Edgar S. Jennings and 12 prison
guards, held for more than two hours
today as hostages by a score of long
term convicts rioting in Auburn State
Prison, were snatched from the hands
of the mutineers by a picked squad
of State Troopers. One convict was
reported killed during the attack.
Robbed of their last means of pur-
chasing safe conduct from the pris-

EXCELLENT ADDRESS ON SCOUT WORK

J. A. Stiles, Assistant
Chief Commissioner
of Boy Scouts Assn.
For Canada Heard
In City Hall Last
Evening.

The work of the Boy Scout move-
ment is to help boys choose profes-
sions that suit their talents, to over-
come the growing tendency of seek-
ing comfort and luxury instead of
"roughing it," to teach boys posi-
tively, rather than negatively, by
means of games and to give instruc-
tion in woodcraft and handicraft.
This is a summary of the explana-
tion of the object of the scouting
movement offered by Mr. John A.
Stiles, Assistant Chief Commissioner
for the Boy Scouts Association in
Canada in an interesting address at
a meeting of local scoutmasters and
interested parties in the City Hall
last evening. Accompanying Mr. Stiles
in his tour of the Maritime Provin-
ces is Mr. W. L. Currier of the
National Office, Ottawa, who with
Mr. Stiles will visit Summerside and
Kensington before leaving the provin-
ce Tuesday morning. Mr. Stiles and
Mr. Currier have recently delivered
addresses in Halifax and intend ad-
dressing meetings in Moncton, St.
John, Fredericton before returning
to Ottawa.

After the introduction by Mr. G.
Phillips, Mr. Stiles told of some very
interesting experiences at the Jambo-
ree last summer, at which 73 dif-
ferent countries were represented by

Toronto Says Farewell To Brig. Gen. Bell

(Special to the Guardian)
TORONTO, Ont., 11.—Members of
the Canadian Military Institute last
night said farewell to Brig. Gen. A.
H. Bell, Commander of Military
District Number 2, who leaves on
January 1 to become Adjutant Gen-
eral at Ottawa with the rank of
Major General. Brig. Gen. J. T.
Langton speaking on behalf of Mayor
McBride and the City of Toronto
wished the departing officer warm
farewell. General Draper expressed
the view that Toronto was more in-
tensely British than any other city
in Canada and that his sojourn here
had been an excellent training for his
new post.

No Increase For The French Poilu

(Associated Press)
PARIS, Dec. 11.—An opposition
motion in the Chamber of Deputies
today increasing the pay for the
French peace-time Poilu from the
present 25 centimes or one cent a
day to 50 centimes a day, was de-
feated this afternoon 308 to 278. Pre-
mier Tardieu said that the measure
would entail an additional war bud-
get expenditure of 120,000,000 francs or
\$4,800,000 and made the question one
of confidence. The Chamber support-
ed him.

NEW YORK, Dec. 11.—Wally

ed today by the St. Louis Browns

"Never Mind, Santa's Coming"

Many More Santa-Pals Necessary To Give Needy Children A Merry Xmas

Again the plea is made for more
Santa-Pals. The list of needy chil-
dren is growing larger from day to
day, far exceeding the present list of
Santa-Pals. However, the response
is by no means discouraging, and it
is hoped that, as Christmas Day ap-
proaches, part of the increasing
Christmas spirit will materialize into
a large number of Christmas help-
ers. At Christmas-time the helping
of needy children, who under ordi-
nary circumstances would have no
Santa Claus, should become a part
of the constructive work in religion.
It would be well to remember that
religious faith, no matter how great,
is considered of no effect unless it
finds an outlet in constructive
Christian work. Santa-Pal work
should be an individual effort on
the part of every lover of Christmas

Another Defeat Diphtheria At Ottawa

(Canadian Press)
LONDON, Dec. 11.—The Govern-
ment suffered another defeat in the
House of Lords tonight when their
Lordships by a vote of 46 to 13 re-
corded their condemnation of the
Labor Government's policy in Egypt.
The vote came after an appeal by
Lord Thompson, Minister for Air,
that nothing should be done to com-
plicate a delicate situation. The
House of Lords would have further
opportunity to hear the Govern-
ment's proposals before they be-
came part of a ratified treaty, he
pointed out. The motion was moved
by Lord Salisbury, leader of the Con-
servatives in the House of Lords. It
regretted the precipitancy with
which the Government launched the
Egyptian policy, which entails
risk to the security of Imperial com-
munication.

merce Is Planned—
R. L. Cotton On Com-
mittee.

(Canadian Press)
MONTREAL, Que., Dec. 11.—A
provisional itinerary for a business
men's trip to the orient next year
under the auspices of the Canadian
Chamber of Commerce was issued
today by Dr. John W. Ross, chair-
man of the Executive Committee of
the Chamber. The party will leave
Vancouver on October 16th, 1930
and will return to Canada on De-
cember 13th. Dr. Ross stated the
Chamber was collaborating with the
Canadian Legation in Tokyo, the
Canadian Government Trade Com-
missioner in Shanghai and the Jap-
anese Legation at Ottawa in work-
ing out the plans for the trip. It
was in no sense to be regarded as a
holiday jaunt, he said. The trip was
planned for the purpose of increas-
ing the sale of Canadian goods in
China and Japan. This trade was
expanding daily and it was hoped
to accelerate the progress consider-
ably. H. R. MacMillan, Vancouver,
Chairman of the Foreign Trade
Committee; R. J. Hutchings, Cal-
gary; Ira Bowman, Regina; James
Stewart, Winnipeg; Thomas Brad-
shaw, Toronto; C. E. Neill, Montreal;
William N. Birks, Montreal; J. D.
Palmer, Fredericton, N. B.; Hon. W.
A. Black, Halifax; and R. L. Cotton,
Charlottetown, P. E. I., members of
the committee were arranging de-
tails of the trip, Mr. Ross stated.

Mexican President Gives Apt Reply To U. S. Reporters

NEW YORK, Dec. 11.—When
President-elect Pascual Ortiz
Rubio of Mexico came to New
York today he was greeted by
reporters, one of whom asked
during the interview: "Have you
control of your banditry?" The
reply of Senor Rubio was not
long in coming, but its sting was
softened by a smile. "Do you
control yours in Chicago for ex-
ample?" He answered question
with question, and added, "Mex-
ico is one of the safest parts of
the world, even in its isolated
districts." Senor Rubio disclaim-
ed intention to seek a loan for
his country in the United States,
but said he did wish to come to
a good understanding.

Tax Reductions

(Special to the Guardian)
BRUSSELS, Belgium, Dec. 11.—
Premier Jaspar in the course of a
ministerial statement before the
Chamber today referred to new tax
reductions totalling \$50,000,000; to
the execution of a past program of
public works and the development of
Belgian aviation. In the matter of
foreign policy, the Premier said that
he hoped that the forthcoming
Hague reparations conference would
definitely settle the reparations prob-
lem. He said that Parliament will
be called upon to discuss the arbitra-
tions and amity treaty with the Uni-
ted States and the revision of the
treaty of 1839 with Holland.

by Flying Officers W. H. Emery, and
E. G. Forster, left here this morning
on a 200 mile flight to Lake Hanuan,
and returned after rescuing Bern-
ard from the bleak fastness of that
region. Bernard was missing from
October 16 to November 8, when his
mechanic Leading Aircraftman J. A.

with the news of his safety.

Work on New C. N. R. Hotel Progressing

Interviewed yesterday by The
Guardian with regard to the work
of construction of the new C. N. R.
Hotel, Mr. H. J. Crudge, Chief En-
gineer from Moncton, who is at the
hotel site inspecting the work, said
"Progress is very favourable, with
everything lined up according to
schedule. We hope to have the erec-
tion of the steel frame started with-
in the next month. Plans are being
rushed with the idea of keeping the
work going steadily to completion."
At present the space for the boiler
room is being excavated, to the depth
of twenty feet, which is nine feet
below the level of the remaining part
of the excavation. The latter portion
of the basement will be used for ser-
vice departments, refrigerators, stor-
age rooms, and servant's quarters.

The Pathe Studio Fire

(Special to the Guardian)
NEW YORK, Dec. 11.—A combina-
tion of circumstances, seemingly
trivial when separated, emerged to-
day as the background of the Pathe
Movie Studio fire. Four of the ten
who were crushed and burned to
death in the wild scramble toward
the exits were chorus girls, young
dancers from Broadway musical
shows who were seeking extra
Christmas money in a gay sound pic-
ture of night club life.
A tiny mishap, probably the split-
ting out by an arc light of a chip of
incandescent carbon proved to be the
difference between life and death
between a day's work at the studio
and New York's worst fire disaster
of recent years.
