SICK HEADACHE

A Symptom of Troubles Which are Removed by Dr. Morse's Indian Root Pills.

Sick headaches are not merely afflictions to be borne as patiently as possible... They never come unless the digestive system is out of order, and their regular recurrence is proof positive of serious trouble and a warning that should be heeded promptly.

These terrible headaches permanently removed by Dr. Morse's Indian Root Pills.

Sick headaches are caused by indigestion, biliousness or constipation, and no amount of "headache powders" will do more than temporarily relieve them.

Dr. Morse's Indian Root Pills are purely vegetable in character, and are free from any harmful drug. For over fifty years they have been in constant use in Canada, and have proved most effective in regulating the bowels, aiding digestion, banishing sick headaches and restoring vigorous health.

Dr. Morse's Indian Root Pills have stood the test for over fifty years. 25c. at all dealers. W. H. Constock Co., Ltd., Brockville, Ont.

Range Talks by the Housekeeper

No. 1. Subject - "The Appearance of a Range"

"It's nonsense to say that the housewife does not prize a beautiful range—YOU may as well say that a woman does not prize a nice home. Most women like beautiful things—they like every room in the house to reflect their good taste.

"And yet, the beauty of the 'KOOTENAY' Steel Range is quiet and refined showing real artistic merit on the part of the designers.

"Show me a woman's kitchen and I will tell you what the rest of her house is like—If the kitchen is spick and span; if there is a beautiful range there, you can rest assured that the lady is the mistress of a well appointed home, not necessarily a lavishly furnished home, but a home that is tidy and clean; just as beautiful as the family treasury can afford to have it.

"The nickel adornments are rich—McClary's famed 'Duplex' nickelling process makes for lasting beauty. Combine this with the beautiful, smooth, burnished surfaces of this range—surfaces that stay as smooth as polished plate glass, and you can easily realize why delighted users call the 'KOOTENAY' Steel Range the most beautiful of all ranges.

"We wish you all success in Canada, and trust that much progress will be made in the movement in your great Dominion.

"Yet, the 'KOOTENAY' is easily kept clean because the carving is big and bold—none of that elaborate, superfluous tracery which is such a heart-breaking feature of common ranges and so difficult to clean.

"The first thing a woman notes about a range is its appearance. You cannot evade that fact, you cannot afford to ignore it. The appearance of a range is of great importance to every housekeeper, and our biggest range makers know it.

"Now—I do not say that a beautiful appearance is the important essential but it is of primary importance, because we note it first. The Oven is the important essential—that's the subject of our next talk. And you can take it for granted, that the Oven of the 'KOOTENAY' is in keeping with its handsome appearance."

"For instance, look at this range—it stands out prominently—compels closer acquaintance—demands investigation.
