Charlottetown Summer Resorts, Ltd.

Are you going to have a Share in the Developing of another Prince Edward Island Industry that will eventually be of as much importance as Fox Farming is to-day.

With the Boon in Eastern Canada, the great growth now assured for its manufacturing centres and shipping ports, and the approaching improvement of transportation facilities, both by rail and steamer Prince Edward Island may well become the chief summer resting place of North America.

With the changed conditions the development of the tourist and holiday business offers absolutely unlimited possibilities and the natural advantages of this Province to cater to the trade are unsurpassed. The increase of summer tourist traffic will be of benefit to every business interest, and to the farming community making a market at home for the best products of sea and land.

The newly incorporated company, The Charlottetown Summer Resorts, Ltd., have made a start towards a real development of the natural summer attractions of Prince Edward Island.

They have secured a magnificent site in close proximity to Charlottetown, they will have accommodation this summer for at least fifty permanent guests besides a considerable number of transients and they already have assurance that all available accommodation is likely to be occupied.

The holders of common stock are paying for all of the land and taking all of the risk.

Seven per cent preferred stock is offered to the public to help along the enterprise. Every cent received from the sale of seven per cent preferred stock will be spent on the erection of buildings and the improvement of the property. The seven per cent preferred shares are one hundred dollars each. They may be paid for in instalments of \$10.00 per month and each instalment as it is paid will bear interest at the rate of seven per cent per annum payable in October of each year.

Applications for this stock should be mailed at once to R. L. Cotton, Managing Director, or they may be handed to any of the Directors. Use the following form and

Which Arsenate of Lead clings most tightly to the foliage? Do not accept vague statements of "adhesiveness" but test it for yourself in this way— Dry upon glass a few drops of spraying mixture made from Berger's Arsenate of Lead, and do the same with any other Arsenate of Lead spraying mixture. Then brush lightly with a camel hair brush. All other brands of Arsenate of Lead will dust off with ease—but Berger's Arsenate of Lead will adhere very firmly to the glass. When "adhesiveness" is claimed—remember this test. Berger's "Mercury Brand" ARSENATE OF LEAD is death to all leaf-eating insects. Write to-day for free useful Booklet and full particulars of this BRITISH MADE Arsenate of Lead. Protect Your Trees They are Valuable NOW, RIGHT NOW—is the opportune time to commence looking after your orchard, before the insect pest accumulates. Your trees are worthy of careful attention so don't neglect them, give them a chance to do their utmost. It will be dollars in your pocket. The proportion of Arsenate of Lead used to 50 gallons of water is from 1 to 3 lbs. Price per 1 lb. tins each 20c, 5 lb. tins each 70c, 10 lb. tins each \$1.40. This is an insecticide that is harmless to trees, foliage and shrubbery, but is SURE DEATH to all leaf eating insects. Wholesale—R. H. Co.—Retail
