ST JOHN'S RELIGIOUS CENSUS.

Seven years ago, and again on Saturday last a religious census of the city of St. John was taken in the interest of local churches.

Each of the enumerators was carefully instructed and supplied with the necessary blanks and all started on their work simultaneously at one o'clock on Saturday afternoon.

STARTLING DIFFERENCE IN COM-

PLETION.

Many corn and wart cures contain caustics and acids, but Putnam's Eczema Corn and Wart Extractor is entirely vegetable in composition, never hurts and is sure to cure. Try it.

In Catholic houses. The questions asked by the enumerators may be thus summarized: The name of the family; number of members; number over 18 years; number attending church at least once a month; number attending Sunday school; denomination preferred; church attended; number of boarders, if any, and their church preferences.

There were 7,703 families and 34,208 individuals visited. Of these 19,381 declared themselves regular church attendants, and 8,051 attendants of the Sunday school, while 5,026 did not attend church, and there were 5,527 who neither attended church nor Sunday school.

SCOTT ACT FINES.

The Patriot, as in party duty bound, attempts to break the force of our arraignment of the Scott Act Stipendiaries and Prosecutors by imputing "sordid" motives to the pecuniary results. It says "because the amount (of the fines) does not equal the salaries paid to the officials."

To this grave charge, the gross neglect of duty on the part of paid officials, The Patriot has no answer. Nor has it any defence to make in regard to the release from jail, on the flimsiest of pretenses of convicted and imprisoned rum-sellers.

BUY HAZARD'S BRAHMIN TEA.

in the counties may be taken as a fair indication of where its real sympathies are placed. We regret that the more from a recent professions of an ardent zeal for prohibition.

It has been boasted that the Legislature will give the Packing Company "all they want." We shall soon know who can and who cannot be "whipped in" to vote for a measure which could not command a single independent vote on its merits.

Of the two City members one has declared himself opposed to the exemption of the Dominion Packing Company from taxation. The other member is the representative of the Packing Company and is acting wholly in their interest and not in the interest of the City.

Secrecy, irregularity and a suspicious line of action have from the beginning surrounded the movement to secure for the Dominion Packing Company favors denied to local industries and enterprises of our own citizens and taxpayers.

CONSUMPTION IS CONTAGIOUS.

everybody should exercise great care to prevent infection

At a recent meeting of the Philadelphia Board of Health, Consumption was added to the list of contagious diseases.

Probably the best safe-guard is Catarrhoxone. It keeps you from catching Consumption, and proves of great benefit even in the last stages of the disease.

Catarrhoxone is breathed right into the lungs. By its soothing influence the soreness caused by coughing is removed. The cough becomes less severe and soon ceases altogether.

Catarrhoxone is just as good as a change of climate, equally pleasant and cheaper. It can be used at home any hour of the day or night and never causes inconvenience to either.
