—FUNERAL.—The funeral of the late Earl Grady will take place from the residence of Mr. William Humphrey Summerside (late residence of Mr. Grady) today at 1 p m to the people's cemetery. L.

—LOST HIS HAND.—Mr. Mark Bernard, of Egmont Bay, who has been employed at Borden, met with a very painful and distressing accident there last week. Whilst engaged in some work connected with shunting cars he had his right hand terribly crushed in the coupler. But for the good offices of a returned soldier, versed in first aid treatment, the unfortunate young man might have bled to death. He was brought without loss of time by auto to the Prince County Hospital, where it was found necessary to amputate the hand at the wrist and he is now making an excellent recovery.

—SPRING FROLICS.—In an article in the Toronto Saturday Night on "War Time Work in P. E. Island" mention is made of the "spinning frolics" which have now become a source of practical entertainment at Summerside under the auspices of the ladies of the Red Cross. Referring to the spinning of natural wool. Saturday Night says:—"The Summerside ladies have found a way to make even the much despised black sheep contribute his share towards the welfare of our Empire at war." Last week's frolic, which was a most enjoyable affair, with 14 wheels busy, was held on Wednesday afternoon at the residence of Mrs. Joseph Gallant.

Two Summerside men who have done their bit, Pte. Matthew Richard son of Mr. Joseph Richard, and Pte. Gloris Gallant, son of Mr. Eli Gallant who recently returned from overseas, arrived in Summerside Thursday night. The C. M. B. A. band with many prominent citizens in autos met the two wounded heroes at the railway station, and a rousing reception was given them, as they were conducted to their homes. Pte. Richard enlisted in the 105th, and over a year ago he received serious wounds in the spine, which confined him to hospital for considerably over a year. Pte. Gallant also enlisted in the 105th and was wounded in the arm. To these boys who have sacrificed so much the heartiest welcome home is extended.

No surgical operation is necessary in removing corns if Holloway's Corn Cure can be used.

Here are a Few of the Handsome Fall Coats Waiting for You at P. E. Island's foremost "Ready-to-Wear" Store

We are so enthusiastic about the new styles that we could fill fully two of these columns telling about the displays, but there is one thing in particular that stands out above the rest. The whole secret of the beauty of these new garments lies in their simplicity. Freakish styles are taboo—and you will not find a single one in this collection. We have exerted unusual efforts to have each coat represent a special style feature. The use of fur by designers is very important and just enough of it is used to reduce the cost and to give to the coat a smart touch of becomingness

Here we must limit ourselves to the description and if you are to choose the best style from among these, it is only natural that you be urged to make immediate selection.

Prices in a very broad range; these coats may be had as low as \$15.00 and rise step by step to \$85.00
