School Days! IS YOUR BOY'S EYESIGHT NORMAL? Bob's parents knew the tremendous importance of normal eyesight to children. So they had Bob's eyes examined. The slight defect revealed was corrected easily (and in time), by the eyeglasses prescribed. Hence Bob's quick answer — his better report cards. HAVE YOUR CHILD'S EYES EXAMINED! H. J. Pure Milk for the City

Milk is pure only, while contained in the udder of a healthy cow, fed on clean food and pure water. When removed there from it is no purer than the atmosphere it comes in contact with. Milk absorbs Odors and Disease Germs as a sponge absorbs water. Unsatisfactory conditions, unsterilized containers, and unhealthy persons handling milk all cause contamination. Statistics show after contamination causes more disease than unhealthy cows. All this is removed by our system recognized by the highest authorities as the Purest and Best Milk System in existence from a City and has the same value for food as raw milk. Drink Garden City Milk. Save the Child and Build the Nation. The Pure Milk Co., Ltd. Corner Fitzroy and Great George Streets
