

WINNERS . . .

THE Schooner "Bluenose," undisputed champion in international schooner racing, "Queen of the North Atlantic Fishing Fleet," leads all others in her class of sailing craft.

MORSE'S BLUENOSE TEA is also a winner—a winner of public favor. At 25 cents per half pound package it has outstanding value. It is the great economy tea.

Scout News and Notices

Dear Brother Scouts.—How much liking are you doing these days! This is perhaps the most enjoyable part of the year for that purpose. There is a lot to see and a lot to learn in our woods and fields. Remember that Scouting is an end of door activity.

The 1st Summerside troop is putting on a pantry sale, in order to build up their troop funds. Scouts Eric Corbett and Bruce McKendrick of 1st. Alberton Troop have completed their First Class Hike.

We are sorry to hear that Mr. Henry McLean, Asst. S. M. 1st Alberton Troop, has been obliged to retire from Scouting, for a time, owing to ill-health. Mr. McLean, is one of our keenest Scouters, and has rendered invaluable service. We hope to see him back in the game very soon.

A number of Scouts assisted the Telephone Company in collecting returns from the polling booths on election day.

The Patrol Leader's conference will be held in Charlottetown on the 4th November and in Summerside on a later date. Come prepared to talk about the things you are interested in. We want new ideas.

The 5th Charlottetown, Cubs (Zion) have a membership of twenty-four. Wallace Higgins, Allison Rodd and Ben Williams will be going up to the Scouts very soon. Ernest Val is to be invested at next meeting. Bill Thompson, who was eight years old last June, has already won his 2nd star. This seems to be a record. The pack is planning for a visit to the Protestant Orphanage.

On the last night of meeting Miss Marjory Hicks paid the back a visit and entertained them very delightfully by telling stories.

Mrs. R. C. Parent (Cub Master) and Miss Jean Ross (Asst. C. M.) intend taking the Cub Leaders Course under Dominion Field Commissioner Greenaway.

The 8th Charlottetown Troop (Trinity). Have arranged to invest their patrol leaders at next meeting.

ST. ANN'S LOT 65 C. W. L. MEETING.—The regular monthly meeting of sub-division of St. Ann's Lot 65 was held on Sunday afternoon, Oct 6th, the attendance not being very large. The meeting, which was opened in the usual way, was presided over by the President, Mrs. J. J. Murray. The minutes of the previous meeting were read and adopted. The Treasurer's report being heard Mrs. Murray submitted in detail the procedure of the Diocesan Convention, held in Georgetown. The report which was very interesting and instructive, was very much appreciated by all present. An appeal for the archdiocese of Regina was read and after some discussion all voted in favor of paying their quota share to the fund. Correspondence was read from Mrs. Coffey, National President of the meeting was then adjourned.

Mrs. George Inman, Miss Mildred Selzer, Miss Thelma Beaton of Bonshaw, were visitors to the city yesterday.

INTRODUCED TODAY

THE NEW FORD V-8 FOR 1936

Why do we say The New Ford V-8 for 1936?

What is new about it? Of course, the newest engine in the low-price car field is still the V-8 engine. Since Ford made it available to all car users (keeping it as economical as cars with fewer cylinders) the Ford V-8 has been the newest engine on the market, and remains the newest for 1936.

You may buy a car on minor "talking points"—some specially advertised feature "with the car thrown in"—but after all, it is the engine you buy when you buy a car. Hence we put the engine first.

Other new points about the car make a long list.

Its lines are much more beautiful. The hood is longer and sweeps forward over the distinctive new radiator grille, giving the car a length

and grace that are instantly impressive. The fenders are larger, with a wide flare. Horns are concealed behind circular grilles beneath the headlamps. New steel wheels.

Ford upholstery — always of sterling quality and excellent taste — is rich and enduring. The appointments of the car have a new touch of refinement. There is no question about the increased beauty of the Ford V-8 for 1936.

In more practical matters, many improvements have been made — Steering is made easier by a new steering gear ratio. The cooling system circulates 4 1/2 gallons of water through a new, larger radiator. Natural thermo-siphon action is assisted by two centrifugal water pumps. New louvres permit a rapid air-flow around the engine.

Easier, quieter shifting of Ford

gears — The gear shift lever now travels a shorter distance.

The two qualities you want in brakes — Brakes that stop the car with ease and certainty. Ford Super-Safety Brakes of the long-tested, fool-proof, mechanical design.

Safety — as always — in the electrically welded genuine steel body. Safety Glass all around at no extra cost. Hundreds have written grateful letters because this glass has protected the safety of their families.

A car you can drive without strain all day, if you like, in city or country. Steady, holds the road, responds to the driver's touch like a well-trained horse. You don't have to "push" or "fight" the Ford V-8 — driver and car easily get on terms of good understanding with each other.

An engine has much to do with the roominess of a car. Very much

indeed. A long engine uses up car space. The compact V-8 engine permits much of the ordinary engine space to be used by passengers.

It really is a great car in every way, this 1936 Ford V-8 — the finest, safest, most dependable Ford car ever built. Get details at nearest Ford dealer.
