Murchison, most sweety sang, and Mr. Garnet Profitt, uncle of the bride sang and played in a manner that affectively embellished the event. The Provincial Exhibition opened yesterday with a very encouraging list of exhibits in every line. The weather though considerably colder than last week, was fine and bracing, and the absence of any signs of rainclouds was hailed as a promising feature for the next four days activities. It is gratifying to note that the live stock this year is well represented, especially the cattle, all the barns being filled and even the machinery hall being given over for housing the entries. The leading breeders of the Island are here and in some classes they will have keen competition from brother breeders from the mainland.

There is an excellent showing of horses this year, Horne Bros. of Winsloe having the largest number of entries in the light classes, and the Aulds of Kensington the largest in the heavies. A. MacKay, has a number of entries in the carriage classes and the Upton Farm is showing some standard breeds.

There is a record showing of beef cattle, the pure bred beef cattle almost equalling the pure bred dairy breeds so far as numbers are concerned. There are 161 pure bred Shorthorns, 30 Herefords, 17 Angus, and 36 Shorthorn, Hereford and Angus grades In the Dairy breeds there are 100 pure bred Ayrshires, 62 Holstein 31 Guernseys, 37 Jerseys, 29 Ayrshire and Holstein grades, and 20 Jersey and Guernsey grades Among the principal exhibitors of beef cattle are the following Upton Park Farm, 40 head of Shorthorns: Amos Etter of Amherst with 45 head of Shorthorns Hereford and Angus; Horne Bros. Angus; E. G. Saunders, City, an. Louis Hayden, Vernon River with Herefords, James C. Irving, M.P P., Cherry Valley, Robert Edwards, Hampshire, John Jewell, North River, Leo. Praught, Cherry Valley, Stephen Holroyd, Winsloe Keith Boswell, Victoria, with Shorthorns. Among the dairy cattle exhibitors are Dickie Bros., Truro; Walter Jones, Bunbury; Godfrey and Son, North Wiltshire, A. McKay, Royalty, John Agnew and Son, Royalty, with Holsteins, Bert Brown, York, A. McRae & Sons, Royalty, Edwin Reid, Rollo Bay, John Andrew, Royalty; Charlottetown Experimental Farm, with Ayrshires, Roper Bros., Royalty with Guerneseys; Stead Bros and Stephen Holroyd, Winsloe, with Jerseys.

The display of field, orchard and garden products is also very creditable. For the first time in the history of the Exhibition there was an exhibit of butter from Manitoba, shown by Mr Kehoe, formerly of Tryon. There were also exhibits from Antigonish and other parts of Nova Scotia. The arrangement of these exhibits of the farm is about the same as other years, being situated on the central floor of the Main Building, which presents a very attractive appearance. Upstairs the women's department with fancy work, woolen goods etc., runs the full length of the east side, the art gallery occupying its accustomed place in the south end of the building.

Despite the threatening weather yesterday morning the Provincial Exhibition was formally opened successfully and in the afternoon the sun came out strong and warm. Many who had reluctantly decided not to attend were persuaded by the favorable change to visit the fair and were repaid by a most enjoyable afternoon. The attendance was on the whole very encouraging, though the management no doubt acted wisely in postponing the horse races until this afternoon, as the track was in a very heavy condition.

The Formal Opening.

At 11 o'clock the formal opening took place in the Main Building, St. Patrick's Band of Halifax being in attendance and rendering excellent music. During the afternoon they gave a splendid concert in the Main Building.

"Christian versus Turk" was the timely and interesting subject of an address by Rev. W.O. Mulligan at the regular weekly prayer meeting in St. James Church hall last night.

The whole world, the speaker said, is just now anxiously awaiting the truth of matters in Asia Minor. The Turk has had a reputation for his treatment of Christian minorities in many lands under his rule or misrule. Mr. Mulligan sketched briefly the rise of Turkish power in Asia and in South Eastern Europe. The gradual growth and then the gradual decay of the Ottoman Empire were dwelt upon. The savage persecution of Christians in what were later the kingdoms of Greece, Serbia, Roumania, Montenegro, South ern Russia, etc., etc., only made the Turkish rule more impossible and in the nineteenth century they all attained their freedom.

Without going into the political issues of the Eastern Question, a thing which the speaker said was rather out of place in a prayer meeting, the whole trouble like many other so-called political troubles or questions was really religious. Of course there were Mohammedans who were not as the Turks, but Mohammedanism as a faith was one of essential enmity to Christianity. The origin of his faith was fairly clear and its main teachings well defined. It appeared in Arabia about 600 A.D. and had made marvellous progress as a competitor of Christianity.

Its demands were simple and definite. The true Mohammedan must profess belief in the unity of God and the mission of Mahomet. "There is no God but Allah and Mahomet is his prophet;" prayer, almsgiving, fasting and the pilgrimage to Mecca. But it was in its emphasis on war that Mohammedanism was a curse. The warrior was the one entitled to the highest heaven. To die in battle was a sure passport to the regions of Moslem bliss. Then contrast Christianity with its emphasis on Peace. As a faith it had wrought many good changes in its people and had abolished idolatry and drunkenness and developed certain elements of self restraint, but on the other hand it had degraded womankind and brutalized its leaders and people by its continual warfare on the weak and helpless Christian minorities which had the misfortune to fall under their sway. Such a policy seemed incidental to such a faith. The speaker concluded by saying that perhaps the sorriest spectacle of the whole drama was the seeming religious cowardise of British, French, Italian and American statesmen to the whole matter which is more than a mere nullifying of a treaty, but rather a flouting of all Christendom.

The Way To Be Well

Good Health Maintained Through Rich, Red Blood

There are many men and women who, every few weeks, have spells of weakness, during which time they are little better than invalids; yet at other times they feel very well. Why does their health fluctuate so?

In the case of men worry and overstrained nerves are usually responsible for this state of unfitness and inability to face the anxieties of daily life.

As for women, her back aches, she is dizzy with sick headaches, and often has stabbing pains in the side. The only real health is all-the-year-round health; and the secret of it is good, red blood and plenty of it. One way to keep the blood in good condition is to take Dr. Williams' Pink Pills. There is scarcely a nook or corner in Canada where someone will not be found who will tell you the benefit they have had through the use of these pills. And the reason is that through the improved condition of the blood they strengthen and tone up the nerves of worried, enfeebled men and women, and at the same time have given new vigor to pale, delicate girls and thin weedy boys. The value of these pills in all run down conditions is shown by the statement of Mrs. Lawrence Brown Walton, N. S., who says:—"When I began taking Dr. Williams' Pink Pills I was in a weak, bloodless and nervous condition, suffering from all the depressing symptoms that accompany this run down state of health. I had taken much medicine but it did not do me any good, and as I had a family of small children, I was much discouraged. Then reading about Dr. Williams' Pink Pills I decided to try them, and I can honestly say that I feel these pills have saved me from prolonged misery. My health is now good, and we now keep the pills in the house for use as a family medicine."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
