THE BATTLE STILL RAGING ALONG WHOLE WESTERN FRONT

British Troops have Captured Important Positions Along Front of Several Miles. Germans Counter-Attacked Fiercely and with Heavy Reinforcements but all Their Efforts to Regain Their Lost Positions Failed. French also Made Good Progress Capturing Many Guns and Prisoners.

(Special to the Guardian.) BRITISH HEADQUARTERS IN FRANCE, April 28.—(Staff Correspondent, Associated Press).—An another attack was launched by the British early this morning. The blow was struck on the front between the Scarpe River and Lens on ground over which some of the most desperate fighting has occurred since the British inaugurated their offensive on Easter Monday.

A BITTER STRUGGLE

The struggle now in progress is very bitter. The Germans, in anticipation of another British effort, have brought up reinforcements. The fresh German divisions have been identified by the British as today's drive. The British faced a well organized trench system protected by wire entanglements and held by strong forces of Germans. Artillery preparation which had been in progress for several days did much damage to the defense work, but there remained many troublesome strong points between Roubaix, just north of Scarpe, and Gavrelle. North of Gavrelle satisfactory progress was made so far as could be judged and early in the day prisoners were being brought back. South of this place the British got on towards Greenaldin Hill taking the trench north of Monchy.

BRITISH OCCUPY TWO POSITIONS

It is reported that the British have occupied the town of Arleux and half of Oppy, but furious German counter-attacks are developing and the situation is one of surging changes. The fiercest imaginable fighting is under way for the wood west of Roubaix. The weather is favorable and airmen are very active.

GERMANS SUFFER HEAVILY.

Northeast of Gavrelle between Gavrelle and Roubaix and north of Monchy Le Preux, gains were made. They were counter-attacked bitterly with large forces and suffered heavily from the British fire, several hundred prisoners were captured.

GERMAN ATTACKS BROKEN UP.

The Germans last night made a determined effort to recapture positions gained by the British near Arleux on

Gobelle in yesterday's drive. The War Office announced that the attacks were broken up.

(Special to the Guardian.) PARIS, April 29.—The official communication issued by the War Office tonight reads: "Artillery action was intermittent over the greater part of the front with a violent outburst between Whitesdalen and Champagne region."

"On the Chemin Des Dames, we made progress in the neighborhood of Ostel and took prisoners, everywhere else the day was calm without infantry actions."

Belgian Communication—"There was an artillery action in the region of Dixmude."

FRENCH CAPTURES SINCE APRIL 16.

On the Verdun front the French raided the German trenches west of Meuse and brought back prisoners from the sector of Hill 204. Since April 16th the French have captured 175 cannon of all calibres, 412 machine guns and 119 trench mortars. The number of prisoners has reached 20,780.

FRENCH TAKE 150 PRISONERS AND REPEL ALL GERMAN ATTACKS.

(Special to the Guardian.) PARIS, April 29.—(2 p.m.)—French troops last night attacked German positions near Courcy, north west of Rheims, the War Office announced. They gained considerable ground, and took 150 prisoners. German attacks in the Champagne failed. In Upper Alsace, the French advanced as far as the second German line at several points, inflicting losses on their adversaries and bringing back prisoners.

BULGARIANS MAKE GAINS BUT ARE DRIVEN OUT.

GERMANY THREATENS TO MAKE REPRISALS

If German Prisoners are Placed on Board Hospital Ships to be Exposed to Submarine Dangers. Britain's Answer is that German Prisoners will be so Carried. France Makes Similar Answer.

(Special to the Guardian.) COPENHAGEN, April 29.—The announcement was made before the Reichstag Main Committee in Berlin yesterday that Germany will adopt the sharpest reprisals if German prisoners are embarked on hospital ships of the Allies and exposed to the danger of torpedoes. The British hospital ship Lafrance, last week, caused the death of fifteen German wounded who were being transported to Eng-

land. The British Admiralty announced that inasmuch as Germans were sinking hospital ships without any regard to international law, distinctive markings of these vessels had been removed and furthermore that virtually all hospital ships had been exposed to submarine attacks. The French government decided that on account of Germany's policy, German prisoners would be embarked on French hospital ships.
