SPLENDID GROWTH.—Yesterday Mr. A. Newson of Cornwall brought to the Guardian Office a basket of potatoes which averaged in weight over one pound apiece. There were two varieties white and red or early surprise, twelve of the latter weighing over twelve pounds. These potatoes, although too large for store trade are an excellent example of the rich crop that can be gathered in this Garden Province and should prove quite interesting to tourists who have heard and read about P. E. I. "spuds."

WRITER OF SENAROS.—His many friends in Charlottetown will be interested in the following reference to the son of the well known Jere McAuliffe, who has visited Charlottetown on numerous occasions. To those whose hearts went out in sympathy to Jere McAuliffe when he was stricken with his wife, Louise Sage, several years ago when his son, Eugene suffered the loss of one of his legs in an accident here, says the St. John Times will be pleasing to learn that the boy is doing well in the States. In fact he is no longer a boy—he stands an inch or more over six feet, though because of the amputation has to use crutches. Eugene is making a name for himself in the motion picture world, and is acquiring success as a writer of scenarios, in which his own continued prosperity. It was a real old-fashioned welcome that Jere McAuliffe received this week upon his return to the city, appearing at the Opera House, with the Homan's Musical Revue. He has always been popular in St. John and that his standing as a favorite is undiminished was warmly demonstrated by the generosity of the reception accorded him. During the last few seasons Jere has been playing on the larger American stage, doing well in support of Sam Bernard, and in fact being the only member of his company aside from one or two of those ranking almost as co-stars to be taken to London for a lengthy engagement. With the present company Jere has been making audiences laugh in Providence, R. I., for several weeks, and has also done well elsewhere.

SUCCESSFUL PICNIC.—The picnic which was held at Mount Stewart on Wednesday the 28th in aid of the Red Cross Fund passed off very successfully and from a financial standpoint was a decided success. The day was all that could be desired and as the picnic was for such a worthy object a large crowd gathered in who did justice at the different saloons, everything being sold out at an early hour. Much credit is due the people of Mount Stewart for bringing the affair to such a successful issue and also all those who so liberally donated towards it. The proceeds cleared which were in the vicinity of two hundred dollars go to help the wounded on the battlefield.—S.

DELEGATES APPOINTED.—Mr. Robert Murray of New Glasgow, N. S., has been appointed the representative of the Board at the annual meeting of the Maritime Boards of Trade to be held at Summerside, P. E. Island, on the 18th of August next.

PATRIOTIC LADS.—The following letter speaks for itself:—Georgetown, August 2nd, 1915. L. E. Prose, Esq., Charlottetown. Dear Mr. Prose:—We see by the newspapers that Prince Edward Islanders who can't go to fight are giving money to buy machine guns for the war. As we were born in Georgetown we would like to give something with the others as we are too young to fight yet. We enclose a savings bank withdrawal. Will you please receive it, Yours truly, Malcolm Richardson \$30, Bill Richardson \$20. The above are the two young sons of Mr. H. A. Richardson, Toronto, General Manager of the Bank of Nova Scotia. They are at present with their parents at their summer residence, Georgetown. o.s.w. a' shridu emfwyo mm mm mm

HINTS FOR CHARLOTTETOWN.—They had a fete at Halifax the other day to help out the work of the Red Cross at which a sum in the vicinity of \$2,500 was realized. In connection with the fete some odd stunts were pulled off. One well-known society woman played a grand piano and turned the crank with one hand while holding the collection plate with the other, realizing about \$50 in a short time. Another worker, this time a man, operated a wheel of fortune and made all sorts of money with it. He was given a cake to dispose of and cutting it in two just doubled the receipts from that source alone. When there was nothing else left to raffie some one suggested that he "put up his hat," which he did and added materially to the funds as a consequence. There is a suggestion in all this for Red Cross workers elsewhere. The people look for new and novel things these days.

N B AND P E I PRESIDENT.—The new president of the New Brunswick and Prince Edward Island Convention was both in Cornwall, England, to which one Maritime county these Provinces are deeply indebted for a goodly number of its most useful ministers—past and present. The son of a local preacher, Mr. Opie did good service in a similar capacity previous to his coming to Canada in 1874. Whilst unobtrusive in his work, the ministry of Mr. Opie has been characterized by faithful devotion to duty, the preaching of an earnest gospel and a cheerful acceptance of the hard tasks, as well as the honors, assigned to him by his brethren. His election was a tribute to real worth of his many friends and prosperous year of office. He is now stationed at Albert, N. B. and was at P. E. Island.

TRAVELLERS FUND CROWDING.—Success is well in sight for the Commercial Travellers of the Maritime Provinces in their efforts to raise money sufficient to buy two motor ambulances for the Red Cross work at the front. New Brunswick men seem to be the most generous in their contributions. The lead on those of Prince Edward Island and Nova Scotia, as the former had reported at the end of last week about \$1600. On the other hand the amount collected by the solicitors in Nova Scotia and the island Province cannot be ascertained until the reports are sent in. Geo. E. Faulkner, of Halifax, secretary of the Commercial Travellers' Association, seen yesterday by The Morning Chronicle representative, says that exchange, said that everything was most encouraging. There had been a very large number of requests from men in the field for more books of receipts. Already there has come in to Mr. Faulkner about \$600 from individual subscriptions. By another week the fund should be well toward the goal of \$5,000.

FORMERLY OF P E I ISLAND.—The Oakland, Calif., Maple Leaf says:—We had the pleasure of a brief visit from Rev. Brother Arator, Director of the Christian Brothers, Academy, Albany, New York, who is here on a visit to his parents, Mr. and Mrs. John Powers, 102 College Avenue, San Francisco. Brother Arator (James Powers), who was born in Fort Augustus, P. E. I., has been a member of the Order of Christian Brothers for twenty-one years, the last ten of which have been in connection with the Academy in Albany. This school over which Brother Arator is Director has an attendance of 250 boys and a Faculty of 13. Besides the grammar grade, there is an academic department.

Sister Mary Charles is a daughter of Mrs. Emily McIver of West Newton, P. E. Island, and a sister of John A. McIver, principal of the Port Costa, Cal., school. Sister Jerome is a native of Minnesota. While in California Sister Charles had the pleasure of meeting many friends and relatives, who made the visit of herself and companion one long to be remembered. It was the first time the Sisters had ever been as far west as the Golden State, and coming during the great Exposition added greatly to the pleasure of the trip. On Sunday, July 11, a few days before their departure for their home in St. Paul the Sisters were entertained at the home of Mr. and Mrs. McIver, Port Costa.

Large rooms, high ceilings, splendid ventilation and floods of light by day and electric by night. All departments under one roof. Inspection invited.

The various Courses of Study are so arranged that they are kept right up to the minute, for we are not dependent on text-books, nor do we compel our students to make unnecessary purchases that we may profit thereby.

New ideas in conducting business are constantly cropping up, and they are placed immediately before our students. That makes our COURSES THOROUGHLY PRACTICAL and UP TO DATE.

OUR TEACHERS have had SUCCESSFUL EXPERIENCE IN PUBLIC SCHOOL TEACHING are graduates of this institution, and have proved themselves EXPERT IN BUSINESS OFFICES. They are therefore not only skilful disciplinarians—but know—from practical experience HOW and WHAT to impart. Result: NO WASTE TIME.

Under our system of INDIVIDUAL INSTRUCTION we are in a position to give IDEAL TUITION, for each student is in a class by himself or herself, and receives PERSONAL attention. Thus the student makes his own rate of progress, neither retarded by the backward nor unduly hastened by the ultra brilliant.—Hence, THOROUGHNESS IN EVERY DETAIL, EFFICIENCY. Students may begin ANY week during the term, but for those who can make it possible, it is better to enter when the term opens, August 16.

POSITIONS. There is an ever increasing demand for competent BOOK-KEEPERS, STENOGRAPHERS, CASHIERS, CLERKS, SALESMEN, and for all kinds of commercial work, and while we assist the deserving to positions—and frequently the demand is greater than the supply—yet we do not hold it out as an inducement for you to attend, and would ask you to beware of those who do. WE PRAISE our students before we recommend them, which gives the competent and deserving a fair chance.

WE TEACH every branch you require for a SOUND, PRACTICAL, BREAD-WINNING EDUCATION, and our charges are the SAME TO ALL. For rates of tuition, descriptive circulars, cost of board, and fullest information, apply personally or by letter to
