IN MEMORIAM

MR. CHARLES WEATHERBIE

THE BREAD BASKET OF THE WORLD.—Another dandy picture and calendar, also given free for new or renewal subscriptions to the Guardian.

At Village Green, Sunday, Oct. 24, 1926, at a ripe but never bitter old age. Mr. Charles Weatherbie goes over the Great Divide in his 90th year. For a great part of a century he had been a prominent citizen of the place—one of its pioneers. During his long span of years his life had been an exemplary one, sober, industrious, his manner gentle, and obliging, he could never say "no" when anyone needed a helping hand. He was a gentleman of the old school. The community respected him and God favored him with health and length of days. He was scarcely touched by sickness. Deceased had been in failing health (due to heart failure) for six months or more, but with patience and fortitude he bore his illness to the end, and with a smile he sleeps his last sleep. Charlie, as he was called, was born at Birch Hill. He was the eldest son of the late Mr. and Mrs. Timothy Weatherbie, Village Green. Charlie will be greatly missed not only by his bereaved family, but by his many friends and relatives. His pleasant manner and personality made him a welcome visitor wherever he went. He was well and favorably known throughout the community. The deceased leaves a sorrowing widow and two sons, Roy, a veteran of the world war, and Seymour, on the homestead; also eight sisters and two brothers.

POTATOES AND CHRISTMAS TREES.—The Moncton Transcript says—Wheat is beginning to play a serious part in the railway traffic over the Atlantic Region and this morning several trains arrived in the city from the north with many carloads consigned to Saint John and Halifax, the latter city getting its first important shipments yesterday, while the former has been getting it for some time past. An encouraging feature of the movement, it is pointed out, is the fact that ships are asking for part cargoes of the commodity at the present time. A few weeks ago a large quantity was held in storage in the elevators at Saint John held in readiness for the requirements but little was actually being sent out from the port. Potatoes from Prince Edward Island are still providing their share of the revenue although the peak of the movement is passed and with the coming of colder weather difficulties in heating cars will have a tendency to still further reduce the export. But potatoes with Christmas trees seem destined to set records this year. On one day alone within the last week the latter made up seventy-five carloads, moved through the Moncton yard, thirty-five cars of this being in a single train. Most of the consignments came from Nova Scotia and were destined to the United States being sent through Rouses' Point.

FORMER NURSE MARRIED IN QUINCY.—Against a brilliant background of vivid fall flowers, Miss Mary Schurman Haslam, and Mr. Frank Kelly of New York, by the Rev. Howard Key Barlow in Christ Episcopal Church, on Saturday evening the 25th September at 7 o'clock. The bride who was given away by her half brother, Richard A. Elliott of Medford, Mass., formerly of Elliott's Mills, P. E. I., wore a gown of soft white satin and a filmy lace veil caught with beautiful bouquets of roses and lilac blossoms, she carried a nosegay of white flowers. Miss Beatrice Giles of Wollaston, Mass., the maid of honor, was frocked in pink crepe and carried a bouquet of pink roses. The best man was Dr. J. Leonard Gall of Dedham, Mass. After the ceremony a reception was held in the parish house, which was also decorated with autumn flowers. During the reception, the friends of the bride were introduced to the friends of the groom, afterwards an At Home was held at the home of Mr. and Mrs. Charles Hitchcock of Wollaston friends of the bride. The happy couple left by the midnight train for Montreal and other parts of Canada on their honeymoon. They will make their home in Mamaroneck, Long Island. The bride is the youngest daughter of the late Louise L. Haslam of Springfield, P. E. I., who has been a strict nurse in the city of Quincy for several years, during the last two years has been connected as a social service worker with Cheney Bros., the large silk industry in Connecticut. Dr. Kelly is the son of Mrs. Eliza Pedley, formerly of Montreal, he is now an instructor in Columbia University. Many beautiful gifts were received by the bride, including a rope of pearls from the groom, also cut glass, linen, silver, and several substantial cheques.

Those old enemies, gas, acidity, pain and discomfort are soon knocked for a fare-thee-well by Selge's Syrup. Any drug store.

The funeral was held on Tuesday from his late residence to Town cemetery and notwithstanding the bad roads a large concourse of people assembled to pay their last respects to a worthy patriot and estimable citizen. The services were conducted by his pastor, Rev. J. McDougall, assisted by Rev. F. H. Littlejohn, who in an expressive manner spoke words of cheer and comfort to the bereaved. The pallbearers were: Messrs. T. Mulow, J. Bourke, J. Acorn, P. Duffy, P. Jackman and A. D. Brehaut.
