

FRIENDS THOUGHT HE WOULD DIE

FRUIT-A-TIVES Conquered Dyspepsia and Restored His Health.

MR. ROBERT NEWTON.

Little Bras d'Or, C. B. "I was a terrible sufferer from Dyspepsia and Constipation for years. I had pain after eating, belching gas, constant headaches, and did not sleep well at night. I lost so much weight—going from 185 pounds to 146 pounds—that I became alarmed and saw several doctors who, however, did me no good. Finally, a friend told me to try 'Fruit-a-tives'.

In a week, there was improvement. The constipation was corrected; and soon I was free of pain, headaches and that miserable feeling that accompanies Dyspepsia. I continued to take this splendid fruit medicine and now I am well, strong and vigorous".

ROBERT NEWTON.
50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

WHY BE ONE OF THE CROWD?

The DeVere Aviation will make you a competent pilot. Course of flying for Aero Club Certificate, under reliable instructors, correspondence course in technical instruction, directed by flying men. Admirable landing field. Trial Flights. Write for particulars.

THURSDAY

HERO RETURNS.—Mr. Stillman Johnson, has recently returned from overseas to his home in Georgetown. He left with the 105th Battalion in 1916, and expressed himself as being delighted to be back home again. Mr. Johnson receives a hearty and cordial welcome from his many friends, who are pleased to see that he is looking "fit" after his long absence. He is the youngest son of Mr. and Mrs. Charles Johnson of Georgetown.

SERIOUS ACCIDENT.—A short time ago Mr. George Warren, Head of Hillboro near Mt. Stewart, met with a serious accident, while working in his mill, a piece of board came in contact with a revolving saw and flew up striking him on the bridge of the nose causing a blood vessel to break. He bled so profusely, that by the time medical aid was secured, very little blood was left in his body. Good hopes are entertained for his recovery.

A deep gloom was cast over the home of Wm. J. DesRoches, Miscouche, on Saturday, when a telegram, was received announcing the death of his son Phileas in Denmark Hill Hospital, England. This young man before enlisting gave promise of a long and successful career. In 1915 he received his First Year Diploma from Prince of Wales College and immediately went to teach in Alberta. After four months teaching he felt the great need of soldiers for his country and he answered the call by joining the British Navy. He served in patrol boats for a while and then was transferred to a minesweeper, the Plethos, which was sunk in the North Sea, April 23rd, 1918. Four on board were killed, the others were rescued by another minesweeper which was called to their help by the noise of the explosion. Among these was Seaman DesRoches who clung to a piece of the wreck for 35 minutes. The poisoned water, which filled his lungs caused a disease which the best human skill was unable to cure. He was sent to six hospitals where different treatments were tried. After two operations, when part of his left lung was removed, the doctors thought he would recover but once again human hopes proved vain. A third attack, longer and more painful, came on and his weakened body could not stand it. Another victim was sacrificed to German cruelty, another name was added to Canada's honor roll. Three years ago he had willingly given up home and happiness and now at the early age of twenty three he bravely gave up his life. In his last letter written Sept. 1st, he says:—

"Dear Mother, do not worry, if God calls me I am ready. He gives and He takes away." What consoling words for his family in their hour of trial. Besides his father and mother he leaves to mourn him four brothers and one sister: Sylvère in St. Dunstan's University, Antoinette teacher in the Normal School, Willie, Andrew and Ben at home. To all of these the Guardian extends deepest sympathy for the loss of a dutiful son and a loving brother.

BROAD GAUGE CARS HERE.

The railway yard at Charlottetown, with the advent of a large consignment of broad gauge cars of various types, takes on somewhat the appearance of a large railway centre. The thing which many had long and anxiously hoped for came to pass and it is to be hoped that the presence of these large cars may mean the ushering in of bigger and more prosperous days for the Island. They arrived in Charlottetown on Tuesday evening and include quite a number of passenger coaches, observation cars and freight cars. The sight of cars bearing such names as Grand Trunk, Canadian Pacific, N. and W., Wheeling and Lake Erie, B. and O., etc., is certainly a novel one around here and the old stayers are inclined to rub their eyes and take another look in order to make sure they are not "seeing things."

Yesterday the first day of the Summer Exhibition was taken up principally with arranging the Exhibits and preparing for judging. Although the weather was fine the attendance was not very large from outside districts but all preparations are being made for a big day today as a large crowd of people from all over the Province is expected.

The quality of the exhibits in almost all cases surpasses and in many classes excel those of former years. The exhibits in the main building include a fine showing of articles of household and domestic science, fancy work, dairy products, fruit, flowers, vegetables, grains, painting, and woodwork.

A special class was opened this year for soldiers handicraft and a large number of exhibits have been entered including wood carving, reed work, weaving, embroidery and toys. The soldiers are to be congratulated on the fine work displayed in the outer buildings there is a fine showing of cattle, horses, sheep, pigs and poultry.

Mr. W. A. Miller and Mr. J. P. Roper, of Charlottetown have been appointed judges of the horses and cattle and Mr. Peter Brodie, of York, judge of pigs and sheep. Mr. J. G. Morgan is judge of poultry.

In the inner building Miss Florence Martin, of Charlottetown is judge of Domestic Science and household articles. Mr. J. T. Morrow judges the butter and cheese, Miss Minnie Wright, Miss Zilpha Sharp and Miss Eva McNeill are judges of the fancy work.

Today the formal opening takes place and the chief attractions of the day will be the aeroplane flight and the horse races.

In the evening a public meeting will be held in the Rink where a number of able speakers including Mr. McKenzie King will deliver addresses. The Rink has been fitted up with seats to accommodate over 3,000 people as a large attendance is expected. The Exhibition this year is under the direction of the officers of the Summerside Driving Park Association.—Mr. Creelman McArthur, President, Messrs. J. F. Arnott, Dr. E. T. Tanton, B. W. Tanton, E. H. Monkey, J. F. E. Wright, with Mr. W. J. Whitney as Secretary.

The Kings County Exhibition which was held in Georgetown yesterday was well attended owing to the beautiful weather and many attractions on the grounds.

There was no exhibition in Georgetown last year but the return of so many brave soldiers was an incentive to hold one this year and its success is amply shown in the better quality of the exhibits and interest taken.

The officers of the Kings County Exhibition Association to whose energy and initiative the great success of the affair is due are as follows:—

President—Mr. J. Leslie Poole, Lower Montague.
Vice President—Mr. S. B. Aitken, Aitken's Ferry.
Treasurer—Mr. E. P. McLaren, Georgetown.
Secretary—Mr. Andrew Lavers, Georgetown.

Prize list committee Messrs E. B. McLaren, Capt H. McPhee, E. P. McKinnon, J. A. Duvart, S. B. Aitken, J. H. McDonald, John D. Morrison and the Georgetown Women's Institute.

Mr. S. S. Hessian, M. P. P., acting as chairman spoke at great length representing the President and officers of the King County Exhibition Association and called upon the Lieut Governor, Hon. Murdoch McKinnon who gave a short review of the changes in exhibitions since 1884. He showed how the Farmers Institutes the Women's Institutes and the schools had combined to bring about the co-operation which resulted in the improvement year by year until the present success has been attained.

The next speaker was the Hon. W. M. Lea, Commissioner of Agriculture who gave a very interesting talk and who criticized very ably the different classes on exhibition, laying particular stress on the live stock.

The exhibit this year is not as large as formerly but the quality has greatly improved, especially in the fruit classes where the competition was very keen and in the butter, floriculture and household science departments the classes were well filled.

A great deal of attention was attracted to pen and pencil sketches and drawing from original designs.

FRIDAY

P. E. I. HORSEMAN IN ST. JOHN.—Hammond Kelly, of Charlottetown, is a guest at the Victoria. Mr. Kelly is the owner of Colorado L., the horse which established the track record of 2:13 at the Charlottetown races, this year. He is taking his horse through to Boston on Saturday. St. John Telegraph.

INJURED IN P. E. ISLAND.—Says the Moncton Transcript: The ambulance was given a hurried call at 1:35 Wednesday morning to convey Mr. Gilbert Thompson to his home from the depot. Mr. Thompson was recently in P. E. Island and while there met with an auto accident in which he suffered serious injuries to his legs. He is now reported resting comfortably at his home in Westmarket Street.

FIRE AT BRADALBANE.—A bad fire occurred at Bradalbane on Thursday night, September 25th when all the outbuildings belonging to Mr. Fred Bennett of that place were destroyed. The loss consists of two barns burned down, wood house, ice house, can house and cannery, including all Mr. Bennett's supply of hay, three painful, a large quantity of lumber and a lot of canned goods, a quantity of dry fish, steam boiler and engine and other machinery. The origin of the fire is not definitely known but it is thought that a spark from the flued caused it. The fire was discovered at 1 o'clock on Thursday night. The loss is partly covered by insurance held with W. K. Rogers, Ltd.

BRIDAL SHOWER.—Miss Pearl Mitchell, City, a popular young bride-to-be was rendered a miscellaneous shower and dance by her friends at the Orpheus Hall Wednesday evening. About a hundred were present. Miss Mitchell was "showered" with numerous handsome and valuable gifts which were brought into the hall in a beautifully decorated wagon drawn by little Dorothy Holman. This was done just after the "cat was let out of the bag," the said arrival bearing an envelope containing the wedding announcement, the date being October 8. The blushing groom-to-be was also remembered being presented with a handsome mahogany table. After the "shower" dancing was proceeded with and a most enjoyable evening was spent.

WEDDING BELLS.—Never did the bells of St. James' Church, Free-town, send forth more joyful hymenaeal peals than on Wednesday, Aug. 20th, when through the portal of the sacred edifice passed the bridal procession of which the principals were Leonard J. McCarroll and Miss Melinda Murphy of Free-town, to the strains of the wedding march, beautifully rendered by Mr. John Noonan, while Miss Catherine Cash, sang hymns appropriate for the occasion. The bride who was handsomely attired in a gown of pale blue satin trimmed with georgette crepe and beaded fringe, wore a long bridal veil gracefully caught with a wreath of orange blossoms and carried a bouquet of white carnations. The bridesmaid, Miss Ida McCarroll, sister of the groom, was dressed in pink crepe de chene with a cap to match and carried a bouquet of pink carnations. The groom was ably supported by Mr. Emmet Murphy, brother of the bride. After the marriage which was performed by Rev. Francis MacQuaid the bridal party motored to Charlottetown where a sumptuous dinner was awaiting at the Revere and returned in the evening to the home of the bride's parents.

ROTARY CLUB.—The Rotary Club had an unusually interesting meeting last evening when they dined together in the Rose and Grey under the genial chairmanship of President Walter S. Grant. Rotarian Sidney reported that the Boys Welfare Committee had tabulated the information obtained in the recent census and had communicated the results to the various clergymen interested. Rotarian Webster on behalf of the Entertainment Committee reported that arrangements were well advanced for interesting programmes for all this month, especially on 16th inst when a Boys Night would be held, every Rotarian being expected to bring one or more boys to be entertained. The President intimated that the International Directors had voted \$10,000 for the relief of the sufferers from the Corpus Christi disaster and that Charlottetown's quota was \$30. He also intimated that Rotarian R. H. Campbell had been selected to represent Halifax and Charlottetown Clubs at the great Educational Convention at Winnipeg. At this stage an interesting ceremony took place when Rotarian Consul Pierce on behalf of the Club offered hearty felicitations to Rotarian Fred Burke on his marriage and presented him with a silver tea service as a token of the member's regard and good wishes. District President Inman announced the names of those going to the New England convention at Augusta, Maine, and intimated that the Maritime Province Conference would be held here in February. Rotarian Vanbuskirk gave an interesting address on the Trafalgar Day campaign of the Navy League and invited the individual support of the members which was promised. The proceedings concluded with a symposium on "What gets Your Goat?" all the members contributing, some of them very feelingly.

VICTIMS OF SHIPWRECK.—The steamer arriving at Souris Wednesday afternoon from the Magdalen Islands brought the crew of a schooner and about eight families who had the misfortune to be shipwrecked at Etang du Nord. The schooner bringing them it is said was on her way to Souris from Labrador where the families intended locating. Their vessel during thick or stormy weather went ashore at Etang du Nord in the Magdalens and proved a total wreck.

VALUABLE DOG KILLED.—Professor S. N. Earle of this city has lost a faithful friend. His beautiful hunting dog, an English setter is no more. While Mr. Earle and a friend were on a shooting trip in the country the Professor's dog rushed out of the woods at top speed after some game, crossing a road where an automobile was passing. The animal was going so swiftly that he could not stop himself and ran directly in the front of the auto which went over him. The animal only lived a few minutes. Prof. Earle highly prized the dog which was an exceptionally intelligent animal. The two were inseparable and the Professor feels very sorry over his loss.

The races at Summerside yesterday were witnessed by one of the largest gatherings ever seen on the Summerside track and the interest was proportionate to the attendance. The weather was ideal and the track in excellent condition. Following is the summary:—

SUMMARY.
