

Take no chances—Use Helmex Capsules!

The safest, most efficient and least expensive capsule for ROUND and HOOK worms in foxes on the market. Made in Canada

1. The Helmex Capsules eliminate all danger of asphyxiation in case a capsule breaks in the mouth of the fox.
2. They may consequently be given in a small piece of meat, and need not be administered by hand, making the catching and handling of the fox unnecessary. (This, of course, does not apply to small pups.)
3. They are not absorbed by the system, and therefore do not injure the internal organs, as for instance liver and lungs.
4. They may safely be given to pregnant vixens, if necessary, without fear of abortions, provided they are given in a piece of meat.
5. They are guaranteed to remove ROUND and HOOK worms completely.
6. They require no inactive with after treatments.

PRICES:

	Box of 24	Box of 100
SMALL CAPSULES: for pups from 2-5 weeks	\$.70	\$1.75
MEDIUM CAPSULES: for pups from 6 weeks to 3 months	.85	2.25
LARGE CAPSULES: for pups of 4 months and older, also adult foxes	1.00	3.00

Money refunded if you are not entirely satisfied!

Milligan & Morrison have adopted the Helmex Capsules and recently bought 57,000 capsules. Fromm Bros., Hamburg and Thionville, Wis., recently ordered 29,000 small Helmex Capsules.

For Sale at All Drug Stores.

BEDEQUE

Mr. Douglas Murphy of Emerald, recently underwent a serious operation in the Charlottetown Hospital. His many friends wish him a speedy and complete recovery.

Miss Adeline Martin, of Emerald, entered the Prince County Hospital Monday and underwent an operation for appendicitis. Her many friends will be pleased to learn that she is doing as well as can be expected. Miss Martin was accompanied by her friend Miss Deighan of Emerald.

The service in the Central Bedeque Baptist Church on Sunday morning was attended by a large congregation. Pastor, Rev. A. G. Crave, bringing a very interesting sermon to his hearers. Sunday School followed and was equally as well attended. The evening service was held in Freetown Church despite the serious condition of the roads a large congregation was present. Rev. A. G. Crave gave a very interesting discourse. Special singing and music was rendered very appropriately by the choir.

Farmers in these sections of the country appear to be in somewhat of a quandry whether to purchase the usual quantity of fertilizer or not as prospects don't look any too good for improved prices of spuds this coming fall.

Miss Selma Myers and Miss Jennie Muttart and Mr. John Myers of Cape Traverse, were recent visitors to Centreville Bedeque.

The Young People's Group of the Centreville Bedeque Church, had a very successful meeting in the vestry of the church Wednesday evening, April 22nd. The president, Mr. Horace Wright, presided. Minutes of the previous meeting were read and approved. Roll call was answered by some thirty odd members, and some visitors. Business portion of the meeting followed, in which the election of new officers for the ensuing months took place, and resulted as follows: President, Miss Selma Myers; Vice President, Mr. Walter Craig; Secretary, Miss Mildred Craig; Treasurer, Mr. Hudson Jeffrey. These officers will resume their duties the first of May. Prayer, by Miss Sue Affleck, followed by "The Lord's Prayer," by all. The programme for the evening consisted of Scripture Lesson read by Mr. Robert Carruthers and explanation by Mr. Ralph Calbeck. The trial "debate" took place, as a very pleasant subject for debating on was "Reading feature on the programme. The speakers were: on the affirmative, Captain Hector Leard, assistant speakers, Miss Winnifreda Wright and Mr. Arnold Henderson. On the negative side were: Captain, Mr. Irving Toombs, assistant speakers, Mrs. Ralph Calbeck and Mr. Horace Wright. As this was only a trial debate there were no judges, but the speeches were very instructive and interesting and needless to say the points were very important ones on both sides. The speakers and the captains left nothing unsaid and are to be commended on for their splendid speeches and the interesting manner in which they expressed themselves.

The meeting closed by the singing of "Stand up! Stand up! for Jesus," followed by the Mizpah Benediction in unison, led by the pastor, Rev. A. J. Reynolds.

Though a great many farmers are waiting to purchase horses for the spring work they don't appear attracted to the western horses, but want locally raised horses, which they find are very difficult to procure and when they do it is either some old animal or, a very high priced one. Hay and oats prices still keep low, although hay is commencing to brisk up a little brighter now. One farmer has been selling some few done at the old price of \$10, while another farmer has been selling several tons at \$14 per ton. Here goes the old saying "What's one man's loss is another man's gain." Feed and seed oats are very low this spring compared with the last few years.

The monthly meeting of the Women's Institute of Middletown met at the home of Mrs. Keir Allen's on Tuesday evening, April 7th. The meeting opened with the Island Hymn followed by the Institute Creed in unison. Roll call was responded to by eleven members and an "article manufactured in Canada and where." This proved very interesting. Two visitors were present. The minutes of the previous meeting were read and approved. The visiting committee reported a number of visits made to the sick rooms. The school committee reported schools visited. New committees were then appointed. School, Mrs. Edison Wright and Mrs. John MacCardie; visiting, Mrs. Frank Curtiss and Mrs. Sutherland Wright. A committee of Mrs. Wilfred Craig, Mrs. Keir Allen and Mrs. Edison Wright were then appointed to prepare a portion of the programme for the District Convention. A general talk about raising funds for the Institute ended in a committee being appointed of Mrs. Wilfred Craig, Mrs. Keir Allen and Miss Smithe and Miss Curtiss to plan a measuring party, with Mrs. Colin Craig and Mrs. Sutherland Wright to look after the refreshments. The president asked for a question box for next night of meeting with helps and ideas to help plan a programme for the next three months. It was moved and seconded that the secretary purchase one dozen pencils for the use of the Institute. Roll call for next month to be answered with garden or pantry hints. The following programme was very much enjoyed: Chorus, My Own Canadian Home; patriotic poems, Miss Smith and Miss Curtiss; paper, Prince Edward Island Day, Mrs. Edison Wright; music, Mrs. Curtiss; contest, Doctors and Dentists on Prince Edward Island Day, Mrs. Edison Wright; duet, Mrs. Keir Allen and Mrs. Curtiss, after which meeting closed with the National Anthem. A dainty lunch was then served by the hostess, after which all adjourned to meet next month at the home of Mrs. Sutherland Wright's.

Mr. George Cahill, Central Bedeque, attended the funeral of the late Mr. Felix Murphy.

Mr. Basil Taylor of Freetown, was a recent visitor to Central Bedeque.

TRYON AND VICINITY

We are very sorry to report, that Mrs. Edson Mabey of Tryon, who was recently stricken with a paralytic stroke, is still in a very serious condition. Very little hopes are entertained for her recovery.

Mr. Horace Mabey of the Bank of Nova Scotia at Albany, spent last week-end at his home in Tryon.

Mr. Arnold MacCallum of Palmers Road arrived in Tryon on Friday of last week and is employed in farm labor with Mr. Kenneth McDonald of Tryon.

Mrs. John MacQuarrie and small son Donald, of Hampton, are spending a few days with her parents, Mr. and Mrs. Steford Mullins of Tryon West.

Miss Wanda Bradshaw of Middletown, P. E. I., is spending a week with her sister, Mrs. Earle Clarke of Augustine Cove.

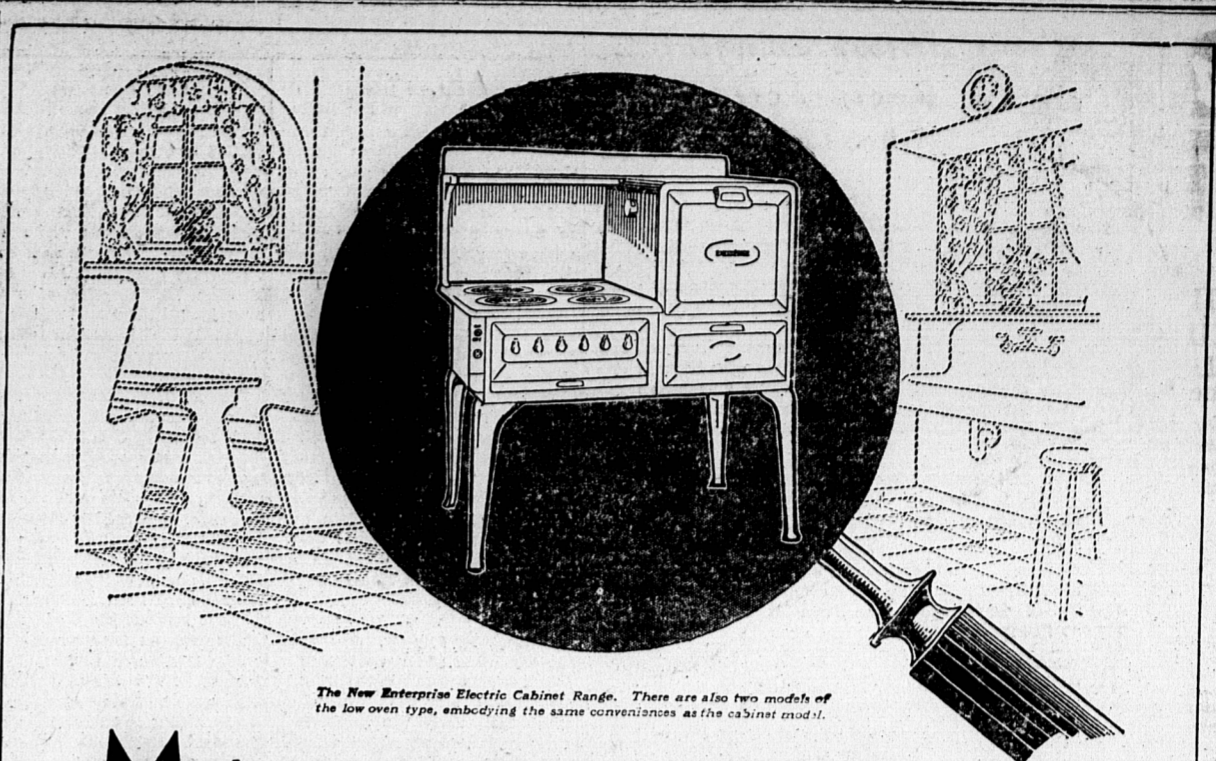

Mrs. Frank MacDonald of Crapaud has returned to her home after spending a few days very pleasantly with relatives and friends in Tryon.

Mr. and Mrs. Elmer Dawson and Master Kenneth of Augustine Cove, were Sunday visitors to Tryon.

Messrs. James Matheson of Inkerman, and William Quigley of Mount Tryon, were Sunday visitors to Tryon.

Mr. Sullivan Clarke of Augustine Cove, made a flying trip to Summerside on Saturday.

Dr. and Mrs. L. Calbeck of Crapaud, motored to North Tryon on

The New Enterprise Electric Cabinet Range. There are also two models of the low oven type, embodying the same conveniences as the cabinet model.

Modernize Your Kitchen with the Guaranteed NEW ENTERPRISE ELECTRIC RANGE

THOUSANDS of Canadian women have for years enjoyed the pleasures of cooking by electricity. They have found it not only makes cooking easier and better but also brings them more leisure, better health, and a cleaner, brighter kitchen to work in.

And now comes a super electric range—the New Enterprise—developed by the Enterprise Foundry Company, Limited, of Sackville, makers here in the Maritimes of good heating and cooking equipment for more than 42 years.

A Better, Improved Range

The New Enterprise Electric Range is up-to-date in every way. Just the very things a woman appreciates are features

of this modern range—plenty of heat for quick cooking—economical operation—ease of cleaning and beautiful appearance.

"Speedy-Heat" elements, specially designed by Enterprise engineers, make electric cooking quicker than ever. They are exclusive to the New Enterprise.

"Balanced load" switches, the latest improvement in electric ranges, ensure abundant heat even through the busy hours when there is a full meal to prepare.

A Bright, Clean Kitchen

The beauty of the New Enterprise in color combinations of Spring green and cream, or French grey and white, will make you doubly proud of your kitchen. The New Enterprise Electric Range is

extremely easy to keep clean—just a damp cloth will preserve its spotless beauty. It adds a charm to your kitchen that makes work easier—more pleasant.

Unconditional Guarantee

Every New Enterprise Electric Range is unconditionally guaranteed, both as to operating parts and general construction, by the Enterprise Foundry Co., Limited—a Maritime manufacturer with a 42-year reputation for good ranges.

All corners are smoothly rounded
Hinges and bolts are concealed
Racks and shelves are removable
Ovens are seamless and all-porcelain
Heating elements are detachable

Let us help you to find that "HIDDEN ROOM!"

... THERE'S one in nearly every home... a room that has been lost... overlooked in planning.

Maybe it's there just below the roof, or hiding in the basement, or out on the upper gallery at the back. Maybe you just call it "lost space," but what is a room but space within four walls? And we can show you how to provide the walls.

TEN/TEST Insulating Building Board—that's the secret. The all-Canadian board that insulates against heat, cold and sound.

So now you can have a comfortable den, or the children's play room, or the wife's recreation room, or the maid's bedroom... and all just produced "out of space" with TEN/TEST.

Telephone and ask us to help you locate your hidden room.

Selwood of Sleepy Cat

By FRANK H. SPEARMAN

IN THIS STORY of rapid action, Mr. Spearman has gone back to his early love—of writing tales of the West in stage coach and Indian days, when the railroad had just started to cross the frontier, when men lived enthusiastically, loved truly and were quick on the trigger. If you have read "Whispering Smith," "Nan of Music Mountain" or any of his other fascinating novels, we shall not be surprised if you find this one the best of all.

Will Appear as a Serial in The GUARDIAN Starting This Week

Sunday and were guests of Mr. and Mrs. George Calbeck.

The roads in Tryon and vicinities are now almost completely dry. In fact the dust is flying on some of the better roads. All the car owners are polishing and fixing up their autos for immediate use. No new cars have been purchased in the vicinity as yet.

Mr. Erle Thompson, potato inspector at Carleton, P. E. I., spent the week-end at his home in North Tryon.

Mr. Lloyd Howatt of the S. S. Prince Edward spent the week-end at his home in West Tryon.

PETERS ROAD AND VICINITY

The frequent showers of rain with which we are favored during the declining days of April are a great incentive to plant growth, and now the fields are beginning to don a verdant hue in response to the voice of spring.

The ocean of air which surrounds us is being filled with the feathered songsters that visit us annually. We have seen them and heard their song, yet it is amazing how little we know of them individually. How many Guardian readers are acquainted with one of the songsters which frequents our Island groves, but seems to keep at a safe distance from view. About the time of seed-sowing its curious notes are heard, which some have translated: "Sow the wheat, sow the wheat, sow the wheat." Others may hear it like this: "Hard times in Canada, Canada, Canada." Perhaps "Agricola" may be persuaded to give us some lessons

on "The Wild Birds of Canada" or of Prince Edward Island, including the one mentioned above.

Mr. Peter Morrison, who spent the winter months at his home, Peters Road, has again returned to Montreal, where for some years he has held an important position with the Donaldson, Anchor line of steamships as they ply freighted with the products of many climes to and from that great metropolis in the transatlantic trade.

Mr. Russell MacDonald, formerly of Peter's Road, but who about twenty years ago heard the call of the West and eventually located in Phoenix, B. C. Mr. MacDonald has arisen to the position of master mechanic in the Hydro-Electric Power plant at Phoenix, which he has held for some time. This promotion reflects credit on Mr. MacDonald's ability and ambition, entitling him to the deserving encomium as "one of our successful Islanders abroad." Mr. MacDonald is a son of Mr. and Mrs. David MacDonald, Peter's Road.

We are informed that Mr. Josiah L. Jenkins, proprietor of the Greek River Mills, has had a radio installed in his residence. This will be a pleasing innovation in the home, bringing as it does the world of song, the freedom of speech, and the religious thought of peoples hitherto separated by space. P.

REGISTRATIONS OF BIRTHS, DEATHS AND MARRIAGES

MARCH, 1931

OTTAWA, April 27—The Dominion Bureau of Statistics issues the number of registrations of births, deaths and marriages during the

month of March, 1931, in cities with a population of 10,000 and over at the last Census. Stillbirths are registered both as births and deaths.

Births registered in these cities in March numbered 7,436 as compared with 7,684 in March of last year, a decline of 3 per cent. Deaths in the months under review amounted to 4,168 as against 4,407 in the corresponding month of last year, thus showing a reduction of 5 1-2 per cent. There were 1,556 marriages in the month, making a decrease of 21 1-2 per cent from March of last year, when 2,001 marriages were registered.

Births registered during the three months January-March totalled 21,076, against 21,454 in January-March last year, a falling off of 2 per cent. There were 12,364 deaths in the three months, showing a reduction of 2 per cent from the figure for the corresponding months of last year, 123,333. Marriages during the three months' period numbered only 5,608 as compared with 6,416 in the corresponding months of last year. This constituted a decline of 12 1-2 per cent.

16 ROOM COLONIAL HOUSE BEINGS \$9

TOWNSEND, Mass., April 27—A sixteen-room Colonial house, dating from 1827, was sold here the other day for eight dollars, fireplaces and all. Frank Bonnet of Ashby bought the house at an auction held by the town. John McLean purchased a barn for one dollar; and Martin Dudley acquired a summer house for \$3.50. No sudden depreciation in values has taken place in Townsend, but the community wanted the ground as a school site, and the buildings had to be moved. Prospective buyers were few, because a large chimney tumbling through the centre of the house made

moving a difficult proposition. The town readily accepted the eight dollars bid.

Sam, who had fulfilled a lifetime ambition by buying a fur-lined coat, strutted down the street. A poor friend, shivering with the cold, said: "Pretty cold to-day, isn't it?" "Is it?" asked Sam, peering from the depths of his fur collar. "I really haven't looked at the paper this evening!"

DOOR AND WINDOW HARDWARE

The rattling and banging of doors and windows owing to insecure fastenings is a nuisance. Do away with it by installing the kind of door and window hardware we sell and recommend. These are absolutely safe and reliable and in every way satisfactory. We have anything that you want in up-to-date hardware
