THE TELEPHONE IN MANITOBA

WINNIPEG, Feb. 6.—After a year's operation the surplus of the Manitoba Telephone system is \$250,000, and after deducting the cost of six hundred miles of long distance lines, and a number of rural systems which have been constructed by the Government in January, 1908, the Provincial Government purchased the lines from the Bell Telephone Co. A reduction in rates will soon follow.

DELEGATES WHO GO TO WASHINGTON

OTTAWA, February 6.—Hon Sydney Fisher, Minister of Agriculture, and Hon. Clifford Sifton, former Minister of the Interior, and Dr. Beland, member of Parliament for Beauce, Quebec, have been named as the delegates from Canada to the International Conference for the Conservatives of Natural Resources, which is to be held in Washington on the eighteenth of this month.

DISSOLUTION IN GREAT BRITAIN

NEWCASTLE-ON-TYNE, Feb. 6.—Winston Churchill, President of the Board of Trade, in a speech last night, said that a general election is already on the horizon and will probably not be retarded. There has been rumor lately of considerable differences among members of the Cabinet on the Navy Question, an influential section being opposed to any great increase in the building program. It is believed, however, that Churchill was alluding to the probability of a dissolution of Parliament after the next session as an outcome of the difficulties incident to meeting a large deficit in the next budget. The Daily Express says that the Government is faced by a grave crisis. The Lords of the Admiralty demand six Dreadnoughts, and have threatened to resign in a body unless the program is accepted. Several members of the Cabinet, who considered four Dreadnoughts enough are wavering. Morley, Lloyd George, Burns and Winston Churchill oppose. Sir Edward Grey, the Foreign Secretary, as firmly upholds the Sea Lords' demands.

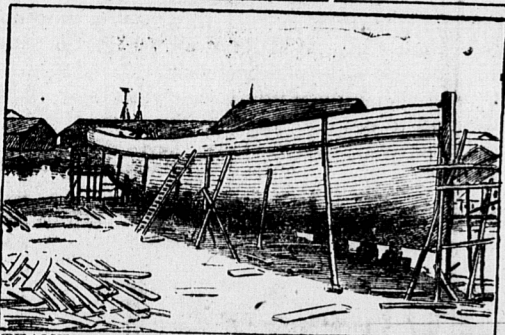

REV. B. J. BIDWELL. He is presently head Master of Bishop's College School Lennoxville but has been appointed rector of St. George's Anglican Church Kingston.

VERY DISASTROUS TORNADOES

LOUISVILLE, Feb. 6.—The death probably of twenty persons, the loss of hundreds of thousands of dollars worth of property, and the crippling of many telegraph wires resulted from series of small tornadoes which swept the Southern States yesterday. The storms were accompanied by hail, darkness, lightning, and sheets of rain.
