NEITHER ACCEPTABLE.
Pretty Daughter; So you don't like Jim?
Her Father: No, he appears to be capable of nothing.
Pretty Daughter: But, what objection have you to George?
Her Father: Oh, he's worse than Jim. He strikes me as being capable of anything.—Stray Stories.

Is Health Only a Game of Chance

If you are accustomed to look on health as a gamble you will probably prove a loser early in the game. Some may hold on to health and life for considerable time and defy the laws of nature, but there are many rules of the game which are conducive to health and long life. Take nervous diseases, for example. There are many symptoms to warn one of the approach of nervous exhaustion, long before there is danger of locomotor ataxia or some dreadful form of paralysis. But they seem such little things that their danger signal is not taken, indigestion, irritability, loss of vigor and energy, discouragement and despondency, all point to low vitality and exhausted nerves. Dr. Chase's Nerve Food has been wonderfully successful in the cure of nervous diseases of a serious nature, such as prostration, locomotor ataxia and partial paralysis, but persistent treatment and considerable patience are necessary. On this account we prefer to think of Dr. Chase's Nerve Food as a preventive treatment, which overcomes these symptoms by rebuilding the feeble, wasted nerve cells and restoring vigor to mind and body. notice of. Sleeplessness, headache.

Dr. Chase's Nerve Food
50 cents a box, 6 for \$2.50; at all dealers, or Edmanson, Bates & Co., Limited, Toronto.
