Optical Results

Every Optometrist looks for results from his work. If he isn't get good results from his corrections he gradually loses his standing and his patients drop off. We are getting results from our corrections and that is the reason our Optical business is increasing. Our Optical Service is superior. Patients tell us that before we came to Montague they had to go to Charlottetown or elsewhere to have any special work done. Now, that is all changed and they can get all special work done at home. We have the most modern scientific instruments for the detection of eye defects. So if in need of glasses come to us and get your eyes tested and insure best results.

NO TONIC LIKE HOOD'S

Sarsaparilla For a Time Like This. After influenza, the Grip.

When purified blood, rebuilt strength and regulated bowels are essential.

In the after-effects of influenza, the grip and other prostrating diseases, Hood's Sarsaparilla has remarkable health-helping effect.

It expels the poisons that have weakened and depleted the blood, causing pallor, anemia, flabby flesh and lax muscles. It is the standard blood remedy with a successful record of nearly fifty years.

Many people—it is really astonishing how many—need a fine, gentle, easy cathartic in these trying times. We recommend Hood's Pills, used in the best families, and equally effective with delicate women or robust men.

When a Cold Sticks

The results are apt to be disastrous. It is certainly not advantageous to let a cold cling—Send or phone to us for a package of our Cold Tablets immediately—for that is the means to break up a cold right away.—Isn't it worth thinking over?
