

# The New Suits for Ladies

A special invitation is extended the ladies to visit our new Ready to Wear dept. second floor. This department has been recently fitted at considerable expense.

The new suits are now arranged in large cabinets, in this way the suits retain their shape and are entirely free from dust and makes the selection doubly easy.

This is the first time that Ladies' Suits have been shown in this way in this city.

They range in price from \$10. to \$24.

May we expect a visit from you today?

All suits fitted free of charge in our tailoring dept.

## NEBRASKA MAY HAVE MORAL UPLIFT HOME

LINCOLN, Neb., March 21.—A think from five thousand to ten thousand acres will be necessary, once the colony is in full working order. In addition to a big farming area there will be shops of all kinds an iron foundry, a shoe shop, a book bindery, a tailor shop, a furniture factory, a planing mill and others. The output of the colony will not come in competition with that of private concerns, but will be used in great measure, by the State in the different State institutions.

As described in the bill, its purpose is "the establishment of a colony for the detention, humane discipline and reformation of male adults committed as tramps, vagrants, inebriates and those addicted to the excessive use of cocaine, morphine and other narcotics and unable to provide for those dependent upon them."

Practically, when one coming within those lines is brought before the proper authorities, instead of being sentenced to the city jail or the State prison, he will be sent to the "City."

No fixed term of incarceration is settled upon, but the delinquent is simply sent to the "City" until he becomes self supporting, after which he is sent back to the world as a man able to take care of himself. While in the "City" he is taught an occupation or trade, and instead of the man unable to support himself

he is to be sent out into the world a skilled mechanic.

"There are nearly 100,000 professional tramps in this country," says Miss Ida V. Junz, secretary of the Associated Charities, who has charge of the new bill before the Legislature. "Something must be done to eliminate these and to prevent them from reproducing their kind. The world has to take care of these tramps, and it will be far cheaper to gather them into a few great tramp cities than to feed them and clothe them individually."

"It is only those who are help by the poverty line that the 'City Vagrants' is designed to assist. Those who are simply down on their luck, can be cared for otherwise. But the tramp, the drunkard and others of that stripe, while not especially criminal, are menaces to society both now and in the future."

"And it is from this class that the bands of criminals are recruited. Eliminate them and the solution of what to do with our criminals will be solved. There will be no recruiting grounds and to a great degree there will be no criminal classes."

Among those who will be accepted at the new colony will be physical degenerates, cripples, epileptics, intellectual inferiors, imbeciles, half insane, moral degenerates and others of that class.

The colonists will be forced to work and will receive wages just as other men do. One-half of their salaries will be paid to their families or others dependent upon them; the other half will be held by the State until such a time as the men are discharged, at which time it will be handed them in cash.

It is the belief of the supporters of the bill that from two to ten years will be needed in which to make the colonists self-supporting, and as long as they have not reached that stage they will remain at the institution.

When one has been committed shows a disposition to escape or to refuse to work he will be dealt with in such a manner that he will soon change his mind and will obey the rules of the institution.

In the establishment of such a colony the bill alleges that the following results will be obtained:— "It will improve undeveloped men. "It will lessen crime. "It will take away a goodly portion of the load now carried by the asylums.

"It will tend to discourage young hooligans, as it makes the road harder to follow. "It will afford humane treatment to the 'down and out' class. "And, above all, it will eventually eliminate this class of people from society."

### NEW ARRANGEMENT AT SPRINGHILL, N. S.

SPRINGHILL, N. S., March 24.—A proclamation has been signed under the statute passed last year, declaring Springhill to be a Police District and appointing Major W. L. Thompson, Police Commissioner.

The Commissioner, in addition to being head of the Police Department, also has the powers of a Stipendiary Magistrate.

The military force of 35 men will be withdrawn. The Commissioner will appoint a force of ten men, and this will be, it is believed more effective in preserving order than were the Military.

## ANOTHER NEW YORK HIGH ROLLER GETS PRISON SENTENCE

NEW YORK, March 22.—Alexander Hollander, sole member of the firm of Alexander Hollander & Co., customs brokers, pleaded guilty in the United States Circuit Court this afternoon to a charge of forgery in connection with customs frauds aggregating \$500,000. He was arrested in Naples last July and after a long fight was brought back to this city in December.

Hollander was sentenced this afternoon to fifteen months' imprisonment in the federal prison at Atlanta. The sentence was comparatively light and so passed in view of the prisoner's age and plea of guilty.

When Hollander, who is a native of Austria, and has had a distinguished business career in Germany, England and New York, was discovered defrauding both the government and his customers in January, 1910, he ran away to Montreal and Quebec. He was followed by Special Agent Poulin, of the bureau of investigation of the department of justice. When finally caught at the Park Hotel, Naples, it was found that he had a certificate from the Mayor of Quebec setting forth that the bearer, Jacques Borhomme, was a resident of Quebec and a British subject. He fought extradition through all the courts of Italy, but gave up the fight and was brought before the federal courts here.

The first specific charge against him was based on a customs entry of an automobile for Henry Clews, the banker. Hollander, as customs broker, entered the machine at the customs at a valuation of \$850, but charged Mr. Clews duty on \$1,850.

An examination showed that Hollander had been doing business in the same way for years among his clients being J. P. Morgan, Andrew Carnegie and other millionaires, for whom he acted as agent in the importation of various objects of art. Hollander was a member of exclusive clubs and lived among the wealthy. He is a good musician, a connoisseur in art, and was a patron of art clubs.

### CITY BUILDING PERMITS.

Edward Bayfield, of Charlottetown, now spending the winter in Vancouver, B. C., sends The Guardian the comparative table of building permits issued in various Canadian cities during the month of January 1910 and 1911. The table shows that among twenty-two cities, including the largest cities of Canada, Vancouver had the greatest volume of increase, while its total of permits in January last was not only far greater than any other city, but amounted to \$1,412,442. This is equal to pretty nearly one half of the total for the 22 cities named—a truly remarkable showing. Following is the table:—

	Permits for January 1911	Permits for January 1910
Berlin	3,850	3,850
Brandon	5,450	1,165
Calgary	296,040	106,500

## SIR WILFRID LAUDS ARBITRATION PLAN

OTTAWA, March 22.—"The attention of the Government, and it may be added the whole people of Canada, could not fail to be attracted to the proposition now being discussed" by Sir Edward Grey and President Taft of a treaty of arbitration between Great Britain and the United States which would secure for them and their respective peoples the blessings of perpetual peace.

"While the government of Canada could have no direct voice in the negotiations, it can safely be asserted that there is no part of the British Empire where such a treaty would be more welcome than in the Dominion of Canada, which is so closely connected with the United States by geographical proximity and ever increasing trade relations, and which is still more intimately connected with Great Britain by the strongest bonds of devoted allegiance."

Such was the statement of Sir Wilfrid Laurier, greeted by cheering, in response to an inquiry by Mr. Powke as to whether the attention of the government had been called to the recent speeches of Sir Edward Grey and President Taft in reference to a proposed arbitration treaty between the British Empire and the United States, and as to whether the government was prepared to express any opinion on the subject.

Mr. Laurier asked if the government had determined upon the strength of the North West Mounted Police in the coronation contingent.

"It is proposed, though the matter is not settled," replied the prime minister, "to send a complement consisting of seventy-five men and five officers."

Mr. Haggart noted coronation day was to be a bank holiday in England. He desired to know if the same course would be followed in Canada. Sir Wilfrid pointed out that the matter had not yet been considered by the government.

The Government's motion to go into supply met renewed obstruction. Mr. Bradbury devoted over two hours to the delivery of his speech relative to the St. Peter's Indian reservation, which was published in the Winnipeg Telegram along with the alleged response to the minister of the interior a month ago. To secure opportunity to present it to the house, Mr. Bradbury moved as an amendment to the supply motion that a royal commis-

## REPLY TO MR. EWART

OTTAWA, March 21.—Major Henry J. Woodside, treasurer of the Overseas club, has sent The Citizen a lengthy letter in reference to J. S. Ewart's attack on Earl Grey's imperialism, taking objection to the comparison used by Mr. Ewart in likening Sir Francis Bond Head "who was never noted for his peculiar fitness for the office," to the present Governor-General.

"If it is not part of a viceroy's duties to infuse a spirit of enthusiasm for British institutions, the best in the world, and of loyalty to throne and empire, then I am at a loss to know what they are," Major Woodside says in his letter. Regarding the Overseas club, to which Earl Grey "has shown some courtesy," Major Woodside says it is a "quiet movement on the part of patriotic people to promote a universal sentiment within the British empire for the general benefit of this 'family of nations.'"

### CHANGES IN MINISTRY HALDANE'S PROMOTION.

LONDON, March 23.—J. B. Seely, Parliamentary Secretary of the Colonial Office has been appointed Under-Secretary for war, and Lord Lugard, Parliamentary Secretary of War Office, has been made Under-Secretary for the Colonies.

This exchange of offices is consequent on the elevation of Secretary Haldane, which would place both representatives of the Chief Government Departments in each House.

The rumor that David Lloyd George would retire as Chancellor of the Exchequer is now officially denied.

Secretary Haldane's promotion is merely intended to relieve Lord Morley of the heavy task of leadership in the House of Lords during Earl of Crewe's absence.

### OTTAWA NEWS.

OTTAWA, March 24.—Estimates in Department of Agriculture, Customs, Railways and Public Works, totalling over \$1,000,000, were passed by the House of Commons on Thursday.

Yesterday's evidence in the Sorel graft inquiry clearly established that there was no effort at concealment in the matter, on the part of Mr. Langcott, who promptly paid the bill, when rendered at his request by the Superintendent of the Yard, recouping the government for all the outlay for either labor or materials.

W. B. Nicholson, of Woodstock, N. B., has been appointed Canadian Trade Commissioner of Newfoundland in succession to Trade Commissioner J. E. Roy, who goes to Cuba to take the place of Trade Commissioner Kirkpatrick, resigned.
