Whenever I want a more brilliant shine
Upon these household requirements of mine,
'Tis the famous "Old Dutch",
That gives the right "touch",
To such articles as these every time.

Written by Kathleen Doyle, Pleasant Grove, P.E.I.

Old Dutch saves work and money for thousands of women because it cleans quicker and does more cleaning per penny of cost. The reason is, it is made with surface-saving SEISMOTITE (pronounced si-mo-tite)—a natural cleaning and polishing material of volcanic origin that is specially processed and compounded with other fine ingredients according to the famous Old Dutch formula. Old Dutch adds years to the life of porcelain and enamel, glassware and metals, kitchen utensils and painted surfaces because it doesn't scratch.

Prove to yourself that Old Dutch lasts longer and costs less to use by dating the next package you buy. There is no substitute for Old Dutch quality and economy.

THE PRINCE'S GOOD 'BAG'

There were five guns in the shoot. The total bag was nearly 1,000 birds, most of which will be sent to hospitals and charitable institutions.

The Prince of Wales shot several hundred pheasants in Windsor Great Park and Forest recently.

MORE AND BETTER PUPS

Ranchers are this year retaining their highest class foxes and expect first-class results in increased litters of superior pups. To assure these desired results feed liberally with IMPERIAL FOX BISCUITS, the Biscuits that bring success in fox and fur raising.

Breeders are kept for one purpose—pups in the spring—the ranchers' source of income. Good business demands that breeders be fed to secure largest litters of pups possible. All the food the foxes get is what is fed them daily. Make sure it has the proper ingredients for health, vigor and growth of strong litters of valuable pups. IMPERIAL FOX BISCUITS have all the elements and vitamins required to secure these results.

MERMAID SCHOOL CLOSING

The semi-annual examination of Mermaid School was held on the afternoon of December 21st with a large number of parents and visitors present. The pupils were examined by their teacher, Mr. Hollis H. Jenkins, and showed by their prompt and accurate responses the careful training that they had received during the term.

Deserving of special mention was a spelling match by the senior pupils; many complimentary remarks being heard regarding them. After the examination was concluded a program was presented, all numbers being rendered in a manner creditable to teacher and pupils. Mr. Vernon S. Munn occupied the chair, during the presentation of the following program, each number was received with much applause.

JOINT CELEBRATION

The Aome Rebekah Lodge and Hillside Oddfellows Lodge held a joint celebration on last Tuesday week in the L.O.F. Hall at Montague in honor of the founding of the Order in America by Willey. The evening passed pleasantly with games and music. A short humorous play was given by four members, Ruth Victoria, Francis Coffin, Mrs. Miller Mellish and Bertram Stewart. This proved a very popular number. Much consternation was felt when the members tried going through a hoop. Some of them decided right there and then that they would go on a diet and reduce enough to get through next time in greater comfort. Jack Annear will always be remembered for the trouble he took in order to comply with the request of the Secretary to bring cream. Not only did Jack bring the cream but he brought the manufacturer of it right to the Lodge door on the end of a rope! The secretary will be more explicit next time and not write "Bring the cow" when he means "Bring cream."—H.

POTATOES APPRECIATED

The following letter has been received by Mrs. Lucy MacLeod, Brookfield, P.E.I. Island.

Dear Madam: This note is certainly long overdue and I am certainly ashamed for being so long in thanking you. We received two sacks of potatoes and a sack of turnips and your note was in one of the sacks of potatoes. The United Church people of the Eastern provinces have certainly been very generous to the West during these years of depression.

To give you an idea of how much these potatoes and turnips are appreciated this will illustrate. We

CARGO OF FLOWERS FLOWN TO INDIAN RANI

Sixty-thousand roses were among a cargo of flowers taken by air plane recently from Bangalore to Waltair, India, for the Rani of Visianagram.

A report on the Madras Flying Club's activities points out that this demonstrates a further use to which airplanes can be put in India.

Roses transported by railway in India would probably have withered long before their arrival at their destination.

Yours sincerely,
MRS. JAMES A. MYRON
