"B" quality	11.2%	Available	Phosphoric Acid.
"XX" do.	14%	do.	do. do.
"XXX" do.	17%	do.	do. do.
"Best of All" do.	20%	do.	do. do.

ALL 80 PER CENT. FINENESS

What does Sydney Basic Slag Contain

The virtue of Sydney Basic Slag is that it contains:

- Phosphoric Acid
- Lime
- Iron
- Magnesia
- Manganese

It is undoubtedly the combination of these elements working together in the soil, which has proved our Slag to give such wonderful results.

Our next advertisement will tell you more about Sydney Basic Slag.

Cross Fertilizers Ltd.
SYDNEY, N.S.

THE EASTERN GUARDIAN

***SHOP from Holman's Catalog.**
***FANCY-WORK SALE.** The Ladies' Aid of the Methodist Church, Montague, will hold a sale of fancy-work in the home of Mrs. W.A. Cumming on Tuesday afternoon and evening, Dec. 12th. The proposed chicken supper, etc. has been postponed until New Year's Day.

***HORSE NOTES.** - Mr. Cassius G. Clay of Montague has recently disposed of his beautiful Arabian mare. This was an exceptionally fine animal, and not infrequently has been seen on our race courses, especially on the ice. The price paid must have been a large one, as it was thought nothing could induce Cass to part with Polly.

***PROMISING BUSINESS.** - Mr. W. H. Wightman and Mr. Ralph Wightman of Montague were among the recent visitors to Charlottetown. Mr. Wightman who conducts a garage in Montague reports business fairly good, there being nearly cars enough offered to keep him busy for the winter. Mr. McDonald is on the lookout for a horse, to replace the one recently sold.

***LOADING PRODUCE.** - The schooner Bertha McGuire, Capt. McGuire is the only vessel in the port of Montague at present. This is a large vessel and will carry over seven thousand bushels. Capt. McGuire has been coming to Montague for the past number of years, and has made many friends, in fact he is almost looked upon as one of ourselves. The captain is one who makes friends wherever he goes, and we hope he will favor us with his genial presence for many years to come.

***SHIPPING.** - Capt. Dibbon of Burin, Newfoundland, is back to Montague again for his second voyage this fall. The Capt. who travels by rail and steamer, expects his vessel in a few days. The first cargo turned out in good order and was a profitable venture. Next season the Captain intends to have three vessels engaged in his business.

***WELCOMED BACK.** - The employees of the Montague Furnishing Co., Montague, are delighted to have one of their number, Miss Lily Hickham back again after a most enjoyable and well merited two weeks vacation, spent with friends in Roseville, Somerville and Elliotville. "Lily" to call her by her every day name, is a young lady blessed with the most cheerful disposition, in fact she is the life of those who are her daily associates, and her return was naturally greatly looked forward to.

Eastern Personals

***We regret to learn that Miss Annie Mollish one of Montague's gifted teachers, is confined to the house with a severe cold. Her many friends hope for her early recovery.**

***Miss Lella Macdonald of New Perth has purchased the property of Mr. James Collins, New Road, Montague. Miss Macdonald will be a valuable addition to the town, and will add one more to the list of respectable citizens.**

***Messrs. Benjamin C. McLure and Russel Findlay have returned to Montague after spending the week end at their home in Murray Harbor North. Both gentlemen report the roads in a terrible state, almost unfit to be travelling on.**

***It is understood Mr. Guy Nelson of Montague is to continue the auctioneering business formerly conducted by his father, who is now making his home in Boston. When it comes to a fluent tongue Guy is a veritable chip off the old block and we feel will be able to uphold the high position his father has long held in this line. Parties having anything to sell will do well to employ Guy as salesman.**

THE MOST FAMOUS INN IN GERMANY

AUGSBURG, Bavaria, Nov. 21. - The most famous inn in Germany, "The Three Moors," at Augsburg, has been celebrating an anniversary of its founding 400 years ago. Napoleon I. spent some time in Augsburg with his staff, and the old guest-book of the inn held the signatures of Josephine Beauharnais and Marie Louise. Next to them were inscribed the names of Metternich and Talleyrand, and of various princes and ambassadors en route to the Congress of Vienna. Other noted guests included Wellington and Sir Walter Scott.

Best thing about winter is spring always comes right after it. An excellent book to carry on a trip is a mileage book.

Twenty years ago today we were discussing prohibition, but not as much as we are now.

Nothing To Equal

For Sprains and Bruises
The first thing to do when you have an injury is to apply Minard's famous Liniment. It is antiseptic.

Nothing conveys thoughtfulness and cheer like a

BRINGING UP FATHER -

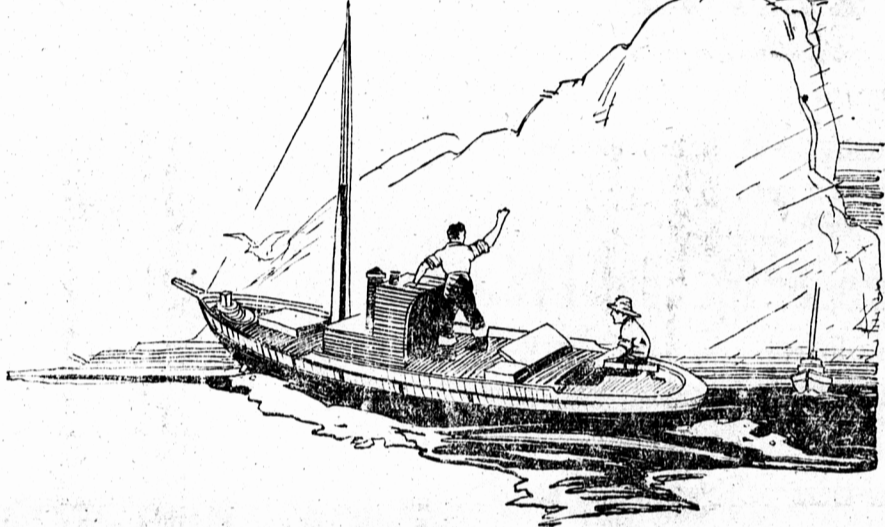

STANFIELD'S Unshrinkable UNDERWEAR

Stanfield's Stands for Quality.

A Test Proves It

Easy Starting—Powerful—Economical—The New Imperial Premier Gasoline meets every Requirement of Automobile and Motor Boat Engines.

Before the new Imperial Premier Gasoline was ever offered for sale in the Maritime Provinces, it had passed most exacting tests in our refinery laboratories at Imperoyal.

It remained, however, for automobile and motorboat users to make the final test as to its actual performance in their engines. The results have proved conclusively that the new Imperial Premier Gasoline is a superior motor fuel from every standpoint.

You will find that the new Imperial Premier Gasoline starts even more quickly than Queen Gasoline which some owners have been using in spite of the fact that it was manufactured primarily for use in lighting plants and was never intended as a fuel for engines.

You will also find the new Imperial Premier superior to Queen or similar gasolines in every other way—pick-

up, power, mileage, economy and dependability. Believing, as we do, that this is the best gasoline we can make, we have discontinued the manufacture of all other grades.

You owe it to yourself to make a test of this new gasoline which is made right here at home. If it proves satisfactory (as we are positive it will) you can save from 3 to 5 cents a gallon over gasolines which will not give anything like the same results.

The proper way to make a test:—Have your carburetor adjusted to use this new gasoline—then use it exclusively—and you will be able to operate your engine on a lean mixture and not only save gasoline but avoid operating troubles which often result from faulty fuel.

The new Premier Gasoline is obtainable everywhere in the Maritime Provinces—at the Red Ball Sign.
