

GHT'S MILLINERY OPENING AT PATON'S

A long looked for event has passed Miss Delahunt's artistic efforts. A touch of Paisley was to be seen everywhere and gave a decidedly chic look to many an otherwise plain model as it blended into the ribbon and wings.

Miss Delahunt plays an important part in the trimmings this year and showed to decided advantage in bandeaux, cord and cabochons.

Ribbons are very fashionable and Paton's milliners certainly created some truly artistic bows, knots, etc for last night's opening.

Several of the models had the daintiest single or double ruffle of Valenciennes lace imaginable which made the chapeau simply irresistible and so becoming to the average face.

One could go on writing pages on the trimmings for never had Paton & Co such a selection of soft feather mounts, chateaux mounts, wings, plumes, etc, while the ribbons are simply gorgeous in colors and weaves.

There is surely a hat for every face in Paton & Co's showing and be it of

is bewildering and many willow plumes are used on dress models. For instance one black panne velvet hat had a drooping brim with white pleated silk facing finishing with a lace ruch and two magnificent sweeping willow plumes over the crown caught with handsome jet ornaments.

Another "dream" was one of the new turban mushrooms with gold lace accented plumed brim, draped and trimmed with velvet, in sunset shades, and was most becoming.

An Amethyst beaver with high drape toque, feather band and wings of the same shade, made a charming model as did also the black panne velvet, with mink hand round the crown set off at the side by a Paradise osprey. The effect was most attractive.

Probably the handsomest model was a large black velvet picture hat with soft pleated facing, very simply trimmed, but exquisitely dainty with small hand made roses in the different shades and was a fair sample of

John Murray, Clifton; Rev. G. E. and Mrs. Ross, and T. C. and Mrs. James, City, returned last evening from New Glasgow, N. S., where they attended the synod of the Presbyterian Church of the Maritime Provinces.

Musical Canada has the following to say—"In his recent series of Recitals given in the Metropolitan Church, music lovers had a good opportunity of hearing Mr. Wheelodon perform upon the organ, and although Toronto audiences have heard many world-renowned organists such as Eddy and Lemare, Mr. Wheelodon's playing did not suffer by the comparison." All should hear Prof. Wheelodon in the First Methodist Church, Wednesday, October 19th, 8.30 p.m.

The funeral of the late George H. Dillon, City, took place yesterday afternoon from the residence of his father, William Dillon, Grafton St. The remains having arrived in the city the night previous accompanied by the wife and daughter of the deceased and his mother, Mrs. William Dillon. The funeral was attended by a large number of the friends and relatives of the deceased and his family who paid their last respects to the memory of the late Mr. Dillon who was a well known and popular young man. His early demise is deeply regretted by many. The pallbearers were: Ernest DesRoches, William Gillis, John Griffith, Ernest Coffin, Percy J. L. Peardon and Herbert Vandenberghe.

A GOOD POSITION
 Can be had by ambitious young men and ladies in the lines of "Wireless" or Railway telegraphy. Since the 8-hour law became effective, and since the wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay between \$70 to \$80 per month, with good chance to advancement. The National Telegraph Institute operates six official institutions in America, under supervision of R. R. and Wireless Officials and places all graduates into positions. It will pay you to write them for full details at Cincinnati, O., Philadelphia, Pa., Memphis, Tenn., Davenport, Ia., Columbia, S. C. or Portland, Ore., according to where you wish to enter.

Rev. Mr. Hawley of Marshfield will conduct the services in St. James Church tomorrow.

The Northumberland did not arrive in port last evening until eight-fifty-five owing to the thick weather.

Misses Elsie and Muriel Tanton, city returned last evening from Halifax where they had been visiting for the past two weeks.

The Halifax Fire Department has purchased a fine steel grey horse, a ribbon winner winner at the Exhibition. The grey is five years old, weighs 1400 lb, has splendid action, and when tied at West Street Engine House hitched to an engine acted as if "to the manor born." He will be one of the three horses hitched for the Alexandra Engine at Bedford Row, the trio then being greys. "Farmer," a white horse will be in the middle with a grey on either side. The new grey came from P. E. Island and it is understood the Truro Fire Department were looking him over. He cost \$300.

At Tuesday evening's meeting of the fireworks Committee, Mr. Edwards was authorized to purchase another horse. The chairman has a weakness for greys, and it is understood he has his eye on another grey.—Halifax Chronicle.

Today's Guardian contains sixteen pages of news matter of general interest including the regular weekly Shakespearean sermon and the S. S. Lesson.

Tomorrow Harvest service will be held in St. Paul's Church. There will be special music. The Venerable Archdeacon Armitage, M. A., B. D., of Halifax will be the special preacher at the three services.

The mail train arrived in this city last evening at ten fifteen, twenty-five minutes late. The Murray Harbor train, due here at nine thirty-five was one hour late. Other inward trains yesterday were on time.

Prof. Wheelodon plays one of the largest organs on the American Continent. His compositions find a place on the programs of some of the world's best organists, including Edwin Lemare. It will be the opportunity of a life-time for many to hear him on the magnificent organ in the First Methodist Church, Wednesday, October 19th, 8.30 p.m.

A report was circulated around the City last night referring to the supposed death of a citizen. On enquiring it was learned that the rumor was entirely without foundation. It was not possible to trace it to its source, but it is evident that those who assisted in spreading it did not take the proper precautions towards ascertaining its truth.

The marriage took place in the Episcopal Church at Sydney on Thursday night last of Fred C. McLean of Railway Mail service to Miss Isabel Marion Morrow, daughter of the late Frederick Morrow, Souris. The couple were unattended, only immediate friends being present. The Rev. J. W. Godfrey, Sydney, brother-in-law of the bride officiated. Mr. and Mrs. McLean arrived in this city last evening and will remain here a week or more before leaving for Vancouver where Mr. McLean has been transferred.

The Boston Journal of Oct. 6th has the following which will interest the many in this province who know the contracting parties. The return of a marriage license at the Brookline clerk's office yesterday morning made known the marriage of William E. Haskell, Jr., son of Col. William E. Haskell of the Hotel Somerset and former publisher of the Boston Herald, to Elizabeth Rinehardt a widow of Bay Fortune, P. E. I., and the daughter of Hillman Peak of Green-bay, Wis. The bride's age is given on the certificate as 30 years old, while the bridegroom is twenty-one. Mr. and Mrs. Haskell were married by the Rev. W. W. Illife, pastor of the First Presbyterian Church at his home. Mr. Haskell met his bride at the North Station on the afternoon of the 19th, and in his automobile they went to the Brookline Town Hall, asked for a marriage license and also for information as to whom they could get to marry them, adding that they were in a great hurry to get into Boston and do some shopping and take the New York boat. Procuring the license they hurriedly left the clerk's office and after visiting the homes of a number of Brookline pastors located Mr. Illife, who married them. Mr. Haskell has for the past year has been living with his uncle, Herbert S. Woodward, of 12A Linden Street, Brookline, and is at the present time in the telephone business.

NEW OIL WELL RECORD GUSHER.
 MONCTON, Oct. 6.—A report from the Stony Creek area of the Maritime Oil fields states that Well No. 15 bored to a depth of 1440 feet is the largest gas producer yet struck, the capacity being placed at over five million feet daily. The well is 1775 feet, and further showed an increased pressure. This well is some distance from the others, north and west, in the direction of Moncton. The officials of the company are highly elated with the results as indication that the Stony Creek area alone will be equal to the supply of the city of Moncton for fuel and power as well as lighting. The daily capacity of wells already struck is about fifteen million feet.

ELDER'S SHEDS BADLY DAMAGED BY FIRE.
 MONTREAL, Oct. 7.—Fire last night, badly damaged the Elder Dempster sheds on their wharf and a considerable quantity of merchandise waiting to be shipped was destroyed. The loss will be heavy.

MASONS MAY EXPEL DETROIT LAWYER.
 DETROIT, Mich. October 5.—Excluded from the Detroit Bar for fraud and chicanery, George W. Radford, one of the most prominent attorneys in this city, was yesterday placed on trial before Oriental Lodge, A. F. and A. M. for unasonic conduct. Radford was disbarred several months ago from the practice of law, and for a year he has fought stubbornly to avoid a Masonic arrangement. The specific charge against the attorney by his Masonic brethren is the finding of the Circuit Court judges, upon which he was disbarred as an

Vacuum Cleaning the modern method

So splendidly effective is the "Vacuum" method of cleaning that large cities are now cleaning their streets in this way.

As applied to household work it removes dust and dirt quickly and effectively.

It does the work without doing the slightest damage.

All the house wife has to do is to order up the machine.

No need to lift carpets or anything of the sort.

Our new and powerful machine—with experienced operator—at your service for \$1.00 an hour.

And you'll be surprised how much dirt and dust—the real genuine article—can be extracted from APPARENTLY clean rugs, furniture, hangings and walls in an hour.

attorney. If he is expelled from his lodge Radford will also automatically be expelled from Detroit Commandery of Knights Templar, the Scottish Rite and the Shrine.

A BIG DEAL.
 "You look particularly happy today," said Citman.
 "I am," replied Snubbus; "I've just succeeded in getting our leading lady to sign for another season."
 "I didn't know you were in the theatrical business."
 "I'm not. I refer to our cook."—Catholic Standard and Times.

WHEN WOMEN TRAVEL
 It is now no novelty to see women traveling alone, though not many years ago few of them really took long trips without escorts. The modern business woman must make her trips just the same as the business man, and there are certain rules of procedure that she must adhere to.

FARM FOR SALE --AT-- LOWER MONTAGUE

That desirable property known as the "Peters' Homestead" is offered at private sale either with or without crop, stock and implements.

The farm contains 106 acres of land and fronts on Georgetown Harbour. There is on it sufficient lumber and fire wood for the farm supply and about three acres of swamp mud of the very best quality.

The house is large and new. It was repainted last summer for the first time. The barn is sufficiently large to store all the crop and to house the stock and is in good repair. There is also a pig house, woodshed and granary.

There is an orchard in bearing containing all the varieties required for a plentiful supply of apples, pears, plums, cherries, gooseberries, currants and strawberries for family use and a young 5 acre orchard set out last spring. The school and a Methodist Church are on the farm and a Presbyterian Church is less than 1.8 of a mile distant.

The crop consists of hay, oats (which took second prize in the "Fields of Standing Grain Competition") and oats and peas cut green for winter feed for cattle, and turnips. This will be sold in lots to suit purchasers.

The machinery was all new this summer.

It is one of the best and best located farms in Kings County and is being sold because the present owner's family homestead came into the market this Autumn and was purchased by him.

This farm was purchased last Winter at Public Auction for \$3800. The 5 acre orchard has since been planted and other improvements made. It is now being offered for \$4000, of which \$3000 may be secured on the farm.

For further particulars apply on the farm to Charles Ross, or to Theodore Ross, Charlottetown, P. E. Island.
