

THE BLESSING OF A HEALTHY BODY

Has Not Had An Hour's Sickness Since Taking "FRUIT-A-TIVES".

MR. MARRIOTT 73 Lees Ave., Ottawa, Ont., August 9th, 1915.

"I think it my duty to tell you what 'Fruit-a-tives' has done for me. Three years ago, I began to feel run-down and tired, and suffered very much from Liver and Kidney Trouble. Having read of 'Fruit-a-tives', I thought I would try them. The result was surprising. During the 3 1/2 years past, I have taken them regularly and would not change for anything. I have not had an hour's sickness since I commenced using 'Fruit-a-tives', and I know now what I haven't known for a good many years—that is, the blessing of a healthy body and clear thinking brain."

—ANNUAL MEETING FIRE DEPARTMENT.—The annual meeting of the Summerside Fire Department was held in their rooms on Wednesday evening last when a lot of important business was disposed of. The committee appointed at a previous meeting to take up matters in connection with the betterment of the department work, made a number of recommendations which were ordered to be placed before the Town Council for their sanction. The resignation of Chief Johnston (referred to in another column) was accepted, the vice Chief was recommended to the council or position of Chief, while F. Farrant of No. 2 Co., was recommended or assistant Chief. L. R. Allen of No. 2 Co., being advanced to the position of Captain of that Company. The officers elected were as follows: Chief, William Matheson; Assistant Chief, F. H. Farrant; Secy. Treas., Geo. Hogg; No. 1 Co., Capt. W. B. McNeill; 1st Lieut. D. McNeill; 2nd Lieut., H. Among the recommendations of the committee was one that the merchants of the Town be asked by the Town Council to form an additional salvage corps from among their clerks in addition to the corps now forming part of the department, also that an electric hammer be attached to the fire bell, A. E. Woodside and John McInnis were elected members of the department attached to No. 1 Co. Provision was also made for horses to haul the hose sleigh to a fire immediately an alarm is rung in. The other matters disposed of were of a minor nature and all carried out will tend to place the department in a more efficient footing than ever.

—FIREMAN RESIGNS.—At the meeting of the Summerside Fire Department held on Wednesday evening Mr. Thos. Johnston, who has occupied the responsible position of Chief of the Department for the past five years tendered his resignation, which was accepted with much regret by the department. Mr. Johnston, who has been connected to his home for the past six weeks with an attack of pleurisy, tendered his resignation upon the advice of his physician and family and in his retirement the town loses a good official. Ex-Chief Johnston has been connected with the department in various capacities for over twenty-five years first entering the service on one of the hand engines, when the steam fire engine was purchased he joined that company and gradually worked his way up until he became head of the company on the organization of the department. After the installation of the water system he became Capt. of No. 1 Company and upon the retirement of Hon. Jas. McNeill from the position of Chief about five years ago became head of the department. During all these years he always took an active interest in all matters pertaining to the safety of the town being always alert to the betterment of the work and his untiring work during the past five years has placed the department in the highest state of efficiency. His courteous manner and ability endeared him to the members of all branches of the department and his retirement will be a distinct loss to this most serviceable branch of the civic department. He is succeeded by the Assistant Chief Mr. W. T. Matheson, while Capt. Farrant of No. 2 Co., has been advanced to the position of assistant Chief. Both these officers have been connected with the department for upwards of twenty years and the citizens can well feel safe in their ability to handle the most serious fire which may occur.

HAPPENINGS OF THE WEEK

(Continued from page four)

H. R. H. the Princess Patricia, visits Orpington Hospital, the Ontario hospital in England, every Tuesday to help in teaching incapacitated Canadians to work.

The Summerside ladies are busily engaged in patriotic work. Several hostesses have entertained during the past few weeks at Afternoon Tea, charging a small fee in order that the funds may grow, while the social side of life is not neglected.

Sir W. W. Sullivan who was slightly indisposed this week has fully recovered his usual health.

Captain Taylor was among the visitors in Ottawa this week stopping at Chateau Laurier.

Mr. Donald Nicholson, M. P., is expected home from Ottawa tonight.

The Afternoon Bridge Club was very pleasantly entertained by Mrs. J. A. Mathieson on Thursday of this week.

A pleasant public social event this week was the Whist and Social given on Wednesday evening in the K. of C. Hall under the auspices of the St. Charles Auxiliary Society. There was an unusually large attendance, an excellent programme and dainty refreshments being served during the evening.

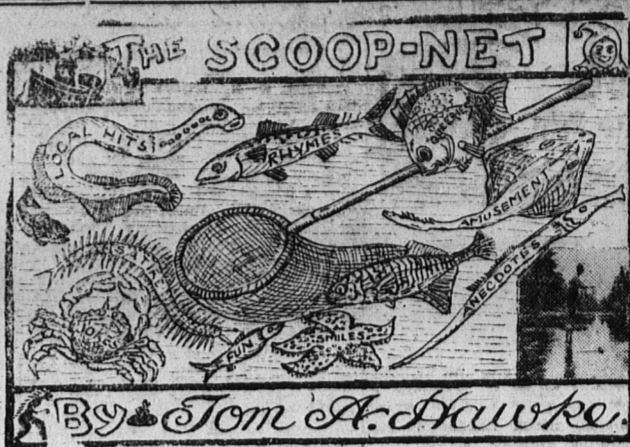

The Philathea Class of the Baptist Church held a most enjoyable tea in Moore & McLeod's store this week receiving a very wide patronage. The tables were very prettily arranged and needless to say the refreshments served were just as dainty and nice as good cooks could make them.

The Zion Church Choir were guests of honor last evening when they were very enjoyably entertained at the Kozey Korner by the trustees of the Church.

The Devonshire Bridge Club had a most enjoyable game this week, Mrs. L. J. Roddin making a pleasing hostess. The prize winners were Miss Burke and Mrs. L. B. McMillan. Rev. W. J. Patton who arrived this week to take up his parish duties in Alberton was tendered a farewell reception in St. Paul's Church, Halifax, before leaving. More than three hundred were present in the hall, including many of the oldest members and friends of the mission, and the tributes to Mr. Patton's work were warm and sincere. The occasion was also taken advantage of for the purpose of making some presentation to the evangelist. Rev. Archdeacon Armitage read a letter from St. Paul's parish expressing in happiest terms the good will of the people and enclosing a check for a hundred dollars. Mr. A. J. Tucker read an illuminated address from the mission and handed Mr. Patton a purse of gold containing ninety-three dollars and fifty cents. A good luck song was then sung by Rev. S. H. Prince with the presentation of the silver shamrock. A very pleasant response was given by the Evangelist to the presentations, after which refreshments were delightfully served by the ladies.

A Teacher's Mistake. A young lady, who was a teacher, entered a car a short time ago and, as soon as she was seated, she spoke to a man sitting opposite. He did not seem to know her yet he politely bowed. She leaned over and said in tones audible through the car: "Oh, pardon me; took you for the father of two of my children." She left the car at the next corner.

O, SLUSH! slush! slush! LESS than a week to St. Valentine's Day. Shop early and avoid the rush.

THE MAN who wants to be on the level should shovel his sidewalk that way.

SINCE that last snowstorm we noticed a great many citizens have accumulated quite a "bank" account.

COME to think of it the Charlottetown sidewalks have caused the downfall of many a struggling citizen trying hard to keep upright.

THE GERMANS killed an American negro the other day. That apparently hasn't added a shade to the dark side of the dark situation.

THOSE HOG-BACK WALKS. The sidewalk which contains a hump, just makes us think someone's a chump.

THE THEORY that teetotalers make the best soldiers may be all right, but when Britain really wanted to make some gains she had to call on her tanks.

WHY is it that the grotesque Valentine seems more popular than the genuine honey-dove variety? Just the ordinary cussedness of human nature, we reckon.

A SAFE GUESS "War will be over in a month." We heard some wise guy say. Yes over in Europe, sure enough—Just where it is today.

Not A Matter for Prayer. In a certain town where two brothers are engaged in a flourishing retail coal business a series of revival meetings were held, and the elder brother of the firm was converted.

For weeks after his conversion the brother who had lately "got religion" endeavored to persuade the other to join the church. One day, when the elder brother was making another effort, he asked: "Why can't you, Richard, join the church as I did?" "It's all right for you to be a member of the church," replied Richard, "but if I join who's going to weigh the coal?"

INDISGUISED SAVAGERY. LONDON, February 7.—In an address in the house of commons, former Premier Asquith described Germany's new naval policy as one of "indisguised savagery." He said it was not worth while discussing the motives which actuated the German government. The novel feature of it was that it was a direct and defiant challenge to the conscience and to the interests of the entire natural world.

"This declaration of war on neutrality," continued Mr. Asquith, "is a challenge which has been taken up with dignity and without delay by the greatest of neutral states. It is not for us to forecast the bearing of this memorable event upon the future of the war. Still less is it fitting for us to tender advice or suggestions to a government which is well able to take care of itself." "We shall hail with acclamation, with a strain of family pride, the stern and resolute determination of the other great English-speaking power to frustrate the enormity of those who have abundantly earned for themselves the title of enemies of the human race."
