## THE CENTRAL GUARDIAN

IT PAYS to buy in this Province.

CHERRY VALLEY.— Service will be held at Christ Church, Cherry Valley, on Sunday next at 2.30, weather and roads permitting.

A CURIOUS DISCOVERY.—Mr. John Fleming of North Rustico has made a discovery that puzzles many of the neighbors who are acquainted with the fact. About a forthight ago Mr. Fleming, while doing some work around the barn caught sight of a small animal which he succeeded in capturing. On a closer scrutiny he found it out to be a "skunk". Where the animal came from is a mystery, as they do not run wild on the Island and further there are no skunk anches within the vicinity of forty or fifty miles.—R.

ABNEY.—Messrs. Charles Scinabaugh and Norman McLeod were in Abney, recently on business in connection with the rural mail, which in near future will be introduced into the districts of Abney, White Sands and High Bank:—Mr. E. G. Giddings was in Charlottetown on March 24th and returned home on the following evening:—The Union Sunday School of Abney is up to the standard, and is lucky in having Mr. E. G. Giddings as superintendent as Mr. Giddings is ever ready and willing to help along every good cause. Also an T. B. A. branch has benn recently started in this Sunday School, the Secretary of above brach being Mr. Edward Moore.—D.

WEDDING BELLS:—Wednesday evening, Jan. 28th, at the home of her parents, Mr. and Mrs. John T. Finley, of Walnut place, Lillie Maude, was united in marriage to Mr. Max J. Roberts, of Marengo, Saskatchewan, formerly of P. E. Island. The ceremony was performed by Rev. J. G. Taylor of the Park Avenue Congregational church, of the Heights, and was witnessed only by relatives. The bride was dressed in white crepe de chine and carried white sweet peas She was attended by her sister, Miss Laura Finley, who was in pink silk messaline. The best man was Mr. Frank Henry, of Linden, Mass., a cousin of the groom. The couple left for their future home in the west about the fifteenth of February.

AN ACCIDENT.— What might have been a more serious accident occurred on Friday the 27th when Mr. James Smith, Ten Mile House, was driving to Mount Stewart on the ice with a load of logs. When about 1½ miles from Mount Stewart his horse suddenly broke through the ice taking the load with him. As there was no assistance near and and ice was very slippy Mr. Smith was evidently in a serious place, but with his usual dexternity and quick action he managed to get all onto terra firma again, little the worse of their wetting. It might not be out of place to warn people travelling on the ice from Cranby wharf to Mount Stewart not to keep to near the shore to shorten the road as the creeks are opening up and the way the road goes is right over the mouth of some of those creeks. It is safer to follow the bushes all along altbough it makes the road a little longer. The longest is the safest and surest way in this case.—S.

### Thin People Can Increase Weight

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say or think. The scales and the tape measure will tell their own story, and most any thin man or woman can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put.

Sargol does not of itself make fat, but mixing with your food, it turns the fats, sugars and starches of what you have eaten, into rich, ripe fat producing nourishment for the tissues and blood—prepares it in an easily assimilated form which the blood can readily accept. All this nourishment now passes from your body as waste. But Sargol stops the waste and does it quickly and makes the fat producing contents of the very same, meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive.

Druggists sell it in large boxes—forty tablets to a package—on a guarantee of weight increase or money back.

TEA PARTY.—Reserve Monday, July 6th, for the tea party at Fodhla Station. 1753.

PATONS STORE.—Patons store will be closed today from 12 until 3 in preparation for their big display this afternoon and evening. 1752.

FUNERAL FRIDAY:—The funeral of the late William H. Alchorn will leave his late residence, 113 Euston Street, Friday morning, at 10 o'clock.

MILLINERY OPENING.— Patons' Millinery opening takes place today Thursday, from three p. m., right through the evening so those who cannot attend in the afternoon may do so at night. 1740.

RECITAL.—A most enjoyable Victrola recital in Baptist Church schoolroom tonight. All the greatest musical artists of the world. Candy sale. 1756.

BANK BRANCH.— Mr. Harry Keenan, Charlottetown, was in Victoria Monday, placing a telephone in the branch Bank of Nova Scotia, which was recently opened under the management of Mr. K. L. Golding.—V.

ANTI-AUTO DELEGATION.—The following comprised the anti-auto delegation representing Cornwall that waited on the Premier Tuesday in connection with running the autos on the country roads: Messrs. J. P. Crosby, Cornwall, Hugh McMillan, Dave White, York Point, R. R. McKinlay, North River.

THE PEOPLES.—The Van Warden Rubies, a two reel story, ith all the mystery, thrill, guessing, "touch and go" advanture of a live detective tale, was the means of drawing a big crowd to this popular theatre last night. Mr. Cameron, baritone balladist, the new singer, had his share of attention. He will sing entirely new selections tonight. The other pictures were, The Mystery of Tusa, The Pathe Weekly, Pumps, and Sandy gets Shorty a Job. It was an excellent show all through and delighted the patrons.

THE PRINCE EDWARD.—So great was the crowd at the Prince Edward Theatre last night that, shortly before the first show ended, the people were lined up in the corridors of both the balcony and the orchestra waiting for "Intermission." No doubt the great drawing card was that great and much-talked of drama "Under the Black Flag" which was presented on the canvas in three reels. Much was expected of this picture and, judging from the expressions of opinion of those who saw it, all expectations were realized. It was a truly wonderful photo-play and one of the best ever seen in Charlottetown. The picture will be shown again to-night, when any one who desires to see a good picture should attend. This is only one of the many "especially fine" pictures which have been booked by the management. Mr. Shotten instead of getting another singer will put the extra money in securing extra good pictures, a move which no doubt will be greatly appreciated by the "picture-going" public. The other pictures put on last night were also of a high standard. Mr. Cairns sang in fine voice "That Old Girl of Mine."

### OBEDIENT WILLIE

(From the Detroit Free Press.)

Willie was struggling through the story in his reading lesson. "'No,' said the captain," he read. "'it was not a sloop. It was a larger vessel. By the rig I judged her to be a-a-a-a—'"

The word was new to him.

"Barque," suppjtd the teacher.

Still Willie hesitated.

"Barque," supplied the teacher, this time sharply.

Willie looked as though he had not heard aright. Then, with an apprehensive glance around the class, he shouted.

"Bow ow!"

## A RECORD YEAR FOR THE DOMINION

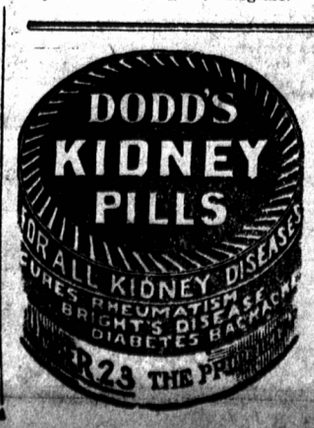
(Canadian Press.)

OTTAWA, April 1.— Yesterday saw the close of the Dominions fiscal year and despite the financial depression Hon. W. T. White, when he brings down his budget speech on Monday, will be able to announce a record year.

The trade figures have not yet been tabulated for the twelve months, but they are estimated to total nearly a billion two hundred million dollars. an advance for the year of some hundred and fifty million dollars.

The total trade for the twelve months, ending February, was $1,-015,833,000 trade for March will likely total some $75,000,000 bringing the grand total up to two hundred millions over the billion mark, easily the highwater mark for Canada. The feature of Canada's trade for the past year has been the enormous increase in exports.

With domestic business somewhat slackened the futures of Canada have apparently successfully turned their attention to foreign trade. The imports for the year have shown a decrease so that there are signs of a disappearance of the unfavorable balance of trade which has been a striking feature of Canada's trade during the years of the Laurier Regime.



WATCH TO EAT BY

Before going to luncheon a Washington business man who habitually carries a three-hundred-dollar watch took a cheap nickel-case timepiece from his desk and put it into his pocket.

"That," he said, "is to time myself while eating. When I am in a big hurry, as I am today, I eat with my watch lying on the table in front of me. It is a busy place—that lunch counter where I feast at noontime. There are plenty of other men there also in a hurry, and who eat with watches laid out in plain sight. In the shuffle there is danger of a mix-up. That happened to me once. A fine watch was picked up by a neighbor when I happened not to be looking. To prevent a repetition of that experience, I keep this two-dollar affair for lunch purposes, so that if anybody does take it, I shan't lose much."
