**We're Proud of  
 Our New Jackets**

In the past few days we have opened the prettiest  
 lot of Ladies' Fall Jackets we have ever seen. Per-  
 haps you can match them—but we don't believe it.

If there is any lady in town that we can't please  
 with a new fall jacket—we'd like to meet her.

We've all the latest cuts in these new jackets,  
 long, medium and short—your's is here.

The prices are made to suit you—\$5, \$6, \$7, \$8,  
 \$9, \$10, \$12, \$15, \$18, \$20, \$22, range enough.  
 Isn't there?

The jackets are made in Germany, England  
 and Canada, bought right from the men who make  
 them.

The tailoring on the jackets is the finest we  
 ever saw and we trust that you will come in if only  
 to learn how good these Fall Jackets are.

**Fall Millinery**

Our Miss Rendle has just returned after visit-  
 ing the big millinery openings and she has ready  
 now the prettiest lot of millinery yet—We expect  
 you in to see it.

**RETRENCHMENT ON THE I. C. R.**

The Moncton Transcript is of opinion  
 that Minister Emmerson scored a great  
 hit in his conference with the railway  
 men at Moncton. "He won the confidence  
 of the leading delegates from the differ-  
 ent railway organizations by his plain and  
 straightforward statement of the situa-  
 tion caused by the large deficit. The  
 men have met confidence with confidence,  
 and will cordially co-operate with him  
 in helping to bring about an im-  
 proved situation" we are told. This  
 sounds well. Mr. Emmerson finds the  
 country is "hampered" over the recurrence  
 of big deficits on the Intercolonial and  
 says that unless these conditions can be  
 changed and the road made self-sustain-  
 ing, the Government will not be able to  
 resist the agitation for transferring it to  
 a private company. This is plain speak-  
 ing, but it is well to have the truth at  
 whatever cost. We are left to guess  
 whether or not the transfer may not have  
 been already practically decided upon.  
 We do not think it has been and sincere-  
 ly trust that so grave a step may not be  
 found necessary.

In the meantime it is gratifying to learn  
 that thoroughpaced reform and retrench-  
 ment are to be tried with a view to re-  
 storing the equilibrium between revenue

and expenditure. The impression has  
 gained ground for some time that the  
 road has been over-manned. We got a  
 hint the other day that Deputy Minister  
 Butler thought the freight trains were  
 not doing full work and that there were  
 too many trains and train crews. The  
 Minister speaks of the detention of trains,  
 presumably from waste of time in load-  
 ing, shunting and making up. He also  
 finds that the stations cost too much to  
 run—more than on other roads. Already  
 a number of trains have been laid off.  
 From another source it is learned that  
 sixteen or more Pullman car conductors  
 are being laid off, the porters only being  
 retained. Some reduction of the number  
 of inefficient men in the workshops is also  
 hinted at. This looks like business, and  
 we believe the country will endorse the  
 determination to get rid of every needless  
 man in connection with the road.

Mr. Emmerson does not think the active  
 and efficient men are paid too much  
 and this is no doubt true. The Intercol-  
 onial must pay its many efficient men  
 approximately what other roads pay, but  
 it cannot afford to pay two men to do  
 one man's work. We have no doubt that  
 a great saving can be effected by judicious  
 retrenchment without impairing the ser-  
 vice in any necessary point of efficiency.  
 The road ought to pay its honest working  
 expenses from year to year. If this can-  
 not be brought about by retrenchment  
 alone then the rates must be increased  
 and the country will endorse the action.  
 Mr. Emmerson is no doubt correct in his  
 opinion that the Maritime Province people  
 desire the road to remain under Govern-  
 ment control. There is no doubt on that  
 point. We are hopeful that the energetic  
 measures he is taking will greatly reduce  
 if not entirely get rid of the deficit and  
 put the road on a paying basis. The re-  
 ceipts for the first ten weeks of the cur-  
 rent year give a gratifying increase show-  
 ing that plenty of business is offering.  
 Altogether the outlook for the Intercol-  
 onial is not without hope.

There is more Catarrh in this sec-  
 tion of the country than all other dis-  
 eases put together, and until the last few  
 years was supposed to be incurable. For  
 a great many years doctors pronounced  
 it a local disease and prescribed local  
 remedies, and by constantly failing to  
 cure with local treatment, pronounced it  
 incurable. Science has proven Catarrh to  
 be a constitutional disease and therefore  
 requires constitutional treatment. Hall's  
 Catarrh Cure, manufactured by F. J.  
 Cheney & Co., Toledo, Ohio, is the only  
 constitutional cure on the market. It is  
 taken internally in doses from 10 drops to a  
 teaspoonful. It acts directly on the blood  
 and mucous surfaces of the system. They  
 offer one hundred dollars for any case it  
 fails to cure. Send for circulars and  
 testimonials.
