ALUMINUM WARE POPULAR

Aluminum kitchen utensils, despite their high price, are being asked for by those who have come to appreciate their good points. The Winter's sales have been good and the growing demand is a mark of their popularity. For the woman who has to lift the heavy iron pots and kettles off and on the stove many times during the day, the cast aluminum pots are a welcome change. Their weight as compared with cast iron is a thing that to be felt is to be appreciated. They are said to meet all expectations as to their wearing qualities by those who have had them in constant use, as well as being found less liable to burn their contents than any other utensils.

HATS OFF LADIES SAID MINISTER

ATLANTIC, Ga., May 11.—A quiet rustle of surprise and, so far as the men present were concerned, of approval swept across the congregation of the Central Baptist church, Sunday evening, when the pastor, the Rev. R. L. Motley requested all of the ladies present to remove their hats. From pulpit to vestibule the church was crowded, every conceivable mode of the latest spring bonnet being represented. Among the prettier half of the congregation there came a soft dawn of smiles with only here and there a clouded brow, and then such a flutter of ribbons and roses and lace and feathers as only an April wind could otherwise have made in a garden of carefully kept flowers. All of the trousered element of the congregation nodded to each other in satisfaction and afterwards many of them were heard to remark that the innovation was an excellent one being more necessary at church than at the theatre. The immediate occasion of the Rev. Mr. Motley's request was a baptismal service, which was about to be performed and which would have been invisible to many of those present had some of the plumes and floral pieces remained at full mast.

Skirts and Shirt Waists

We have been saying nothing to you lately about our stock of Ready made Skirts and Shirt Waists—not because they are not here in abundance and of the best—but because we had not a chance to get a word in edgewise about them, we had so many other good things to tell you of. Besides our reputation for selling stylish and up-to-date garments in these lines, is well established, and ladies naturally turn their steps to this department when in need of anything especially nice. Never before, however, have we shown such extremely pretty styles at such moderate prices, and the demand for them is so brisk, we are continually ordering and so have always something new and pretty.

In skirts we can show you every stylish color and material, including a nice line of light and medium greys, which will be so fashionable during the coming summer with white or light shirt waists. Of the latter we have a very lovely display, dainty and stylish and withal cheap, commencing with dainty white waists at 49c each, on up through the various grades in lawn, embroidered linen, swiss muslin and white silk. We have also all fashionable colors in silk waists, which you should certainly see before you decide on anything, as they are as trim and dressy as you could wish for, at a much smaller price than you could have the same goods made up for. A line of beautiful high class black silk undershirts, is also worthy of your attention and is a luxury you will be tempted to possess once you see them. Only a few left of those elegant silk coats for ladies, which came to hand this week. Come quickly if you want one.
