STILL DIRTY — Next week delegates from all over Canada will meet in National Convention in this City. What kind of an impression will they carry away from 'The Cradle of Confederation' when they see the South African monument so fitly covered with veridigris? Action in the matter of having this memorial cleaned is long overdue.

ENGAGEMENT ANNOUNCED — The engagement is announced of Edna Braire Ives, daughter of the late Mr. and Mrs. A. C. MacDonald, of Pictou, N. S., and Miami, Florida, and grand daughter of the late Premier Donald Farquharson of Charlottetown, P. E. I., to Mr. Kenneth James Sheraton of Toronto, formerly of St. John, N. COCONUTS — Fresh coconuts are eyeing us invitingly these days. If you resist the appeal because they are difficult to open, here is an easy way to manage: Bore two of the eyes and pour out all the milk from the coconut, then put the nut into the oven until the heat cracks the shell and opening becomes a suture. The meat will not be impaired for use in any way. Paderewski has a most attractive presentation. A magnetic Pole.

Practically EVERYBODY IN CANADA IS IN DANGER OF 'ATHLETE'S FOOT'

NOW SPREADING EVERYWHERE THE ringworm infection called 'Athlete's Foot' is so stealthy in its attack that it can be contracted and spread to others without the victim being aware of the nature of his trouble. Indeed official reports recently stated: 'At least half of all adults suffer from ringworm (of the feet) at some time.' Watch for These Danger Signals: A slight redness, itching blisters between the toes (usually between the smallest ones), a soggy, white condition, or skin cracks, or scaly dryness may all indicate 'Athlete's Foot.' Keep a bottle of Absorbine Jr. in your locker, in the medicine chest at home, and have an extra one ready for your traveling bag. At all drugists, \$1.25. W. F. Young, Inc., Lyman Bldg., Montreal. For years thousands have found Absorbine Jr. unequalled for sore muscles, rheumatic aches and pains, sprains, bruises, burns, cuts and sunburn. Always have a bottle handy.

The Late Mrs. Annie Isabel Tapper

The death occurred at the residence of Miss Metherell, King Street, Charlottetown, at 7:30 p.m. Monday, of Mrs. Annie Isabel Tapper, widow of the late Theodore Walton Tapper, of Halifax. Mrs. Tapper, who was 86 years of age, was a daughter of the late William Aitken of Georgetown. After her husband's death she removed to Georgetown with her family and lived there for many years. Last November she was taken ill and entered the Prince Edward Island Hospital where she was under treatment for about three months. Since then she has been staying at Miss Metherell's where she has been tenderly nursed and cared for by her daughter, Mrs. Jenkins. Mrs. Tapper was a lady of splendid character and was held in the highest esteem by a very wide circle of friends. She leaves to mourn three sons, Albert and Archibald in Boston and Harry in Wenham, Mass., also one daughter, Mrs. W. W. Jenkins, of Georgetown. One sister, Miss Hannah Aitken of Charlottetown, survives. Her three brothers, G. Albert Aitken and Charles Aitken of Georgetown and W. H. Aitken of Charlottetown predeceased her. The body will be taken today at 2 p.m. to St. Paul's Church and after service, which will start at 2 p.m., the funeral will leave by motor car for Georgetown, where burial will take place. Rev. H. D. Raymond, Rector of a St. Paul's Church, will conduct the services.

Flower Pot Mats

Don't cast out your old hot water bag when it springs an unfixable leak. Cut rounds from its rubber sides, that will fit under your flower pots and save window ledges or table tops from staining. These mats will be almost, though not quite, as good as the ones bought for this purpose—the advantage of the latter being that each one has a little rim, perhaps half an inch in depth, which is effective in catching actual overflow water or moisture that seeps through from the flower pot in any quantity.

BOY DROWNED AT ROCKWOOD — COMPANIONS MAKE BRAVE BUT FUTILE EFFORT TO SAVE LIFE

Willie Boutin, 14, son of Mr. and Mrs. Leo Boutin of Rockwood, Maine, lost his life by drowning Sunday afternoon at the West Outlet dam. Young Boutin and two companions, Frederick York and Melvin Smart, 11-year old Rockwood boys, were dipping live bait from the rocks at the dam when Boutin slipped and fell into the water. Despite the brave efforts of his young friends who passed a pole to him, Boutin lost his hold and was carried by the current to deep water where he sank from sight. Help was summoned from the West Outlet sporting camps and Joseph Loneragan, an employee, recovered the body by diving. The child was dead, however, when taken from the water. First aid was rendered but it was without avail. (Joseph Loneragan referred to above is a son of Mr. James Loneragan, of this city.)

I think they are a wonderful remedy, and wish all others who suffered as I did would give them a trial.' Sold at all drug and general stores, or mailed direct on receipt of price by The T.
