# CARD!

*Gentlemen Electors of the City of Charlottetown:*

In compliance wishes of a large number of Citizens, I offer myself a candidate for the office of Mayor at the forthcoming election, and promise if elected, to act impartially in all matters before the Council.

I shall endeavor to guard the interests of the Citizens in the expenditure of all public money. The sewerage question, so far as I am concerned, shall remain in abeyance until decided by a vote at some future time.

Having served the City as Councilor for Ward Five under Mayors Dawson, Hooper, Beer and Haviland, during the small-pox siege, the introduction of electric lights, the construction of water works and the erection of the new City Hall, I claim some some some little experience in civic matters, and trust that my past record in connection with all questions of civic reform will warrant my expectation of being returned by a handsome majority.

## The Civic Contest.

We regard the election of Councillor Crabbe as of special importance—of more importance in fact than of probably any other man in the field. It is well known that through the independence and public spirit of many leading Conservative citizens—among whom Coun Crabbe was chief—uniting with Liberals, the citizens of Charlottetown were enabled to secure equal representation in the City Council. Because of the part which Coun. Crabbe took in this matter, and also for his determined stand against the liquor traffic, he has made many enemies among the liquor men who are now working to defeat him. The temperance people on the other hand cannot but feel that he should be supported. Especially do the Conservative citizens who assisted him in his work, feel in this way. They think, and so do the majority of Liberals, that his presence in the council at this time is especially important. If therefore the Liberal electors of Ward F[illegible] turn their backs on him now simply for party reasons, forgetting his past services, his sacrifices and his claim on their confidence and support, there may be a break in the temperance ranks which would mean disaster to the cause of temperance and the Scott Act. There should be no weakening in the temperance ranks at this time but unity and sympathy should be strengthened. There is no doubt the anti-temperance men are hoping to see a split in the temperance party in Ward Four. And for these reasons we cannot but feel that Coun. Crabbe should be elected. We have spoken to a number of Liberals who all expressed themselves to the same effect. There is no truth, whatever, in the insinuations which have been made against Coun. Crabbe. Politics have not been introduced by him into the Council. Some of our Liberal friends are inclined to be unduly suspicious. We were surprised, however, to see the Patriot writing in that vein. It says, too, that the gentlemen whose names it has heard mentioned in connection with Ward 4 are men in whose hands the interests of temperance would be perfectly safe and there is no reason why they should not receive the support of temperance electors. This may be perfectly true. One at least of the gentlemen we have heard mentioned would be a valuable acquisition to the Council in any capacity. But temperance men throughout the whole city are exceedingly anxious to secure the services of Coun. Crabbe and we think due deference should be paid to this desire, instead of making a special onslaught on political grounds in Ward Four, which has had two faithful representatives in Messrs. Crabbe and Beer.

## No Mercy in Monopoly.

A despatch in Saturday's GUARDIAN stated that twenty-five Pennsylvania mines had been close "owing to overproduction." That is the reason alleged by the coal-kings. This theory of "over-production" is the nightmare of the amateur economists. Over-production in coal with Dakota farmers burning their corn for fuel, and thousands shivering and hundreds freezing to death in the large cities of the Dominion and the Republic!

The truth is that a few "barons" who have monopolized coal fields, designed for the use of 80,000,000 people, have deliberately thrown thousands of men out of work for two foul reasons, to make labor cheap and coal dear.

Nova Scotia has lately leased her best coal fields to the Whitney Syndicate for a hundred years, and similar scenes will soon be enacted there. Perhaps the people of the twentieth century will say, as Jefferson said: "The earth belongs in usufruct to the living; the dead have no right over it." Then they may repudiate the claims of the Whitney syndicate. Who can tell?

## A Demagogue's Defeat.

The defeat of "Jimmy" McShane in the Montreal mayoralty election is a triumph of democracy over demagogism The 'People's Jimmy" was the title he successfully assumed. He was one of the most systematic and accomplished demagogues in modern politics. Doubtless he was also a democrat at heart. More's the pity that good and evil commingle thus in this confused old world But Mayor-elect Villeneuve will doubt less prove that no man need be an arrant demagogue to retain his popularity. As for "Jimmy" he may now be spoken of in the past tense. His "fame" will be forgotten soon. Only the memory of the awful magisterial air which gradually relaxed into beaming sympathy as he doled out his dollars in charity at the City Hall—only this memory will remain for a time in the hearts of the mendicants of the metropolis. But the poor need justice not charity.

**Safe, Sure, and Painless.**

What a world of meaning this statement embodies. Just what you are looking for, is it not? Putman's Painless Corn Extractor—the great sure pop corn cure—acts in this way. It makes no sore spots: safe acts speedily and with certainty sure and mildly without inflaming the parts; painlessly. Do not be imposed by imitations or substitutes.

*Rev. Mr. Williams Heartily Endorses Hood's Sarsaparilla.*

We are pleased to present this from Rev. A. A. Williams, of the Sillsbee street Christian Church, Lynn, Mass.:

"I see no reason why a clergyman, more than a layman, who knows whereof he speaks, should hesitate to approve an

**Article of Merit**

and worth, from which he or his family have been signally benefited, and whose commendation may serve to extend those benefits to others by increasing their confidence. My wife has for many years been a sufferer from severe

**Nervous Headache**

for which she found little help. She has tried many things that promised well but performed little. Last fall a friend gave her a bottle of Hood's Sarsaparilla. It seems surprising what simply one bottle could and did do for her. The attacks of headache decreased in number and were less violent in their intensity, while her general health has been improved. Her appetite has also been better. From our experience with

**Hood's Sarsaparilla**

I have no hesitation in endorsing its merits."

## Church News

(Continued From First Page)

Mr. Robert Davies, of Mena Bridge, has forwarded to Mr. Henry Roberts Mold, a cheque for £1,300, to clear the debt upon the newly erected English Presbyterian church in that town. This is only one of the many similar munificent gifts made by Mr. Davies to English Presbyterian churches in North Wales during the past two or three years, he having in this manner distributed several thousands of pounds recently.

On Christmas Day, the Rev. E. Gillis, of Murray Harbor South, was the recipient of a beautiful fur over-coat from the Little Sands section of his congregation, as a Christmas present. As Mr. Gillis had no previous intimation of this, it was a genuine surprise, for which he feels grateful.

METHODIST.

Mr Thomas Owen, M P, speaking recently at a public meeting at Stratton in connection with the United Methodist Free Church, said he considered the separation of Methodist Churches on questions of church organisation and authority for conscience' sake might have resulted in good, but it had lasted long enough, and the divisions should as soon as possible be healed by amalgamation. He instanced the advantages of Methodist union in Canada, and referred to the Ecumenical Council in America as pointing to union at home. He admitted that it was a big question, but they should attempt its solution, and he believed there was every prospect of eventual success.

The true missionary spirit was displayed by a brilliant Oxford student who was giving himself to the Wesleyan Missionary Society for African service. His tutor remonstrated. "You are going out to die in a year or two. It is madness." The young fellow (who did die after being on the field only a year) answered: "I think it is with the African missions as with the building of a big bridge. You know how many stones have to be buried in the earth, all unseen, to be a foundation for the bridge. If Christ wants me to be one of the unseen stones lying in an African grave, I am content; certain as I am that the final result will be a Christian Africa."

During the twenty-six years on Dr A J Kynett's administration as Secretary of the Methodist church Extension Board, $5,000,000 has been collected and expended in the building of 9,000 churches in all parts of the United States. A loan fund, also, of $800,000 has been gathered, and it is loaned to 1,500 churches.

Rev. Hugh Price Hughes met with an enthusiastic reception at the recent West End Anniversary. In the course of a brilliant speech he said: "We want to save society—now—here—that's our business." They had in a nutshell realised the reunion of Christendom; for all European Churches were represented in the Mission. They lived in perfect peace and harmony, having adjourned the discussion of their differences till they got to heaven.

English Methodists are most attractive singers. When Metropolitan Church is filled with nearly two thousand voices, uniting in the strains of, "Jesus, Lover of my Soul," or some equally familiar hymn, the effect is most thrilling and impressive.

We regret to be informed of the continued serious illness of the Rev. Dr. Douglass, Principal of the Wesleyan Theological College of Montreal. Dr. Douglas' illness has called forth many expressions of sympathy from every class and creed in Canada.
