

SOME STARTLING FACTS

Regarding a Wonderful Discovery by the Famous Dr. Clarke.

To the Editor of the Guardian. Sir, With a view to afflicting the afflicted, I ask you to publish the following: I am 31 years old and for nine years have done absolutely nothing, owing to rheumatism; my hands feel in heart being affected. I was induced by my cousin to take Dr. Clarke's Wonderful Little Red Pills, and before I had taken four boxes I could go upstairs without help, and can now go up the stairs as well as ever I could. Two doctors told me that I never would be well again; but I have neither ache nor pain and am in perfect health.

GEORGE M. DUNCAN, 720 Albion St., London

I was troubled with rheumatism for 22 years, and could get about by no relief from the doctors. Six boxes of Dr. Clarke's Wonderful Little Red Pills entirely cured me. God bless Dr. Clarke.

(REV.) J. HUMMERT, Winnipeg, Man. John Williams, of the C. P. R. Works, Toronto, was cured of chronic rheumatism, after taking 10 boxes of Dr. Clarke's Wonderful Little Red Pills.

Dr. Clarke's wonderful Little Red Pills are a positive and certain cure for rheumatism, asthma, paralysis, coughs, lame back, indigestion, all stomach and liver troubles, female complaints, even when the disease has been standing for many years; the most stubborn cases will yield. For sale by C. D. Rankin, McDonald & McKinnon, Geo. E. Hughes, H. A. Ellis, J. G. Jamieson, A. W. THE AVALANCHE OF ROCK ON FRANK, ALBERTA, KILLING 140

Turtle Mountain, at Foot of Rockies, Its Crest Rent by Subterranean Fires, Blots out Section of Mining Settlement of 4,000 People.

Many Miners Entombed and Rows of Houses Smashed by Showers of Boulders—Destruction Came at Dawn—All Canada Aroused by News and Aid Promptly Sent to the Terror Stricken Survivors.

SEATTLE, Wash., April 29.—A special to the Times from Vancouver says: "By an unexpected and unprecedented disaster, 140 persons lost their lives in the little town of Frank, Alberta, this morning and further details may increase the number of victims. About 4 o'clock, after the night shift was preparing to come from work in a mine, either an earthquake or a volcanic eruption occurred at the top of Turtle Mountain, which overlooks the town of Frank. There was a tremendous upheaval which awoke all sleepers, who believed that the end of the world had come. The entire side of the mountain was blown up by the disturbance and millions of tons of rock scattered like chaff over the town. The mine buildings and mine entrances were buried under a pile of debris hundreds of feet deep. Nine horses in the village are buried under the rocks. Their roofs were crushed in like egg shells and everyone inside the houses perished.

Those working at the mine on outside jobs, numbering, it is thought, about 120, were instantly killed, although the exact number is not known. The records of the office and the payroll are buried under the immense pile of broken rock. There were 28 or 30 men at work in the shaft and these are now imprisoned by the debris and are undoubtedly doomed. It will take days to dig down through the pile of rock and it is not believed they can be rescued. The people of the town are panic-stricken as the mountain is still scattering rock and no one knows how soon the disaster may be duplicated. The uninjured

inhabitants are divided between a desire to stay and bury the dead and an impulse to seek a place of safety before they are overwhelmed by a greater calamity.

CALGARY LEARNS THAT DEAD NUMBER 136. Winnipeg, April 28.—(Special)—A special this afternoon from Calgary says: "Seventy men are dead as the result of a mine explosion at Frank. The cause of the holocaust is reported to be either an earthquake or a volcanic eruption, but supposed to be the latter. Telegraph wires around Frank are down and the only details had are those sent by the C. P. R. superintendent at Crambrook (B. C.) to the superintendent here. The report says that 75 men are killed outright and that there are still 50 or 60 men in the mine. Almost instantaneously a great volume of debris was thrown up and buried the surrounding country five or six feet deep, including the railroad track. It also damaged the river near the mouth of the mine. Fire was then sent to issue from the mouth of the pit and in an incredibly short time it had enveloped a row of houses in the vicinity and was at last reported spreading.

"If 60 men are imprisoned in the mine there is no doubt that they have either been suffocated or burned to death, and these, with the 75 killed, will bring the total up to 135, almost as many as were killed at Ferishe last fall. It is stated that Frank is a mass of rains and that the air is thick with coal dust."

NEWS DIRECT FROM THE DEVASTATED TOWN. Later in the afternoon the following dispatch was received (indirect) from Frank, showing that some measure of telegraphic communication has been restored.

"Earthquake happened about 4.30 a. m. whole valley below town for ever a mile wide shook up. Immediately after, what appeared to be volcanic eruption took place on top of Turtle Mountain, which overlooks the town, throwing tons of rock out and covering the mine entrance and buildings and burying them hundreds of

feet up. "All the people about the mine were instantly killed and over 30 miners imprisoned in the mine with little hope of rescue. Seven cottages buried under rock. "Loss of life is estimated at over 100, mostly women and children. A. Feitch, his wife and four children are among the dead. His three little girls escaped. Mountain still throwing up rock."

BRIGHT LITTLE TOWN MAY BE WIPE OFF MAP. Crambrook, B. C., 100 miles from Frank, wires: "At 4.10 this morning a terrific eruption occurred at Frank (N. W. T.), the earth opened a chasm three quarters of a mile in length throwing rocks 80 feet high and down the side of the mountain into the town, ruining most of the buildings, damming Old Man river with 40 feet of rock, covering the railway track for two miles east of the station with from five to 50 feet of rock. It also covered the mouth of the Frank mine, at which it is impossible to get as the rock is still coming down the mountain over the mouth of the mine in great quantities.

"Rev. C. M. Gordon, some years ago doing missionary work in that district, said to a reporter that Frank was a hamlet populated by the miners engaged in the surrounding country and if the report of the awful loss of life proves correct he fears that later despatches will tell of a small town with bright prospects being wiped off the map.

"The town is in the Lethbridge section of the C. P. R., 15 miles from Crow's Nest. It is situated well within view of the Rocky Mountains which are sharp and clear out on the western horizon, while the intervening country is a panorama of undulating plains. Frank itself is the name of a coal mining town which has grown up rapidly, and therefore there is little literature to be found descriptive of it."

HURRYING ASSISTANCE TO STRICKEN TOWN. Macleod, N. W. T., April 29.—Latest reports from Frank indicate that a volcanic eruption occurred there at 4 a. m. to day. The event opened up for three-quarters of a mile in length, and the millions of tons of rock slid off the top of Turtle Mountain, which overlooks the little town. The coal pit mouth and several buildings near there were buried. It is estimated that the loss of life is about 70 residents of the town, and in addition, about 50 miners who are entombed in the mine.

The Canadian Pacific Railway Company at once arranged for trains to convey doctors, nurses and hospital stores, both from the east and the west, to Frank. The Crow's Nest branch railway is temporarily blocked, but the railway company, who have sent large gangs of men there, expect to get it cleared shortly. Business to and from the Kootenays will be forwarded until the branch opened by way of the main line and Revelstoke, the old route before the Crow's Nest branch was built.

GOVERNMENT TO AID MOUNTED POLICE ARE SENT. OTTAWA, April 29.—Col. White, commissioner of the N. W. Mounted Police telegraphed Commissioner Perry at Regina, as follows: "Serious disaster reported at Turtle Mountain, near Frank, Crow's Nest Railway, a number of people killed and river blocked by rock thrown from the mountain. Instruct officer commanding Macleod to proceed there at once with all men that he can take and arrange for a strength of twenty-five from the most convenient detachment to follow Supt. Primrose, with extra tents and facilities for rendering assistance. Further instructions later.

"There will be likely a special train from Calgary to Macleod by which police from there can travel. Instruct Saunderson to communicate with police."

Mr. Smart, deputy minister of interior telegraphed Wm. Pierce, inspector of surveys, at Calgary, as follows: "Terrible disaster near Frank. Crow's Nest, by which number of people killed and river said to be dammed 100 feet high and danger to life and property from flood. Get special train and proceed immediately to Frank. Take some police. Want you to render what assistance necessary to protect life and property and take general charge of the government."

First Man to Scale Wall of Peking.

Mr James A. Galt, of the Fourteenth U. S. Infantry, Which Was the First to Scale the Wall of Peking and Plant the Stars and Stripes on Chinese Possessions, Contracted Inflammation of the Kidneys and Was Cured By WARNER'S SAFE CURE

MR GALT'S FATHER WAS ALSO CURED OF GALL-STONES BY "SAFE CURE."

St. Paul, Minn., November 14, 1902. Warner's Safe Cure Co., Rochester, N. Y.: Exposure during the war, worked in my kidneys and bladder, causing severe inflammation and serious pain in passing urine. At the time of my discharge, I was simply unfit for duty and unable to work. My father had been cured of gall-stones through the use of Warner's Safe Cure, and so he advised me to take it. I used it faithfully for three weeks before I found relief, but it seemed like a Godsend to me. I had endured suffering so long. I kept up the treatment for four months and was then completely cured. This is over eighteen months ago, but I am pleased to state that I have had no relapse since, but am enjoying most excellent health and gladly do I endorse your Safe Cure. Very respectfully yours, JAMES A. GALT, City Hotel, St. Paul, Minn., Secretary to Colonel Daggart, 14th U. S. Infantry, Regulars, President St. Paul Ski Club.

"SAFE CURE" CURES BACKACHE. If you have pains in the back, rheumatism, uric acid poison, rheumatoid, diabetes, Bright's disease, inflammation of the bladder and urinary organs, scalding pains when you urinate, excessive, jaundice, swellings or torpid liver; if a woman, bearing-down sensation, fainting spells, so-called female weakness, painful periods; these symptoms tell you that your kidneys have been diseased for a long time, for kidney disease seldom put out such symptoms as the victim recognizes until they have been working several months. You should lose no time—get a bottle of Safe Cure at your druggist's. It will relieve you at once and effect a permanent cure. It kills all disease germs.

IF IN DOUBT MAKE THIS TEST: Let some morning urine stand for twenty-four hours in a glass or bottle. If then it is milky or cloudy, or contains a reddish, brick dust sediment, or if particles or germs float about in it, your kidneys are diseased.

ANALYSIS FREE. If, after you have made this test, you have any doubt in your mind as to the development of the disease in your system, send a sample of your urine to the Medical Department, Warner's Safe Cure Co., Rochester, N. Y., and 44 Lombard St., Toronto, Can., and our doctors will analyze it and send you a report with advice free of charge to you, together with a valuable book describing all diseases of the kidneys, liver, bladder and blood, and treatment for each disease.

All letters from women read and answered by a woman doctor. All correspondence in strictest confidence. Warner's Safe Cure is purely vegetable and contains no narcotic or harmful drugs. It is free from sediment and pleasant to take. It does not constipate, it is a most valuable and effective tonic; it is a stimulant to digestion and awakens the torpid liver. It repairs and restores the tissues, soothes inflammation and irritation, stimulates the weakened organs and builds up the system. It builds up the body, gives it strength and restores energy. You can buy Safe Cure at any drug store or direct. \$1 A BOTTLE.

Beware of so-called kidney cures which are full of sediment and of bad odor—they are positively harmful and do not cure. WARNER'S SAFE PILLS move the bowels gently and aid a speedy cure.

I used it faithfully for three weeks before I found relief, but it seemed like a Godsend to me. I had endured suffering so long. I kept up the treatment for four months and was then completely cured. This is over eighteen months ago, but I am pleased to state that I have had no relapse since, but am enjoying most excellent health and gladly do I endorse your Safe Cure. Very respectfully yours, JAMES A. GALT, City Hotel, St. Paul, Minn., Secretary to Colonel Daggart, 14th U. S. Infantry, Regulars, President St. Paul Ski Club.

"SAFE CURE" CURES BACKACHE. If you have pains in the back, rheumatism, uric acid poison, rheumatoid, diabetes, Bright's disease, inflammation of the bladder and urinary organs, scalding pains when you urinate, excessive, jaundice, swellings or torpid liver; if a woman, bearing-down sensation, fainting spells, so-called female weakness, painful periods; these symptoms tell you that your kidneys have been diseased for a long time, for kidney disease seldom put out such symptoms as the victim recognizes until they have been working several months. You should lose no time—get a bottle of Safe Cure at your druggist's. It will relieve you at once and effect a permanent cure. It kills all disease germs.

IF IN DOUBT MAKE THIS TEST: Let some morning urine stand for twenty-four hours in a glass or bottle. If then it is milky or cloudy, or contains a reddish, brick dust sediment, or if particles or germs float about in it, your kidneys are diseased.

ANALYSIS FREE. If, after you have made this test, you have any doubt in your mind as to the development of the disease in your system, send a sample of your urine to the Medical Department, Warner's Safe Cure Co., Rochester, N. Y., and 44 Lombard St., Toronto, Can., and our doctors will analyze it and send you a report with advice free of charge to you, together with a valuable book describing all diseases of the kidneys, liver, bladder and blood, and treatment for each disease.

All letters from women read and answered by a woman doctor. All correspondence in strictest confidence. Warner's Safe Cure is purely vegetable and contains no narcotic or harmful drugs. It is free from sediment and pleasant to take. It does not constipate, it is a most valuable and effective tonic; it is a stimulant to digestion and awakens the torpid liver. It repairs and restores the tissues, soothes inflammation and irritation,
