## Keep Your Home Warm

You can do so with less fuel and less work than with any other if you have a "SUNSHINE" Furnace. It burns coal, coke or wood and gives perfect satisfaction with either. It has the most modern grate, a roomy and extra heavy firepot, and the water pan is placed above the feed door. Every square inch from bottom of Fire-pot to top of dome is a direct radiating surface. Any person can operate it. All prices and all sizes.

### The Season's Best Offering of Women's Coats

The news has been growing more and more stirring with every story that we told during the recent week. To-day we have surely reached the climax for the news is most extraordinary. Express brought us the best lot yet. Your ar welcome to come. Jas. Paton & Co 9-13d tL.

The tendency of the times is to use the best of everything. The remarkable record that INVERNESS COAL

is making with the Pu is shown by what the people say: "Positively no SOOT on stove covers or bottoms of pots." "Less ashes to take up than from any other coal on the market [except Anthracite]."

"Three good qualities." Free from Clinkers, less Ashes, and no Soot.

Ask your coal dealer for a trial load.

—Students at the Union Commercial College are making rapid progress in both departments, Gregg shorthand is a great favorite, students take dictation from first lesson. All the new students are taking "touch typewriting" and doing excellent work. This is the only up-to-date method of teaching typewriting and is taught in all modern Business Colleges. Students who are taught in this way make much better operators than those who learn by "sight method." The good work done by former graduates is certainly a great advertisement for this school. 9-151dwl.
