

## TOOK THE ADVICE OF HIS FRIEND

Stomach Trouble and Rheumatism Relieved By "Fruit-a-lives"

MR. L. LABRIE  
594 Champlain St., Montreal.

"I have been restored to health by taking 'Fruit-a-lives'. For two years, I was a miserable sufferer from Rheumatism and Stomach Trouble. I became very weak, had frequent dizzy spells and when I took food, felt wretched and sleepy. I suffered from Rheumatism dreadfully, with pains in my back and joints and my hands swollen."

A friend advised me to try 'Fruit-a-lives' and from the outset, they did me good. After I had started the second box, I felt I was getting well and I persevered in the treatment. I can truthfully say that 'Fruit-a-lives' is the only medicine that helped me.

LOUIS LABRIE.  
"FRUIT-A-LIVES" is the famous medicine made from fruit juices.  
50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

### HE SOUGHT A SIGN.

The self-made man was in a caustic mood. "These schools, ye know," he said, "they're no good. Don't give a boy no practical knowledge; see what I mean? Now, my son, he's supposed to be learning Greek, an' Latin, an' algebra. An' the other day I asked 'im to tell me the algebra for fried potatoes, an' 'e couldn't."—Scottish American.

### MONDAY

**SCHOOL BOARD APPOINTMENTS**—Dr. W. J. P. McMillan has been appointed a member of the School Board of the City of Charlottetown in the place of the late Judge Blanchard, and Mr. Henry Smith a member of the Board, has been appointed chairman, a position also filled by Judge Blanchard.

**DREDGING NORTH RIVER.**—Dominion Dredge No. 10 has finished dredging at McEachern's wharf, West River and is now operating at the new wharf at North River Bridge, making berths at both sides and end. This new wharf will be of immense benefit to the district saving a haulage of at least four miles.

**NEARLY AN ACCIDENT.**—A large sign fell on Sunnyside last night during the gale and narrowly missed the heads of some pedestrians on their way to the churches. There are many hanging signs throughout the city that would stand inspection and that should be looked after immediately as there are some storms still due and there may be accidents. The time to prevent accidents is before they occur, according to the teachings of "Safety First."

**A SOCIAL GATHERING.**—The Pic Social and Dance in Miscouche Hall on Wednesday the 8th inst., under the auspices of the Women's Institute was a decided success. A very pleasant evening was spent in dancing and the sale of pies, ice-cream and candy realized upwards of fifty dollars, most of which goes towards the Red Cross Fund. The community in charge wish to take this opportunity of thanking all who so generously assisted in making the entertainment a success.

**THE CHILDREN'S EXCURSION.**—Inspector Cain, who was in the city in connection with the Teacher's Association Conference, called at the Guardian office on Saturday and expressed his satisfaction with the success of the recent excursion of school children from Inspector Adams and his own districts to the Experimental Farm. Everything, he said, went without a hitch, and the teachers and organizers were greatly indebted to the railway officials in Charlottetown, Tracadie, Mount Stewart, Peakes, Carleton Place, and Georgetown, and the conductors and assistants on the train for the assistance they gave—especially Conductor Ferguson. The directors of the Experimental Station and his staff also deserve the thanks of the promoters for the hearty welcome and attention they gave. Professor Reek was likewise solicitous for the children's comfort and their thanks are tendered him.

**EARNSLIFFE NOTES.**—Dr. Alley's severe accident was heard of with great regret by his host of friends in this vicinity, one of the most deservedly popular medical men in the Maritime Province; and all heartily wish for a speedy recovery for this good man. Mr. Weldon Tweedy, Vernon river is enjoying a few holidays this week the guest of his old friend, Mrs. Harry Tweedy. As an amateur baseball player, Mr. Denis Praught has few equal in this locality. His brilliant playing was one of the most interesting features of that great game, when the Iona team went down, down to defeat before the Earscliffe heroes. Miss Millie Bern, City and some friends were the welcome guests this week of Miss Florence Cavanagh. The many friends of Mr. P. L. Murphy, Mill View, are pleased to see him recovering so rapidly from his recent painful illness. Mr. Murphy was the efficient and popular deputy returning officer at the Cherry Valley poll on the 16th and Mr. Francis Murphy faithfully performed the duties of poll clerk. Mr. Francis Mutch sold a bunch of ten cattle last week to Mr. E. Wheatley, for which he received something over \$700 (seven hundred). An attempt is to be made next week to capture a wild animal that prowls around the road every night near Beers' corner, and which has been a great nuisance this summer to the travelling public here.

**THE BATTLE GLORY OF CANADA**—A little book entitled the battle glory of Canada has just been issued by Messrs Cassell of London at one shilling, in which Mr. A. B. Tucker tells the story of the Canadians at the front from there landing at... to the battle of Ypres. It is a glorious, a heroic record and Britons throughout the world will read it with a thrill of pride. Mr. Tucker's book is mainly founded upon personal narratives collected by the author and is thus of peculiar interest as it contains the personal element which is so often lacking in military literature. Every page contains a vivid picture, for the narratives are related in the simple and vigorous language of the soldier.

### PURE, RICH BLOOD MADE BY HOOD'S

Pure blood enables the stomach, liver and other digestive organs to do their work properly. Without it they are sluggish, there is loss of appetite, sometimes faintness, a dejected state of the intestines, and, in general, all the symptoms of dyspepsia.  
Hood's Sarsaparilla makes pure blood, and this is why it is so very successful in the treatment of so many ailments. Get it today.

**SOME HORSES.**—The large dynamo for the Kensington Electric Light Company was transferred on Saturday from Summerside. One of the heavy drays used by R. T. Holman, Limited, for their mail order shipments was secured and 6 horses were attached to it. All went well until the dray and its heavy freight reached a piece of bad road. There it remained despite the coaxing and persuasion of the teamsters. After the attempt was again made in vain a messenger was dispatched to Holman's to learn if they would not supply a pair of horses to make 8 in all. This was agreed. The heaviest pair in the stables was sent out (which, by the way, is a pair that is much admired around Summerside). Holman's teamster insisted on the other 6 horses being removed and after harnessing the big team to the load the heavy freight was quickly gotten under way and transported over the bad portion of road about a mile in extent by only the single pair of horses.

**THE EXHIBITION.**—Not a little credit for the success of the recent Provincial Exhibition of Prince Edward Island is due to the judges, who so impartially and skillfully considered the vast number of exhibits placed before them; and the exhibitors all, without a single exception, agree that never have they been so thoroughly pleased and satisfied, so far as the judging was concerned, as on the present occasion. They speak in the highest terms of the judges, who exerted every endeavor to do full and complete justice by all. On Saturday a Guardian reporter had the pleasure of interviewing some of the judges from the mainland and ascertaining their impressions in regard to the Exhibition and Prince Edward Island generally. They all have nothing but compliments for the Island Province, which they think is "a remarkably pretty place with excellent soil and splendid crops." Mr. M. Greenlees, of Bowmanville, Durham County, Ontario, judged the heavy horses; Mr. Wm. Jones, Oxford, Ont., judged the swine; and Mr. P. D. McArthur, Howick, Quebec, the Ayrshires. Mr. Greenlees expressed great surprise with the quality of the horses here, some of which were particularly good and he thought Baron Kelvin "a great horse, whose stock will be a credit to the Island." Mr. Greenlees said he liked the island very much, having seen nothing to equal it. Mr. Jones, speaking of the exhibitors, said he had never had anything to do with a more sportsmanlike, gentlemanly and appreciative lot of men than the farmers of Prince Edward Island. "I was greatly pleased," he remarked, "with the admirable way in which they regarded the results of the judging, the winners being modest, while the losers took their defeat right manly. The rivalry between them was keen but very friendly, and the work was so much easier and pleasanter." Mr. P. D. McArthur judged the Ayrshires, Jerseys, Guernseys and Ayrshire breeds. He thought the quality was quite up to the standard. He thought a great deal of Milkmaid 7th, the holder of the Canadian record, and said that she was doing what a great many other cows were not—reproducing in her offspring, individuals of prime merit. He said that the Jerseys were considerably better than those he saw last year and fit for any show ring. In regard to Holsteins, he referred particularly to an especially good herd shown by Messrs. Lee and Clarke, whose aged bull he described as "one of the crack bulls in Canada, and is impressing his characteristics on his offspring, which makes him valuable not only as a show bull but as a breeding animal." The exhibits, he thought, were of excellent quality, and highly creditable to Prince Edward Island. Mr. McArthur said that in the poultry industry, Prince Edward Island is the banner Province of Canada.

**REMOVING DEBRIS.**—Truckmen were busy yesterday cleaning the debris from the burnt interior of Farquharson's Candling Warehouse. Although some of the boxes were intact the contents have been rendered worthless by the heat and water.

**HARVEST COMPLETED.**—With very few exceptions the farmers of Crapaud and vicinity have all their harvest garnered. The weather has been ideal and the grain has been saved in excellent condition. The crops are up to, if not above, the average.—V.

**NEW DRIVE-WAY.**—The new drive-way behind the P. E. I. R. locomotive shops is making rapid progress. The old platform has disappeared and substantial timbers have been laid under the tracks. Freight cars will now be able to run between the unloading berths to the depots direct when the work is completed. The drive-way is closed to traffic at present.

**SUDDEN DEATH.**—The sudden and unexpected death of Mr. Thomas Kelly of Kelly's Cross, which occurred Sunday will be learned of with deep regret by his many friends. Mr. Kelly attended the Provincial Exhibition last week and was apparently in his usual good health. Heart disease is supposed to have been the cause of his death.

**NEW HOME.**—Mr. Spillet's new residence on Weymouth street, is rapidly nearing completion. It is a fine two-story house with roomy attic above. The house is fitted with hardwood doors and floors and the finishing throughout are of the best description. A fine bathroom and electric light, etc., will be installed. Messrs. Schurman, Summerside, are the contractors.

**S. S. HARLAND.**—The S. S. Harland sailed from Charlottetown for Victoria at 8.20 a.m. Saturday. She had on board Lea and Clark's large herd of Holstein cattle, Mr. W. B. Trowsdale's prize mare and colt, Mr. Jabez Lea's prize mare, and also quite a large quantity of mixed freight, principally for merchants in the vicinity. The sea was quite rough and she was slightly behind her time, arriving in Victoria at 11.45 a.m. After discharging her freight she left on return for Charlottetown at about 2 p.m.

**SUCCESSFUL AUCTION.**—It was a well-dressed, good-natured pleasant crowd who gathered at the sale of Charles Myers, Lake Vord on Friday last. All arrangements were very complete and the whole programme was run through without a hitch, no one was heard to grumble. The large stock of all kinds of farm animals and crop was all sold to eager bidders at fair prices to seller and buyer. Many appreciative words were heard in admiration of the beautiful farm without hills or waste land and the exceptional ten acre grove of hardwood which is really a park. The large attendance on a harvest day during a very late harvest and the ready buying was a fine tribute to the esteem in which Mr. and Mrs. Myers are held. Mr. McDonald the auctioneer, contributed a great deal to the pleasure of the sale by his genial good humor and his popularity with the people.

**GLENFANNING.**—Mr. Patrick Rice has gone to Kelly's Cross to work on the new Roman Catholic Church which is in the course of erection there. Mr. Thomas Rice has been engaged to do the mason work on the new King's County Jail which is being built at Georgetown. Mr. James Cavanagh who last spring purchased the farm of Mr. Isaac Horne, of Greenvale, is having the dwelling house remodelled and intends removing there in the near future. The local butcher, Mr. Walter Cavanagh, is kept busy attending to the wants of his numerous customers. Inspector Cain visited Glenfanning, School recently and expressed himself as well pleased with the progress made since his last visit, and with the repairs made to the schoolhouse during the vacation, which include a new floor, roof girdled and outhouse repaired. Mr. J. P. McDonald who taught this school for the past year has been engaged for the present year. Mr. Austin McGilvary, the capable manager of the Cardigan Egg Circle, is doing good business in that line. The harvest, which is a record one, is being rapidly gathered in and some potatoes have been dug for the Halifax Market.—E.

## How Is Your Appetite—Your Digestion?

Keep up a close acquaintance with **Wrigley's**, before and after meals. See how it makes you ready and keen for meal times. See how it relieves that stuffy feeling after eating.

It quenches thirst—refreshes mouth and throat—brightens your smile—keeps you calm, cool and contented.

Sealed air-tight

## LOSING HOPE WOMAN VERY ILL

Finally Restored To Health By Lydia E. Pinkham's Vegetable Compound.

Belleve, Ohio.—"I was in a terrible state before I took Lydia E. Pinkham's Vegetable Compound. My back ached until I thought it would break, I had pains all over me, nervous feelings and periodic troubles. I was very weak and run down and was losing hope of ever being well and strong. After taking Lydia E. Pinkham's Vegetable Compound I improved rapidly and today am a well woman. I cannot tell you how happy I feel and I cannot say too much for your Compound. Would not be without it in the house if it cost three times the amount."—Mrs. CHAS. CHAPMAN, R. F. D. No. 7, Belleve, Ohio.

**Woman's Precious Gift.**  
The one which she should most zealously guard, is her health, but it is the one most often neglected, until some ailment peculiar to her sex has fastened itself upon her. When so affected such women may rely upon Lydia E. Pinkham's Vegetable Compound, a remedy that has been wonderfully successful in restoring health to suffering women.  
If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

## Good morning

Have You Used **Pears' Soap?**

Though Pears' is the finest of all Soaps, it is sold everywhere at not over 15c. (unscented)

Matchless for the complexion!

**WEDDING BELLS.**—The marriage took place in Haverhill, Mass. on Sept 15th, Rev. J. J. Graham, P. R. officiating, of Miss Ida Campbell, daughter of Ex-Councilor Thomas Campbell of Charlottetown to Mr. Alvin N. Kneeland of Georgetown, Mass. After the ceremony the couple left on a wedding trip to the White Mountains. Many costly gifts of silverware, cut glass and other things attested to the popularity of the young couple.

**WINTER QUARTERS.**—It seems to be about settled that the infantry being organized here for overseas service will take up winter quarters in the Armouries; but, so far as can be learned, there is nothing definite as to the future of the Heavy Artillery. Just whether they will go into winter quarters here or in France is not known. Possibly they may go to Halifax. The rumor which obtained some credence here a month or so ago that they would be quartered in the Agricultural Building apparently had for its foundation the fact that this building was being made ready for the installation of a domestic science plant.

"Get the right angle on Underwear"

Penmans famous trademark has won its renown because of the quality and sheer merit behind the name.

Therefore, when the Penmans triangle is on the goods you buy, you'll know that you have the right angle—the mark that guarantees and ensures to you paramount quality in both materials and workmanship.
