FRIDAY

PRISONER REPATRIATED.—Mr. James MacLean, Gaytown, has received a telegram that his son Russel MacLean, infantry, is officially reported from England a repatriated prisoner of war and arrived in England Dec. 24th.

—HOME FOR BURIAL.—Mr. William Flynn, Summerside, crossed over to Sackville on Tuesday where he met the remains of the late Ernest Lewis which were being forwarded to Cardigan for interment. Mrs. Flynn an Aunt of deceased and Mrs. G. Murray, Alberton, a sister-in-law, also left for Cardigan on Tuesday to pay their last tributes to one who had been so suddenly called away.—H.

The Registrar in this Province, under the Military Service Act, Mr. W. W. Stanley, has advised that by an Order-in-Council, passed at Ottawa on the 16th inst., any applications for extension of exemption pending, or which was pending on November 11th, 1918, or appealed or connection thereto will continue to be effective and all proceedings in relation thereto shall be supplied as long as the Order-in-Council remains in force.

By the same Order-in-Council as long as it remains in force, it is no longer necessary to notify the Registrar of changes of address, or return exemption certificates to him. All regulations re American citizens and foreigners are suspended. It is no longer necessary for the 19 class or British subjects coming to Canada to register under the M. S. Act.

It is expressly directed, however, that offences committed on or before November 11th, 1918, or convictions, sentences or prosecutions pronounced or pending are not affected by the above suspending order.

In view of the fact that the Dominion Police has been reorganized, it is absolutely necessary that all men registered under the M. S. Act carry their exemption certificates or birth certificates showing that they are not liable to registration. All obligations therefore in force re the duties of employers are still effective.

Another of the links connecting the past and the present has been severed in the death of Mr. A. E. Holland formerly of St. Eleanors and recently of Summerside, which occurred on New Year's Day at the advanced age of 83 years after a somewhat protracted illness. The late Mr. Holland was a prominent and successful farmer in St. Eleanors, retiring from active duty about a year ago when he took up his residence in Summerside. During his active years and indeed until very recently he, in the off seasons of his farming operations, made a specialty of hunting, his shooting preserves on the shores of Richmond Bay being the Mecca for many years of his friends who enjoyed the sport and his hospitality. Public spirited, genial and companionable and well informed on all matters of public interest, he was highly respected by all who knew him and although he fulfilled the measure of his years to a man who knew and loved him. He leaves to mourn his widow and the following sons and daughters: Edgar, Great Falls, Montreal; Mrs. Hoger, Eekville; Dr. Ernest Holland, Philadelphia; Miss Marion I. at home and Arthur at St. Eleanors.

To the widow and family in the loss of a deservedly loved husband and father the Guardian tenders respectful sympathy. The funeral took place Thursday from the late home in Summerside to St. John's Church, St. Eleanors where interment was made. The funeral service was conducted by the Rev. C. de Wolfe White. The pall bearers were Messrs Benjamin and Albert Tanton, Thomas Andrew and George McGowan, St. Eleanors; A. A. Brace and Thomas Linkletter, Summerside.

The Quick Way to Stop a Cough

This home-made syrup does the work in a hurry. It is prepared, and saves money.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is really prepared at home in just a few moments. It's cheap, but for prompt results it beats anything you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is just as good. Pour 2½ ounces of Pinex (50 cents worth) in a 16-oz. bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make 16 ounces—a family supply—but costing no more than a small bottle of ready-made cough syrup. And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, whooping cough and bronchial asthma. Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes. To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

ISLANDER KILLED.—Mr. John P. Gaudet of Richmond received word that his brother-in-law, Mr. George Larkis formerly of Kensington and now in Butte, Montana, had died from injuries received. The news did not state what the injuries were.

INTERESTING SERVICES.—Special evangelistic services are being held at North River and it might be permissible to suggest that those interested procure a card with the subjects to be dealt with during the Campaign. The Pastor assures a cordial welcome and shall be pleased to make your acquaintance. Come and bring a friend, tell others about the meetings. Special music at each service.—(Pat. please copy.)

LONDON, Jan. 2.—Great Britain is about to purchase the Belgian Congo according to rumor current in Government circles after a visit to Buckingham Palace Saturday by M. M. De Lacroix and French Premier and Colonial Minister of Belgium, respectively. The price is said to be \$350,000,000. Belgium's debt to Great Britain is estimated by financiers to be at least \$500,000,000.

COPENHAGEN, Jan. 2.—Riga is pan-stricken over the advance of the Bolshevik forces which are but eight or nine miles away and many families are fleeing the city, according to advices from Berlin. The Russian fleet will attempt to leave Kronstadt and meet the British in the Baltic. Two battleships and some cruisers manned by Estonians and Lithuanians tried to put out to sea recently but were fired upon from the Finnish coast and subsequently returned to Kronstadt.

LONDON, Jan. 2.—Two hundred and seventy sailors were drowned today as the result of the loss of the British steam yacht Iolaire, off Stornoway, Scotland. The yacht had 390 sailors on board. They were on a New Year holiday leave. The vessel struck on the dangerous rocks known as the Beasts of Hell, near Stornoway Harbor and only about thirty of them were saved. Many of these were terribly injured in their efforts to reach the shore. All the officers and crew of the Iolaire were lost. The Iolaire was a vessel of 262 tons. She was built in 1902 and before the war belonged to the estate of the late Sir Donald Currie.

Don't Prod Your Liver to Action

MR. OVERMAN'S BILIOUSNESS, CONSTIPATION, SICK HEADACHE, COLIC, THE CRIPPLED PALE.

The organs of digestion, assimilation and elimination—the stomach, liver and bowels—are closely allied, and the proper action of any of these organs is largely dependent upon the correct functioning of all the others. "Whipping" your liver into action with calomel or forcing your bowels with irritating laxatives or strong cathartics is a great mistake. A better, safer plan is strengthening and toning the whole digestive and eliminative system with Nature's Remedy (see Tablets), which not only brings immediate relief, but promotes and lasting benefit. It acts on the stomach, liver, bowels and kidneys, improves digestion and assimilation, overcomes biliousness, corrects constipation and quickly relieves sick headache. Get your system thoroughly cleaned and purified for good results. Liver and bowels working together in vigorous harmony, and you will not have to take medicine every day. Just take one N.R. Tablet occasionally to keep your system in good condition. Tablets are sold in 25c and 50c boxes. Remember it is easier and cheaper to keep well than it is to get sick. Get a 25c box and try it with the understanding that it must give you greater relief and benefit than any laxative or liver medicine you ever used or do not pay. Nature's Remedy (see Tablets) is guaranteed and recommended by your druggist.

LONDON, Jan. 2.—Polish troops have entered Frankfurt on the Oder, fifty miles east of Berlin, says a Berlin despatch to the Express, which adds that the Poles have occupied Barmen in Prussian Silesia and Bromberg in the province of Posen, 64 miles north east of the Posen city.

COPENHAGEN, Jan. 2.—A Polish force of 20,000 men is marching on Berlin, according to a despatch received here, quoting rumours at the German capital. Gustave Noske, a member of the Ebert Cabinet in charge of military affairs, is said to have ordered the 5th German division to meet the Poles.

QUEBEC, Jan. 2.—Three soldiers are known to have been killed and 57 injured when a troop train on the National Transcontinental Railway running West from Halifax was wrecked at 1.30 this afternoon at Clair siding, east of Glendyne, between Edmundston and Monk. The train which bore the number 1176 was carrying returned men and destined for Toronto and district and while the cause of the accident is not yet determined it is thought the derailment was caused by the spreading of the rails. The engine remained on the track but the coaches left the rails one of them completely turning over while 12 others were piled up in the ditch.

OTTAWA, Jan. 2.—If Robert Borden has addressed the following New Year's message to the Canadian people:

To the People of Canada:—We enter the New Year upon the morrow of the most startling and significant events ever chronicled in the history of humanity. During the past two months great empires have been extinguished, governments founded in absolutism have crashed, nationalities long held in bondage have been emancipated, new nations and with them untried international relationships, have sprung into existence. The victory which has been won by the forces of liberty and justice makes possible a higher and enduring victory which will secure to a war-devastated world the solemn and certain assurance of lasting peace. Unless that assurance can be given and fulfilled our present civilization rests upon an unstable foundation. Centuries of slow, painful progress have culminated in a world wide struggle rendered infinitely more terrible by the advancement of science and by increased control over the forces which nature has placed at the disposal of mankind. The burdens which the future confronts us are heavy but they are insignificant in comparison with the heritage which is ours. With solemn thankfulness for the blessing of peace, animated, in spite of all war-weariness by the spirit which has hitherto maintained our purpose, let us face the New Year with courage, with determination and with confidence. (Signed) R. L. Borden.

STOCKHOLM, Jan. 2.—A British naval squadron in a sea fight in the Baltic Sea has captured Nikolai Lenin's Minister of the Navy, Easkeinov.

In capturing Perm in the Ural Mountains General Gaidis, at the head of Czecho-Slovaks and his forces, virtually destroyed the Bolshevik third army, from which he took 31,000 prisoners, Gen. Gaidis's troops captured an armored train from which

Nikolai Lenin the Bolshevik Premier was directing operations in the region of Perm Lenin himself escaped but several members of his party were taken prisoners.

In addition to the 31,000 prisoners reported Gen Gaidis captured 5,000 railway cars 130 field guns, 100 machine guns, 40 automobiles an entire wagon transport armored train and several thousand horses. That his manoeuvre was a complete surprise to the Bolshevik troops is proved by the fact that he captured several prominent Soviet leaders at the headquarters of the third Bolshevik army.

LONDON, Jan. 2.—The British war Cabinet is considering a proposal which may have an important bearing on the future labor questions throughout the world, according to the Express. The proposal is to ask the peace conference at one of its earliest sessions to enquire into the question of an international adjustment of conditions of employment and to submit plans for a permanent international court and organization to secure joint action on such matters.

CONSTANTINOPLE, Jan. 2.—General Francheff De Sperry, Commander in Chief of the Allied forces in the Near East, made his official entry into Constantinople Sunday coming from Saloniki on board the French cruiser Patrie. He was welcomed by the Allied representatives here and the Chiefs of Staff of the Turkish army and Navy. During the passage through the Dardanelles the Patrie stopped over the spot where the French battleship Bouvet was sunk in March 1915 and religious and military memorial ceremonies were celebrated.

OTTAWA, Dec. 29.—Damage claims against enemy countries arising out of the war, are coming in to the state department in great numbers, classified under five general heads. They are of an infinite variety, some of them involving nice points of international law. Co-related with these claims are questions as to money owed in Canada to Germans by Canadians and stocks, securities and property owned in Canada by people of enemy countries. The claims aggregate thousands in number and millions in money total. They are passed on by a board of which Hon. Martin Burrell is chairman, with Mr. Thomas Mulvey, K. C., representing the State Department, Mr. C. C. Robinson the Justice Department and Mr. C. R. Forthith the Finance Department.

MONTREAL, Dec. 25.—Montreal brewers have decided to ask the Federal Government to rescind the order in Council stopping the manufacture of beer after January 1919. They argue that the war regulation regarding barley is no longer being observed. The brewers contend the ban should be lifted. Brewers announced that if the regulation is kept in force steps will be taken in the courts to have it declared illegal.

BELFAST, Jan. 2.—Sinn Fein prisoners here have barricaded themselves in the wings of the jail and declared their defiance of the authorities, military officers reported. The prisoners are said to have provided themselves for a long siege. They have hoisted a Socialist flag improvised from a bed coverlet and are playing revolutionary airs on instruments made from kitchen utensils.

LONDON, Jan. 2.—The situation in Ireland is causing grave anxiety to those who are in touch with that country. Startling developments are looked for at any moment. Sinn Fein will make the most of the sensational victories it achieved outside of Ulster and the 70 Sinn Fein members will meet in Dublin and constitute themselves a national assembly. They will appoint a President and proclaim the independence of the Irish Republic. The national assembly will begin to legislate at once and issue a proclamation. An attempt will be made to levy taxes and all attempts to collect imperial revenue will be resisted.
