THE Rev. J. T. Robertson delivered a most interesting lecture last night in Grace Church. His subject was India and the many strange things in connection with that country were related by him in a most interesting manner. His audience was well pleased.

ON Thursday the steamer Minto picked up the schooner Laura P. Launt outside of Pictou Harbor and towed her inside where she will be laid up for the winter. The Minto brought a large cargo of freight yesterday from Pictou and takes away a heavy freight this morning.

TWENTY-SEVEN days of labor from the day that contractor Parkman began operations on the big new arena rink to the day he put on his skates and enjoyed the first glide over its immense ice area. The rapid construction of the building under the existing conditions has been most gratifying, not only to the owners, but to the waiting public who have watched its progress with intense interest, and now await the general opening on Xmas night. Needless to say, Mr. Parkman enjoyed his spin and did his mile as he does his work in remarkably fast time. Up to this date his record as a "fast fish-her" in his building capacity as well as for the first mill in the big arena has not been broken.

THIS week "The Guardian Man" will deliver six envelopes—total value \$21.05. Number one envelope will contain an order on "My-t-re" M. Trainor & Co. for a fur ruff (unwashed) valued at \$10.00. Be sure and subscribe for The Guardian and have it delivered every day and have it ready when "The Guardian Man" calls. Do not be disappointed.

Reflections—"The fact is simple, the moment a man takes a pipe he becomes a philosopher. It's the poor man's friend; it calms the mind, soothes the temper, and makes a man patient under difficulties. It has made more good men, good husbands, kind masters, indulgent fathers, than any other blessed thing on this universal earth."—"Sun Sisk." **ADVERTISING IS BROAD.**

Advertising in itself means publicity; and publicity is a very broad and comprehensive term. It does not mean simply a word whispered to a favored few. It is, rather, synonymous with a general, broadcast declaration, and the broader the scope of the announcement, the better the advertising. No occupation pays that directs attention along given and desired lines can be reasonably regarded as wasted; nor can any fun be expended to this end be adjudged extravagant. —American Medical Journal
