It's But a Step to the Next O-Cedar Polish Store
The demand for O-Cedar Polish and O-Cedar Polish Mop has now become so enormous, that we find it at times a little difficult to fill merchant's orders as promptly as we would like to.
An article for which there is a great demand is naturally the one the merchant gets out of most quickly—and most frequently.
Almost every housewife now uses
O-Cedar Polish
So it is not to be wondered at, that the merchant occasionally finds himself without a tin in his store.
He may be without O-Cedar for but a single day, but that may be the very day you go into his store to buy. Now the dealer may try to sell you another polish. That is only human—but are you going to be persuaded into buying a polish which may disappoint you.
If the dealer says he hasn't any O-Cedar—that he has just sold his last tin of O-Cedar Polish or his last O-Cedar Mop—remember it's but a step to the next shop that handles our goods and there you will be almost sure to find them.
Guard your furniture against possible injury—insist upon O-Cedar.
Do not accept an article bearing a name that SOUNDS like O-Cedar—insist on O-Cedar itself.
Channell Chemical Company, Limited
TORONTO.
O-Cedar Polish and O-Cedar Mop are now on sale at all Hardware, Grocery and Furniture Stores—as well as all Department Stores.
You know O-Cedar. You know how it cleans as it polishes, whereas almost every other polish just covers up the dirt on top of the varnish.
