## RUSSIAN FORCES ESCAPE CAPTURE

Japs Secure Vast Stores and Ammunition—Russians Burn Bridges—Retreating Through Mukden—British Cruiser Rounds up Russian Volunteer Fleet—They Will Cease Operations.

### VAST STORES CAPTURED.

LONDON, Sept. 7.—(Special)—Japanese officials have yet given out no news of the Liao Yang fighting, or of the pursuit of the Russians but it is unofficially learned they captured vast accumulations of stores and ammunition.

RUSSIAN ARMY SAFE.  
General Kuropatkin is at Mukden and the Russians declare the main body of his army has now reached points beyond all danger of capture by the Japs.

A CLEVER RETREAT.  
The Russian reports are again becoming brighter and praise is being given Kuropatkin for what is considered a clever retreat.

ON TO MUKDEN.  
The Russian forces are pushing on to Mukden, greatly impeded by heavy roads and floods, conducting an orderly retreat, and following step by step by the Japanese.

SLOW AND SURE.  
The report that Kuropatkin's rear guard has been annihilated and that the Russian forces are in danger of being surrounded is denied by the Russian general staff.

The Russian War Office is confident that the retreat is slowly but surely being effected.

BURNED THE BRIDGES.  
From Tokio comes the official report that the bulk of the Russian forces is still at Yentai.  
The Japanese field marshal in an extended report of the fighting up to Sept. 4, says that the Russians burned all the railroad bridges over the Taitse river, and predicts that, while the Japanese list of casualties is not yet complete, the losses will prove heavy.

RETREATING BEYOND MUKDEN.  
Viceroy Alexieff on his way from Harbin to Mukden.  
The heads of Kuropatkin's long commissary trains have passed through Mukden and are continuing northward.

RUSSIAN SHIPS WARNED.  
ZANZIBAR, Sept. 6.—The British cruiser Forte, early this morning found the Russian volunteer fleet steamers St. Petersburg and Smolensk and communicated to them the orders of the Russian Government to desist from interference with neutral shipping.

The commanders of the Russian vessels said they would forthwith proceed to Kuropo.

## THE MARITIME HARVESTERS TERRORIZE QUEBEC TOWN

Three Hundred of them Sack Liquor and Other Stores at Calumet, and Saw a Piece of a Cripple's Wooden Leg—Complaint Made to Ottawa.

MONTREAL, Sept. 6.—The town of Calumet (Que.) is in a perturbed state of indignation and it is probable that serious rioting will ensue as a result of acts of vandalism on the part of 300 Maritime Province harvesters who passed through on Thursday last for the harvest fields of the west.

The excursion trains stop at Calumet and the towns people have been pestered more than once, in a small way, by the rough young fellows among the passengers.  
On Thursday stores and a saloon were entered and sacked. John Milway, hotel keeper, and M. Brennan, dry goods merchant, have reported the affair in a complaint laid at Ottawa.

When the train reached Calumet, a raid was made on the saloon and amid whoops of delight, the keeper was forcibly ejected and the liquors freely distributed. This put the mob in a more rowdy frame of mind, and they forced an entrance into Brennan's dry goods store, where they helped themselves generously, taking among other things 700 yards of cloth.

The townspeople were unable to protect their property and the sacking continued.  
A baker's shop was next entered and the vandals fortified themselves with tarts, pies, and jam.  
The mob collected at the station to await the continuation of the journey. They had quieted down perceptibly and were laughing and joking among themselves, when a man with a wooden leg stumbled along the sidewalk. Before the cripple could escape, they captured him and sawed a piece of his leg, insisting that the wooden member pounded too heavily in the operation of walking.

### STRONG FOR FREE TRADE.

LEEDS, ENG., Sept. 7.—(Special)—The Trades Union Congress adopted by an almost unanimous vote a resolution.—  
That any departure from the principles of free trade would be detrimental to the interest of the working classes on whom the burdens of protection would press most heavily, and injurious to the prosperity of the nation as a whole;  
That protective duties, by increasing the cost of the people's necessities would be unjust and economically unsound, subsidizing capital at expense of labor and that any system of preference or retaliation by creating cause for dispute with other countries would be a hindrance to international progress and peace.

KING EDWARD LOUDLY CHEERED.  
A resolution condemning conscription was carried by acclamation.  
During the discussion a reference to King Edward's love of peace was loudly cheered.

THE BABY'S TROUBLES.  
The greatest suffering of childhood is caused by excess, sore head, chafing or other forms of skin irritation or eruption. Because of its extraordinary soothing, healing power Dr. Chase's Ointment is of inestimable value in the home where there are small children. No mother who has learned the scores of ways in which Dr. Chase's Ointment can be used would think of being without it in the house.

THE SYDNEY RECORD speaking of the Cabot-Citron race says: Although in the two races already sailed in this year's competition for the Coronation Cup, the Sydney holders of the trophy have been successful, the Charlottetown challengers have not lost an ounce of faith in the sailing qualities of their yacht, the Cabot.

IT IS fitting that the opening concert in the new Market Hall should be one worthy of the occasion. Those who heard Miss J. C. MacLachlan during her first concert here will concede that her second appearance will be a suitable event to be associated with the opening of the fine Hall of which our citizens may well be proud. No better test of its acoustic qualities could be arranged for these than will be presented in the vocal and instrumental music of the strong musical combination of which Miss MacLachlan is the Prima Donna.

### PERMANENT CURE FOR NEURALGIA.

Experienced sufferers state that no remedy relieves neuralgia so quickly as a hot application of Bois de Neuvine, the strongest liniment made. Neuvine is certainly very penetrating and has a powerful influence over neuralgic pains, which it destroys almost at once. Neuvine is highly recommended for Rheumatism, Lumbago, Sciatica, and Toothache. Better try a 2c. bottle, it's all right.

The Case of Malcolm McKinnon Against McLaughlin Carriage Co. Ltd. Next Week.

Next Monday in the Supreme Court chamber argument for leave to remove and plead will be heard in the act on brought by Malcolm McKinnon, of Prince Edward Island, against the McLaughlin Carriage Co. Ltd., for damages for false imprisonment. The application in the present stage of the case is being made on behalf of the defendant company.

The events out of which this action arises are yet fresh in the minds of St. John citizens. Malcolm McKinnon was the agent in Prince Edward Island for the McLaughlin Carriage Co. The examination before Magistrate Ritchie terminated unfavorably for Mr. McKinnon and he was committed for trial. He was, however, at a subsequent date, discharged from arrest by Chief Justice Tuck. Upon obtaining his freedom Mr. McKinnon took immediate steps for legal retribution. He is suing the company for \$10,000 damages. His lawyers are Currey & Vincent.
