THE CAPITAL OF THE WEST

Latest from Summerside and Prince County

Rev. Dr. Smith writes that he will return home from the Pacific Coast in time to conduct services in the Presbyterian church here on Sunday the 10th.

On Monday evening a reception was given to the Bishop of Nova Scotia on the grounds of St. Mary's rectory. Quite a large and representative audience of parishioners were present as well as others who desired to meet His Lordship. It was a happy evening. Every one seemed to enjoy the festivity and especially the few moments of conversation with the Bishop, who was, as is usual with him, genial and pleasant. The rectory was decorated with bunting and the national flag, as well as with Chinese lanterns. The whole scene, the decorating, the smiling faces of the interested assembly as they conversed together while partaking of refreshments was one which will not soon be forgotten by those who were privileged to be present. Besides the parishioners from Summerside, St. Eleanor's was well represented all desiring to do honor to this pastor in this diocese.

Among those who left by the Northumberland yesterday on the excursion to the Canadian Northwest are the following: E. H. Wright, Summerside for Moosejaw; Fred. Schurman, Hilliard Muttart and John A. Callaghan, Summerside, for Strathcona; Wesley Hogg, Summerside, for Moosejaw; Albert Rink, Summerside, for Strathcona; Joseph Rogers, Bedeque, for Moosejaw; John Johnston, Long River, for Strathcona; James McKie, Kensington, for Regina; William Clark, Wilmot, for Strathcona; John Gardiner, Bedeque, for Regina; Louis Taylor, and Austin Taylor, Granville, for Strathcona; A. L. A Teething Child Must Have Proper Diet and No Change of Food in the Hot Weather.

Teething itself rarely causes illness. It is the changing of food during the period that causes trouble and danger. When care is taken to feed the child with life giving and nourishing Lactated Food, the little one will fully develop and keep well during the time of dentition. Thousands of grateful letters from mothers tell of babies' lives saved by Lactated Food after all other forms of food failed to nourish and build up the body. When mothers feed their babies on pure and life-giving Lactated Food, the use of medicine is unnecessary. If your baby is cross, irritable and weak, be assured dear mother that you can make it bright and strong by feeding it with Lactated Food. Get it from your drugist; every tin guaranteed fresh and pure.
