ASSESSING THE VALUE OF HOUSE

WALKERVILLE, Que., Aug. 4.—The new residence of E. C. Walker, which has been completed but a short time, and at a cost of almost $200 000, was assessed at $100,000 by the Court of Revision, but the decision of Judge Horn and Bell and McWatt places the assessment at $30,000.

According to the law governing assessments, a house is assessed at what it would sell for. It was held by the Judges that the house was so valuable that no one would pay so much for it. Therefore they placed the assessed value at $9,000 for the house as the price which would ordinarily be as high as for any house in Walkerville. The land was not charged from $21,000.

Rheumatism

Does not let go of you when you apply lotions or liniments. It simply loosens its hold for a while. Why? Because to get rid of it you must correct the acid condition of the blood on which it depends. Hood's Sarsaparilla has cured thousands.

AMERICA'S CUP RACES PROBABLE

NEW YORK, Aug. 4.—A special cable from London to the New York Times says: Sir Thomas Lipton, whose anxiety to challenge again for the America's cup is well known has made the suggestion to a number of prominent yachtsmen on this side of the Atlantic that in case he sees his way clear to a formal challenge, he would like to secure a concession from the New York Yach Club allowing him two build two yachts, sail one against the other and send the better boat against the defender. He firmly belives he is justified in seeking this concession. The defending side, as is well known, has the privilege of trying out its boats, but the challenger must under the deed of gift, name the boat with the challenge. Yachtmen here who have discussed this matter informally, seem to agree with Sir Thomas that his desire to obtain such a concession is perfectly fair.

SATISFACTION IN TRANSVAAL

JOHANNESBURG, TRANSVAAL, August 4.—The proposals of the British Government for the establishment of a constitutional government were received here with a feeling of relief and were regarded as being reasonably democratic. It is anticipated that all the parties will accept the constitution and loyally try to make the best of it. The margin between Britons and Boers is so narrow that it is impossible to forecast who will obtain the majority in the first legislature.
