republic	57,052	20,695,303
India		3,445,293
Roumania		15,431,218
Turkey		9,369,856
Chili		4,656,304
Other Foreign Countries	213,621	8,241,882
	44,908,982	212,051,422

Canadian wheat has an excellent reputation; but I fear that there is a good deal of truth in the allegation made by farmers, particularly in Manitoba and the Northwest Territories, that the best qualities of Canadian wheat are degraded in transit through the United States, and are used to grade up inferior wheat before it is delivered to the British millers. It would be of undoubted advantage to Canadian wheat growers if the bulk of the wheat crop could be handled through Canadian channels. Not only would the profits which arise from transportation be a direct source of revenue to Canadians, but the matchless quality of our wheat for bread making, if kept unmixed with lower grades, would soon win a more decided preference and a relative advance in price.

I found Canadian flour steadily gaining ground, as flour from which bakers can make not only the best quality of bread, but also the largest quantity per barrel. The flour milling interest in Canada is intimately connected with agriculture and is a very important one. There are not less than 2,500 mills employing over 6,000 men, and the yearly output from them is estimated at over $50,000,000. Of course that depends a great deal upon the value of wheat per bushel and of the flour per barrel. If the largest part of the wheat available for export could be ground into flour before it is exported from Canada, there would be decided advantage in leaving the bran and shorts in this country to be fed to herds of cattle and pigs. In that case also there would be less liability of any mixing which would lower the grade and prevent the Canadian product from receiving credit for its own quality.
