"ACCIDENTS WILL HAPPEN

Is an old saying but it is just as true today as ever, and probably more so, as transportation is so much more rapid and time more valuable.

In the Best of Regulated Families"

All possible precaution is taken to have the health good, but even that will not prevent an accident and it is when such occurs that a policy in a good company such as we represent is valuable. We issue our policies and pay our claims right here.

Unnecessary Expense

Acute attacks of colic, diarrhoea and dysentery come on without warning and prompt relief must be obtained. There is no necessity of incurring the expense of a physician's service in such cases if Chamberlain's Colic, Cholera and Diarrhoea Remedy is at hand. A dose of this remedy will relieve the patient before a doctor could arrive. It has never been known to fail, even in the most severe and dangerous cases and no family should be without it. For sale by al druggists.

MENELIK AGREES TO THE OPEN DOOR

ROME, Aug. 16.—Abyssinian dispatches received here say that King Menelik has signed the Franco-Italian-British convention relative to railways to be constructed there, and that the convention will be communicated to the Parliaments of the interested states as soon as they meet.

The main features of the treaty constitute a guarantee of the integrity of the Abyssinian Empire, the open door, and commercial equality for all countries, and the continuation by the French of the construction of the railway connecting Addis Adeba, the capital of Abyssinia, with the coast, Great Britain and Italy, naming representatives on the railway derectorate.

U.S AND BRITISH GUNNERS TO MEET

NEW YORK, Aug 14.—A special cable to the Sun, from London, says: There is great interest in naval circles in the suggestion of Rear Admiral Bradford, of the United States Navy, for a gunnery competition between picked teams from British and American battleships. In the British Navy there is a tendency to discredit somewhat the records of the good shooting of the United States Navy. It is not denied that there are many good marksmen across the Atlantic, but it is pointed out that the American service target is considerably larger than the British, while the Americans do not carry their shooting on the lines of British battle practice, regardless of wea her and under such conditions as would prevail in war. Running target practice in the American navy is carried on often in smooth water, rendering it much easier to score a large percentage of hits. Concerning the selection of a representative British gunnery team, the Royal Marine Artillery heads the record as having the best heavy gunners in the fleet.

In Great Demand.

The demand for Chamberlain's Colic, Cholera and Diarrhoea Remedy here has been so great that I have scarcely been able to keep it in stock. It has cured cases of dysentery here when all other remedies failed.—FRANK JONES, Pikeville, Ind. This remedy is for sale by all druggists.
