MONCTON LIQUOR SELLERS PURSUED

By the Law - One Forced to Give up Business - No Escaping Imprisonment and Big Fines - Sold Whiskey to Indians

MONCTON, N.B., Nov. 18 - (Special) - One of the city barrooms has already been closed as result of Magistrate Kay's campaign, through medium heavy fines and imprisonment sentences upon the dealers. The fact that Magistrate Kay's actions in imposing fines and imprisonment sentences has been upheld by the Supreme Court of New Brunswick has rendered the local dealers pretty shaky, and one has already announced his intention of quitting the business. Summonses have been issued at the instance of Superintendent Oster of the Indian Department against a number of local dealers for violating the law regarding the sale of intoxicants to Indians, and were served this afternoon. The affair has created quite a sensation here.

TWO SCHOONERS ARE STRANDED

On Spencer's Island, Going Ashore in Thursday Night's Gale.

PARSONS, Nov. 18 - (Special) - The schooners Wood Brothers and Bessie are stranded on the sand beach at Spencer's Island. The vessels dragged their anchors and were forced ashore in last night's gale. The Wood Bros. is loaded with a general cargo, from St. John for Spencer's Island, and is quite badly damaged but will probably be floated tomorrow. The Bessie was bound from Hantsport, N.S., for St. John with a cargo of deals and being beached is not much damaged. The storm which swept over the Bay last night was the worst of the season.

GILBERT WAS FOUND GUILTY

Of Murder of Barret Henderson Sentenced to Hang January 18

REGINA, Nov. 17 - (Special) - Gilbert was today found guilty of the murder of Barret Henderson and sentenced to be hanged Friday, January eighteenth.

PRESENTATION TO SOVINTO SAILORS

A Purse of \$30 Presented At Souris - Collected by Misses Clark and Cox

A kindly act, which is calculated to help remove the sad memories of the wreck, occurred at Souris on Saturday, when the four sailors of the Sovinto who still remained there were presented with a purse of \$30, which had been collected by Miss Nellie Clarke and Miss Laura Cox of that place. The presentation was made by John McLean, of the firm of Matthew & McLean, who has been most active in assisting the shipwrecked men. Fifteen dollars was given to Kumlender, the last man to leave the wreck and five dollars each to the other three men. The mate of the ship, was reported to be very ill on Saturday night and was feared the poor fellow's case was serious. The Captain is remaining by his bed side. The above is but one of many instances in which the sympathy of the people of Souris has been manifested to survivors of the Sovinto. It must be gratifying to the whole Province to think that when kindness and hospitality was needed as in this case of shipwreck, there was ample measure of both.

POTATO FAMINE RULES SYDNEY

SYDNEY, Nov. 16 - The Sydney Post says - Yesterday there was not a potato to be had for love or money within the city. This is unusual at a time of the year when in the past the market would be glutted with this vegetable. Enquiries at some of the leading produce dealers in the city elicited the information that potatoes now in Sydney were considered worth sixty cents a bushel. Realizing that this was an unusual condition for this time of the year, a representative of the Post last night interviewed a leading hotel man, and asked him to explain the scarcity of potatoes. "It is all," he said, "due to the silly tax imposed on produce vendors by way of a license by the city council. There are few perhaps none, of the Prince Edward Island produce owners, who in the past came to Sydney with their produce, whose business here would warrant them paying the exorbitant fee of \$50 demanded by the city in return for permission to sell their produce. The only result of this tax, as has already been pointed out in my paper, is to drive away these people and bring about a condition that when the provision dealers are sold out, there is nothing to do but to wait until one or more of them brings in another consignment."

CAPTAIN WAS FINED \$2,275

OTTAWA, Nov. 17 - The Immigration Department today received a cheque for \$2,275 representing the fines paid by the captain of a vessel running into Vancouver for landing Japanese immigrants without notifying the Quarantine Officials. It appears that 65 immigrants were landed before the vessel in question put into Vancouver, who made off through the woods. The Police were notified, and with the aid of the Japanese Consul the men were rounded up. A prosecution was then instituted with the results stated. It is the first of the kind brought under the amended Immigration Act.

KNOCKOUT BLOW KILLS PUGILIST

DETROIT, November 16. - Mike Ward of Saris, Ont., a boxer, died at Grano Rapids this morning from concussion of the brain, the result of the hard fall on the floor, following a knockout blow from Lewis. He revived in a few minutes and talked rationally. He then relapsed into a comatose condition from which he did not recover. Harry Lewis, Frank O'Brien, his seconds, and Referee Ryan are under arrest. Ward died from cerebral hemorrhage, according to the physician who attended him. A post-mortem examination will be held.

BOURASSA GIVES HELP TO AINEY

The Labor Candidate at Montreal - Thinks Big Corporations should Be Controlled They Have Too Much Influence in Parliament

MONTREAL, Nov. 18 - (Special) - On Saturday Henri Bourassa, addressed a meeting in the support of Ainey, the Labor candidate, in St. Mary Division. Mr Bourassa said although he was not a member of the Liberal Party he was thoroughly in accord with many of the planks in the Liberal platform. He intended to support Mr. Ainey who is an independent candidate. He considered that independent members were needed to offset the undue influence which big corporations like the Canadian Pacific, the Grand Trunk and the Canadian Northern Railway were exercising in parliament, and believed that the election of Mr. Ainey would contribute towards this end. Alderman Martin, dubbed a political turbot by Armand Lavergne, M. P.

DASTARDLY ATTEMPT ON THE POPE'S LIFE

A Bomb Exploded In St. Peters At Rome - It Was Thought The Pope Would Be There At the Time - His Holiness Escaped Safely

ROME, Nov. 18. - (Special) - A bomb was exploded today in St. Peter's Cathedral with the evident intention of killing the Pope. No such dastardly act is recorded in the annals of the church. Fortunately the Holy Father was not present, and though the edifice was crowded, no one was hurt.

The report had gone abroad that the Pope would attend St. Peter's today, and pray before the celebrated tomb of Clement XIII. The bomb with long time fuse, was placed over the tomb and in the middle of the service, as the canon turned to bless the communicants there was a tremendous roar which echoed under the lofty dome like a thunder-clap. The noise and smoke filled the vast con-

gregation with panic, and in spite of the reassurances of the clergy the people surged for the doors in wild confusion that threatened disaster. The great size of the church however gave room for the crowd to scatter and no accidents occurred. The tomb over which bomb was placed is Canova's masterpiece, one of the greatest works of modern sculpture. Wonderfully it escaped all injury. The Pope was engaged in the regular noon hour devotion when the explosion occurred. When informed of the outrage he fell on his knees and implored Divine mercy for the misguided perpetrators. No trace of the miscreant has been found.

THE A.J. MCKEAN IS WASHED AWAY

Only Two Sticks Remaining To Tell The Tale. - Where The Crew Belonged To

The body of Captain Thomas Des Roches, of the schooner A. J. McKean, wrecked at Alberton on Friday last, had not been recovered on Saturday. It appears that the captain had been unloading his schooner in the office at Tignish, for the owners, J. H. Myrick & Co., and as the wind came in on shore, he made for Alberton, the only harbor of refuge on the North side of the Island. The great gales of weeks before had caused the bar to shift, and consequently the lights, so it is said, were not right and poor Des Roches got caught and went to his death. The wonder is that all were not drowned. The schooner completely broke up shortly after the crew were taken off her. Two of the crew, J. Richards and Joseph Lavalletter, were young Frenchmen of Tignish and the other, Joseph Mallett, belonged to Alberton. The captain was not a strong man and was unable to endure the period of gardship to which he was subjected, so dropped into the sea when almost rescued. He also belonged to Tignish. Only two sticks remained in the sand on Saturday to denote the place where the schooner struck.

OTTAWA DRUGGIST DEAD.

OTTAWA, Nov. 16. - H. A. McCormick, druggist of Ottawa, died suddenly today. He was forty-nine years of age and the head of one of the largest retail drug firms in the city.

PLOT TO KILL ITALY'S RULERS

Plans Said To Have Been Made In Patterson, N.J. - Assassin Arrested When Landing

NAPOLES, Nov. 18 - (Special) - A plot to assassinate King Victor Emmanuel, and the Duke and Duchess of Arista was discovered and foiled today. The plot was framed in Patterson, New Jersey, and the chosen assassin, Gabriel Laugatto, was arrested as he landed.

FISHERMEN ARE FINED \$500 EACH

St. JOHN'S, November 16 - Two colonial fishermen, Dubois and Crane, who shipped aboard the American herring vessel Ralph Hall, November 8, outside the three mile limit, were tried today before a magistrate at Bay of Islands. The men were charged with having on November 12, in violation of the Bait act, put herring on board the Ralph Hall. They were convicted and fined \$500 each, with an alternative of serving three months in prison. Counsel for Dubois and Crane gave bonds for the men and an appeal will be taken to the supreme court, before which the case will be argued next month. When the colonial cruiser Flou went to the fishing banks to serve the summons on the accused fishermen the United States naval tug Potomac followed. Fearing trouble the captain of the Potomac advised the captain of the schooner not to resist and to facilitate the proceedings, thereby preventing frictions and delay and hampering the fishing industry.
