### How Would This Look?

Just fancy to yourself a WATCH of this sort. What a convenience and what a pleasure to the wearer.

Well, as a long experienced watch-dealer I am greatly surprised at the trifling cost for such well-made and truly artistic watches as these are.

Waltham watches highly finished and good time keepers.

ANY person desiring to purchase a good second hand lady's or gentleman's bicycle of American manufacture should apply at this office at once. 19 tr

ADVERTISERS are again asked to remember that all "changes" must be in no later than one p. m., each day to insure insertion following morning.

ONE section from each of the companies 1, 2, 4 and 5 of the C. A. now engaged in gun drill in this city, in all 72 men and 8 officers, will take part in gun practice and shifting ordinance competition, commencing at the Island of Orleans Quebec, on Monday, August 19th, and continuing all the week.

SHIPMAN BROTHERS have announced "Pudd'nhead Wilson" for three years and the impression has gone forth that there will be three companies presenting the play on the road next season. This impression is erroneous as only one company will be placed en tour and Wm. S. Gill will play the title role.

WHILE coming down from Fredericton on the Victoria yesterday, Rev. G. A. Sellar, of this city, was taken seriously ill. His condition finally became such that the steamer was obliged to stop at Hampstead and the aid of Dr. MacDonald procured. The physician's services rendered Mr. Sellar much easier, and upon the boat's arrival here, he was driven to his home.—St John Telegraph.

UNION ROAD NOTES.—The crops are looking very promising and some fine fields of clover are to be seen.—The potato bug is very thick this year.—Mr. William Anderson of Nova Scotia is spending a few weeks with her brother Mr. Cryus C. R. Moore, having been called to her home to see her mother who was in very poor health, but who is now improving.—Mrs. William Ross of Bridgetown, Dundas, who was visiting friends in Union Road has returned home.—Mr. Albert Mellish our obliging milk hauler is getting a fine lot of milk.

On Friday last, Stirling Auld, son of David H. Auld, Covehead and Douglas Carr volunteered to procure a bucket of water from Mr. George Auld's well for the use of the school. They went up and Stirling lowered the bucket and had raised it a short distance, when the crank slipped from his hands and struck him in the forehead making an angular cut about 2 1/2 inches long, and into the bone. He walked back to the school and the master left the school in charge of one of the older pupils and took him to his home, where the wound was dressed by the doctor, four stitches being made. During the dressing of the wound the little boy was very patient, and his friends will be pleased to learn he is now better.

SCHOOL EXAMINATIONS.—A very enjoyable time was spent on Thursday last when the trustees and ratepayers of Mayfield School District joined with their teacher Miss Martha Brown in the semi-annual examinations of the school of that place. This school house has a beautiful situation in a gently sloping hill amidst the now richly verdant farms of Mayfield, and what with the neatly decorated interior the number of parents present and the satisfactorily thorough examination the 5th was a genuine success. Apart from the regular school work several recitations and dialogues were rendered in a manner showing considerable tact though some actors are still in tender years. Miss Brown has been engaged for a 3rd term in Mayfield School in recognition of the excellent work done and the cordial relations existing between scholars, parents and teacher.—Com.

### YOU CAN CURE IT.

#### A New Cure For Catarrh In Tablets Form.

The old time treatment for Catarrh was in the form of douches or sprays, later on internal remedies were given with greater success, but being in liquid or powdered form were inconvenient and were open to the same objection to all liquid remedies that is, that they lose whatever medicinal power they have had on exposure to the air.

The tablet is the ideal form in which to administer medication, but until recently no successful catarrh tablets had ever been attempted.

At this writing, however, a most excellent and palatable remedy for catarrh has been placed before the public and sold by druggists, called Stuart's Catarrh Tablets composed of the most recent discoveries in medicines for the cure of catarrh, and results from their use have been highly gratifying.

Stuart's Catarrh Tablets contain principally highly concentrated antiseptics, which kill the catarrh germs in the blood and mucous membranes, and in this respect are strictly scientific and modern, as it has been known for some years past by the ablest physicians that the most successful catarrh treatment was by inhaling or spraying antiseptics.

The use of inhalers, douches and sprays however, is a nuisance and moreover can in no wise compare with the same remedies given in tablet form, either in efficacy or convenience.

A clerk in a prominent insurance office in Pittsburg relates his experience with Stuart's Catarrh Tablets in a few words but to the point. He says: Catarrh has been almost constantly with me for eight years; in this climate it seems impossible to get rid of it. I awoke every morning stuffed up and for the first half hour it was cough, gag, expectorate and sneeze before I could square for my day's work; no appetite, and a foul breath which annoyed me exceedingly.

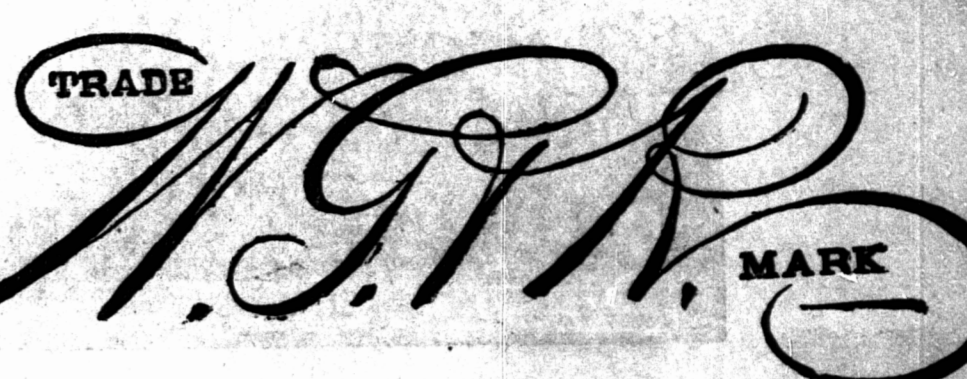

I used Stuart's Catarrh Tablets for two months and found them not only pleasant to take but they did the business, and I can sincerely recommend them to all catarrh sufferers."

Druggist sells Stuart's Catarrh Tablets for two months at 50 cents for full sized package. They can be carried in the vest pocket and used at any time and as often as necessary. Guaranteed free from cocaine, mercury or any mineral poison: absolutely safe.
