ACUTE PAINS IN THE BACK Caused by Lumbago, a Form of Muscular Rheumatism.

Lumbago is sudden in its attacks and is so intensely painful that the sufferer is often unable to move, even to turn in bed or rise from a chair.

The trouble chiefly occurs among working men, among whom it numbers thousands of victims. As the attacks come on quite frequently and are so torturing, this disease means much loss of time and money as well as the endurance of much suffering.

No victim needs to be told that lumbago, lumbago and outward treatments will not cure the disease. This kind of treatment is merely a waste of time and money.

The trouble is really a species of muscular rheumatism, and is due to poor blood, and can only be cured through the blood.

It is for this reason that Dr. Williams' Pink Pills are so successful in curing this trouble, and those who are afflicted by it should lose no time in giving the Pills a trial.

If the treatment persisted in the disease will be driven from the system and the cure be made permanent.

In substitution Mrs. Alfred Derby, Etterville, Ont., says: "A few years ago I was attacked by excruciating pains in the back which the doctor called lumbago. I was not able to do a bit of work about the house, and suffered dreadfully every time I moved about."

I took the doctor's medicine all winter, and used liniments, without getting any relief. In a thoroughly discouraged condition I began using Dr. Williams' Pink Pills. After using six boxes I was better and able to do all my own work, and have not been afflicted with the trouble since. I now always recommend Dr. Williams' Pink Pills to those afflicted with lumbago.

These pills are sold by all medicine dealers or may be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

S. E. King, Ottawa, was a passenger from Charlottetown on the mail special last night.

The friends of Wesley Jay of Fanning Brook will be pleased to know he is improving after his severe attack of sickness.

ALEXANDER MCPHAIL DEAD. There passed peacefully away on the morning of December 25th, 1912, at the advanced age of 86 years a venerable and highly respected resident of Argyle Shore in the person of Alexander MacPhail.

He was for many years an elder of the Church of Scotland, having been ordained by the late Reverend Donald Macdonald and always performed the duties of that sacred office in a manner excelled by few. He was always present in the prayer-meeting where his fervent supplications received many an answer in blessings bestowed upon the congregation.

In the Session his wise counsel and good advice was always followed in seasons of prosperity. He was a faithful defender of the doctrines of the Church and a zealous upholder of its discipline.

In the community he was a kind neighbor and was always ready to contribute to its material and spiritual wants. In the home his Christian influence was always felt, and the family, although most of them are now far from the old home, have all profited from the example of their father.

He leaves a large number of friends and relatives, a widow, six sons, and two daughters—James and Goodwill at home. Ewen in Ottawa, John in Lowell, (Margaret E.) Mrs. Angus Martin in Jamaica Plains, and Malcolm, Archibald and Flora in Calgary. The funeral service was conducted by his pastor the Reverend

James MacDougall who paid a glowing tribute to his departed friend and showed that the secret of such a life was explained by the fact that in early life he had experienced the saving power of his risen Lord and had risen with Him into newness of life. His remains were laid to rest in the Kirk Cemetery at Argyle Shore.

(Special by Phone) SUMMERSIDE, Feb. 12.—Another stage has been reached in connection with the fox stealing.

Wm. Hayes and Mrs. Thomas Murray were arraigned in Stipendiary Magistrate Wright's court at Summerside which convened at 12.30 today.

The first prisoner, Wm. Hayes, was charged with breaking in and stealing a pair of black foxes from the ranch of Carruthers & Barbour at Mill River on the 5th inst. His case was remanded over till Wednesday, Feb. 13.

Tanton appeared for the crown and Saunders for the defendant. Mrs. Thomas Murray next came up for examination. She was charged with harboring stolen property namely a pair of Black foxes from the ranch of Carruthers & Barbour knowing them to be stolen.

The first witness was Henry Gard a farmer at Mill River. He said that he was one of the partners in a fox ranch with Geo. and Edward Barbour, Frank Langille, Christopher Carruthers and some others. The ranch was situated at Mill River. Langille was the care-taker and they had one pair of black foxes. He knew the foxes were stolen on Feb. 5th but did not go to see the ranch himself after the foxes were stolen. He said that one fox was recovered the following Friday night at Jacob Barbour's house. The witness was present at the time. George and Edward Barbour and William White were also there. He did not think that Mrs. Thomas Murray was there. Jacob Murray and Thomas Murray were present at the time. There was a hole in the bag and one fox had escaped. He learned that the fox was recovered since but had not seen it. He knew the foxes in the ranch by sight and could swear that the fox he found at Murray's was one of them. He knew nothing more about the business than he had already told the court.

The next witness examined was William White. He said he knew Mrs. Thomas Murray, and that Thomas Murray lived at Elmshade with his father Jacob Murray. Witness was to Jacob Murray's on Wednesday, Feb. 6th with a search warrant, looking for a pair of foxes stolen from the Barbour ranch. He searched the barn first and then the house and was there about two hours. George Barbour, Henry and Frank Langille and John Hardy were with him. He did not find any foxes that day or

Asthma, Catarrh, Whooping Coughs, Spasmodic Croup, Bronchitis, Coughs, Colds. Vapo-Resolene. A simple, safe and effective treatment for bronchial troubles, without dosing the stomach with drugs.

Was Afraid COLD WOULD DEVELOP INTO Bronchitis.

Bronchitis begins with a tightness across the chest, difficulty of breathing, and a wheezing sound comes from the lungs. There is also a raising of phlegm from the lungs, especially in the morning. This is at first white, but later becomes of a greenish or yellowish color, and is occasionally streaked with blood.

On the first sign of a cold or cough take Dr. Wood's Norway Pine Syrup and prevent it turning into bronchitis, for once bronchitis gets installed into the system it is only a short step to Consumption.

Mrs. F. Saunders, Toronto, Ont., writes: "It is with great success I have used Dr. Wood's Norway Pine Syrup. My little girl had an awful cold which seemed to go to her throat and chest, and while she was sleeping one could distinctly hear her wheezing. I was afraid it would develop into Bronchitis, so as soon as my husband came home I sent him right away to get a bottle of Dr. Wood's Norway Pine Syrup. As soon as she continued its use until she became quite better. We only used half a bottle. I will never be without it as I consider it invaluable."

Be sure you get "Dr. Wood's" when you ask for it. The price is 25 and 50 wrapper, and three pine trees the trade mark. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

(Canadian Press) MEXICO CITY, Feb. 10.—The situation is unchanged to-day. Diaz whose bold stroke on Sunday almost overthrew the Madero administration held the army in a leash in the arsenal.

The scattered government forces did not dare attack his fortified positions. Diaz, hoping to gain complete control without further loss of life, refrained from turning the heavy guns on the national police.

General Huert's position has not materially altered, although 500 blanquists soldiers and a small detachment of rurales have arrived in the city. General Huert, the newly appointed post commander under Madero, expects said but it has not yet arrived.

During the morning Huert believed he was justified in attacking the rebels but Diaz' men trained their guns down the streets leading to their positions and prepared to resist. Diaz seems dilatory and it is believed this will lead to him being crushed or starved into submission. That riots will occur at any minute will be no surprise but nothing has been done during the day.

(Canadian Press) CHICAGO, Feb. 11.—A thrilling picture of the probable manner in which Robert F. Scott and his four companions met death on an ice barrier close to the earth's southern extremity was painted verbally by Capt. Raold Amundsen, discoverer of the south pole, who was in Chicago to-day. It is hard to say just what happened, "but we can imagine, perhaps, although it is horrible. We know of course it happened about the 79th parallel. They were down on a barrier not on a plateau. Just about there our positive knowledge stops. Certainly they were exhausted and starving and may be they had scurvy among them, at any rate they were not in condition to meet the terrible blizzard when it came. Not that blizzards are unusual and Scott would be prepared for them for he was no amateur. One may always expect blizzards in that country, but there they were, those forlorn fellows, struggling along without even ponies to draw sledges for they had sent back their last ponies when they reached the point 150 miles from the pole on their journey southward. They were drawing their own sledges weakened though they must have been. They had no dogs and that was their mistake I am afraid. Always before then there stretched that awful waste of ice." Capt. Amundsen made it plain that the fate of Scott and his aides would not deter him in his plans for the North polar expedition next year. "Why should I hesitate," he asked. "These affairs are sad, but really not uncommon. They are but what one may expect. I shall start, and I believe I will be successful. The story that I will take an aeroplane in nature." Capt. Amundsen sent the following telegram to the Scotts: "Commander of the Terra Nova, Littleton, N. Z., Deep sorrow on loss of your comrades. Congratulations on success of expedition."

WAS WEAK AND RUN DOWN. NOT ABLE TO DO HER WORK.

Many women get run down, and are unable to look after their household duties, owing to their nervous system becoming unstrung. Day in and day out they have to go through the same routine of work, sweeping, dusting, cooking, etc. No wonder their work gets on the nerves and they become run down.

When a woman gets into this state there is only one thing for her to do, and that is, to get something that will build up her system.

For this purpose there is not an equal to Milburn's Heart and Nerve Pills. Their restorative action is felt on every organ and tissue of the body, and in a short time the weakness will give place to strength and vitality, and make life worth living.

Mrs. Henry McIntosh, Oliver, N.S., writes: "I would recommend Milburn's Heart and Nerve Pills to anyone who is weak and run down. I was not able to do my work, nor rest at night for four years. After taking seven boxes, I am entirely cured, and can recommend them to anyone suffering from heart or nerve trouble."
